Town Clerk's Report

CONDENSED REPORT OF TOWN MEETINGS OF THE TOWN OF WEST BRIDGEWATER DURING THE YEAR 1930

ANNUAL MEETING, MARCH 3, 1930

Business Meeting

Pursuant to the vote of the Town, the annual business meeting was held on Monday night, March 3, 1930, at 7.30 o'clock p. m. The Moderator, Howard B. Wilbur, presiding.

Chose James A. Hemenway, Albert A. Howard, Edwin H. Thayer, Chester R. Ripley and Charles T. Cunningham, Measurers of Wood and Bark and Surveyors of Lumber.

Chose George F. Ryder, Albert A. Howard, Francis J. Fay, Fence Viewers.

Chose Charles E. Kinney and Curtis W. Washburn, Field Drivers.

Bert L. Carter, Ralph S. Frellick, Emmons C. Porter, John M. Rickards and Alfred T. Wells were chosen as members of the Finance Committee for three (3) years and George N. Davis and John Olson were appointed for two years to fill vacancy caused by the resignation of Nathaniel G. Shaw and Charles E. Briggs.

The report of the Finance Committee which was read by the Secretary, Arthur E. Ryder, was accepted as read and it was also voted that further action under article 2 be postponed for one week.

Article 3. Voted—That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1st, 1930, and to issue a note or notes therefor, payable within one year; and any debt or debts incurred under this vote to be paid from the revenue of said financial year.

#682

Article 5. Voted—To raise and appropriate \$3,000.00 for the construction of a permanent road on Manley Street from Walnut Street to the Brockton line, provided the State will pay \$3,000.00 and the County \$3,000.00 toward the construction of the same.

Article 6. Voted—To raise and appropriate the sum of \$1,500.00 for the completion of the permanent road on East Street, providing the State will pay \$3,000.00 and the County \$1,500.00 toward the construction of the same.

Article 10. Voted—To raise and appropriate the sum of \$1,000.00 for a car load of calcium chloride.

Article 11. \$1,000.00 was raised and appropriate for a black top sidewalk on the north side of West Centre Street, beginning at Howard Street and going westward as far as

the appropriation will go, and that the same be put out to bids.

Article 12. Voted—To raise and appropriate the sum of \$2,000.00 for the continuation of the sidewalk on North Elm Street and that a black top walk be constructed.

Acting under articles 14, 15, 16, 17, 18, 19, 20, 21, 22, 23 and 24 it was voted to install twenty-four (24) street lights and \$432.00 was raised and appropriated to pay for same.

Article 25. It was voted to postpone action on this article until the adjourned meeting on Monday night, March 10.

Article 26. Voted—To postpone action until the adjourned meeting, March 10, and that the sum of \$15.00 be raised and appropriated for the purpose of stencils and supplies to mimeograph the by-laws as submitted by the committee, for distribution at the adjourned meeting.

Article 27. Voted—To leave the matter of letting the Town Hall in the hands of the Selectmen.

Article 28. Voted—To leave the matter of renting the Town Hall for the purpose of playing basketball, in the hands of the Selectmen.

Article 29. Voted—To raise and appropriate \$100.00 for the use of the Plymouth County Trustees for County Aid to Agriculture; Mrs. George W. Alger was chosen as town Director as provided in the General Laws.

Article 30. Voted—To allow the Parent-Teacher Association the use of the Town Hall free of charge for the purpose of holding one meeting a month for a period of at least one year.

Article 31. Voted to appropriate \$8,700.00 from Water Revenue for the maintenance of the Water Department.

Article 34. Voted—To appropriate the sum of \$7,494.00 from Water Revenue for the payment of Water Bonds and interests due in 1930.

Article 35. Voted—To raise and appropriate \$300.00

for the maintenance of Visiting Nurse service in West Bridgewater.

Article 36. Voted—To raise and appropriate \$1,600.00 for the purpose of applying two coats of tarvia gravel road treatment on South Street.

Article 38. Voted—To accept the provisions of Section 48 of Chapter 31 of the General Laws, placing the Police force under Civil Service.

Article 39. Voted—To accept the provisions of Section 49 of Chapter 31 of the General Laws placing the Chief of Police under Civil Service.

Article 40—Voted—To appropriate \$279.04 from the Surplus Revenue to meet unpaid bills of 1929, viz: Soldiers' Burial \$200.00; Highways \$30.00; Collector and Treasurer \$49.04.

ADJOURNED MEETING

In accordance with the provisions of the Town By-laws, the adjourned meeting for the election of officers was held on Monday, March 10, 1930, at 9 o'clock A. M., and was called to order by the Moderator, Howard B. Wilbur, and the following is a record of the doings of said meeting:

The balloting for Town Officers resulted as follows:

Whole number of ballots cast, one hundred thirty-two, 132.

Number of men voting, ninety-seven, 97.

Number of women voting, thirty-five, 35.

While the ballots were being counted it was voted to take up article 25 and under the article it was voted—That the Selectmen sell to the Baptist Church the parcel of land de-

scribed in article 25 of the Warrant, upon the condition that the Selectmen can obtain a satisfactory price therefor; and that the Selectmen be authorized to execute all necessary papers to transfer title thereto.

Acting under Article 26 it was voted to accept the report of the By-law Committee as submitted and to take up the proposed by-laws section by section.

Voted to adopt sections one and two of Article 1.

After some discussion it was voted to postpone further action on the By-laws at this meeting and that when the result of the balloting for Town Officers had been announced that the meeting adjourn to Monday night, March 27, 1930, at 7.30 o'clock.

The ballots having been sorted, counted, recorded and declaration thereof made as is by law required, showed that they were for the following named persons, namely:

There being no further business it was voted to adjourn until Monday night, March 24, 1930, at 7.30 P. M.

ADJOURNED MEETING, MARCH 24, 1930

The adjourned meeting was called to order at 7.30 P. M. by the Moderator, Howard B. Wilbur.

Voted—To take up article 4. It was voted to add the sum of \$50.00 to the appropriation for the Department of Public Welfare to be expended for the purpose of the Committee appointed by the Selectmen at the request of the Governor.

Voted—To take up article 26—Relative to By-laws.

Voted—To strike out section 2 of article 4, relative to the appointment of the members of the Finance Committee by the Selectmen.

Voted—To adopt sections 1, 3, 4, 5 of article 4.

Voted—To strike out the first three lines in section 3 of article 2.

Voted—To adopt sections 1 to 11 inclusive of article 2, subject to the change in section 3.

- Article 5. Voted—To adopt sections 1 and 2.
- Article 6. Voted—To adopt sections 1 to 3 inclusive.
- Article 7. Voted—To adopt sections 1 to 6 inclusive.
- Article 8. Voted—To adopt sections 1 to 5 inclusive.
- Article 9. Voted—To adopt sections 1 to 3 inclusive.
- Article 10. Voted—To adopt sections 1 to 3 inclusive.
- Article 11. Voted—To adopt sections 1 and 2.
- Article 12. Voted—To adopt section 1.
- Article 13. Voted—To adopt sections 1 and 2.
- Article 14. Voted—To adopt sections 1 and 2.
- Article 15. "Contract by Town Officers";

Voted—To strike out the words "five hundred dollars" in the fourth line of section 4 and in the fourth line of section 6 and to insert therefor the words "one thousand dollars".
Voted—To adopt sections 1 to 7 inclusive.

Article 16. Voted—To amend section 4 of article 16 by adding the words "or roller skates" after the word "roads" in the first line.

Voted—To adopt sections 1 to 9 inclusive of article 16 as amended, said article to be known hereafter as article 15.

Voted—To adopt sections 1 to 6 inclusive of article 17, said article to be known as article 16.

Voted—To adopt sections 1 to 3 inclusive of article 18, said article to be known as article 17.

Article 19. Voted—To add to article 19 another section to be known as section 3, which reads as follows: "Any person or Society making application for any of the privileges set forth in sections 1 and 2 of this article may, upon refusal of the Chief of Police to grant permit for same, have the right of appeal from the refusal of the Chief of Police to the Board of Selectmen, who may grant such permit or refuse to grant same. Their decision being final."

Voted—To adopt sections 1 to 3 inclusive of article 19, the same to be known as article 18.

Article 20. Voted—To adopt section 1 of article 20, said article to be known as article 19.

Article 21. Voted—To adopt section 1 of article 21, said article to be known as article 20.

Voted—To rescind the motion whereby it was voted to adopt sections 1, 3, 4, 5 of article 4.

Voted—That each article beginning with article 5 be re-numbered in consecutive order.

Voted—To adopt sections 1 and 2 of article 22, said article to be known as article 21.

It was voted to rescind the vote whereby it was voted to adopt sections 1, 3, 4 and 5 of article 4. The original motion being put was lost. A motion to strike out article 4 was carried unanimously.

Voted—To reconsider the vote on article 15. It was voted to adopt sections 1, 2, 3 and 7 of said article, section 7 to be known as section 4.

Voted—To take up article 4. Voted to raise and appropriate the sum of \$200.00 for the purpose of having the By-laws published if approved by the Attorney General to adopt the By-laws as a whole, as amended.

Voted—To take up article 2. It was voted to accept the report of the Town Officers and Committees as printed in the Town Report.

	<hr/>	<hr/>	<hr/>
	2,066	1,518	651

Number of votes cast, 3,584; total vote in District, 4,235.

SPECIAL TOWN MEETING, NOVEMBER 24, 1930

The meeting was called to order at 7.30 o'clock P. M. by Howard B. Wilbur, Moderator, and the call was read by the Town Clerk.

Article 1. Voted—That the sum of \$800.00 be appropriated from the Water Revenue for the maintenance of the Water Department.

Article 2. Voted—To ratify and approve the action of the Selectmen in appropriating the sum of \$1,255.41 for Forest Fires under the emergency act.

Article 3. Voted—To appropriate from Surplus Revenue the sum of \$167.33 for unpaid bills of 1928-1929 as follows: Schools, \$46.00 and Public Welfare, \$121.33.

Article 4. Voted—To pass.

Under article 7 it was voted that the Moderator appoint a committee of five to investigate the advisability of permanent, penetration or other forms of road building throughout the Town, and report the facts of their findings at the next annual Town meeting. The members of the said committee includes Arthur E. Ryder, Gustaf A. Peterson, Christopher Read, Mason W. Alger and Henry O. Davenport.

SPECIAL MEETING, DECEMBER 17, 1930

The meeting was called to order at 7.30 P. M. by the Moderator, Howard B. Wilbur, and the call was read by the Town Clerk.

Article 1. Voted—To appropriate from the Reserve Surplus the sum of \$300.00 to be spent by the Moth Department for the unemployed only.

Article 2. Voted—To appropriate from the Reserve Surplus the sum of \$999.00 to be spent by the Highway Department for the unemployed only.

Article 3. Voted—To appropriate from the Reserve Surplus the sum of \$200.00 to be spent by the Selectmen in the Town Hall Department for the unemployed only.

EDWARD H. CROCKER,
Town Clerk.

EDWARD H. CROCKER,
Town Clerk.

Report of Selectmen

We wish to thank the various departments for their hearty co-operation during the past year.

We feel that Warren P. Laughton has served the town very faithfully as Police Chief and as Chief of the Fire Department.

Our road work has been very capably handled by our Superintendent of Streets, Daniel A. Penpraese. Most of this work has been under Chapter 81, "The Small Town Act", the State bearing one-third of the expense. Work under this Act has been a distinct advantage to the Town and should be accepted again this year.

A permanent road has been constructed on Manley Street at a cost of \$9,355.10. \$7,091.94 was expended for the continuation of the permanent road on East Street, the State and County bearing three-quarters of the expense in the construction of these roads.

We feel that some permanent road work should be completed each year.

JAMES A. HEMENWAY,
JOHN S. BARKER,
WALTER C. WHITING.

Report of Fire Department

To the Honorable Board of Selectmen :

Gentlemen :

In compliance with the requirements, I submit the annual report of the West Bridgewater Fire Department for the year ending December 31, 1930.

CALL FORCE

The call force consists of twenty men, one chief, one assistant chief, two captains and five wardens.

APPARATUS

The apparatus consists of one Maxim 500 gallon triple combination pump and hose truck, one Federal combination chemical and hose truck stationed at the center, one Reo combination chemical and hose truck stationed at Cochessett, one single drawn hose wagon at Jerusalem.

WIRE DEPARTMENT

There has been four bells readjusted, three bells removed, two bells relocated; five hundred feet of wire re-strung. The fire alarm is tested every night except Sunday.

FIRES AS THEY OCCURRED

- Jan. 10 35 South Main St., frame building owned by Mary G. White.
 10 231 River St., Fannie Redman, chimney fire.
 31 416 Matfield St., Gustave F. Snow, chimney fire.
- Feb. 12 312 South Elm St., frame buildings owned by Albion Holmes.
 13 312 South Elm St., Albion Holmes, fire broke out in hay.
- Mar. 12 512 Spring St., Wiswell Height, chimney fire.
 15 509 North Elm St., frame building, owned by Harriet Kinney.
 16 Corner of South and Forest Sts., grass fire.
 16 Progressive Ave., Joseph Bragga, grass fire.
 21 Matfield St., Pilgrim Dye Co., woods fire.

Dumping rubbish in public street	1
Not complying with conditions of his probation	1
Neglected children sent to State Institution	3

MISCELLANEOUS

Death caused by auto accident	1
Automobile accidents	47
Accidents where persons were injured	19
Auto accidents where persons were taken to doctor	8
Auto accidents where persons were taken to hospital	11
Liquor searches	3
Automobiles recovered for other departments	5
Automobile transfer papers made out	

The motorcycle has traveled 7,864 miles in the performance of its duties.

Again I wish to impress upon the parents the need of instilling into the children the danger of accidents which may be avoided by exercising caution and care by themselves.

I wish to thank the school Traffic Officers for the splendid work they are doing and the interest they have taken.

In closing I wish to thank the Selectmen and all others who have in any way helped the department. To the officers I extend my hearty thanks for their co-operation.

WARREN P. LAUGHTON,
Chief of Police.

GROWTH AND CIRCULATION

It is a pleasure to report a *growth* not only in the number of books added but also in the quantity and quality of those circulated. During the year, 480 volumes have been added to our library, of which 388 have been by purchase and 92 by way of gift. We appreciate the thoughtfulness of several friends in presenting us with such usable material.

The *circulation* for the year 1930 was 23,600, a gain of 1,240 over any previous year. This means that an average of over 7 books apiece have been taken by each of the 3,000 inhabitants. As a matter of fact, less than 1,000 people actually are registered patrons. We shall be glad to serve a still larger public. Each person may find something to his taste.

The school circulation shows a slight loss due, no doubt, in part to the installation of a library at the High School. We urge each teacher having school collections to report the total circulation of books in her room so that our records may be complete.

IMPROVEMENTS AND NEEDS

A new sectional book case has made possible a more satisfactory arrangement of current fiction, so that readers may readily locate different types of stories.

Worthy of special mention in connection with the 300th anniversary of the founding of the Massachusetts Bay Colony is our attractive and helpful Pictorial Map of Massachusetts, a collection of Colonial pictures sponsored by the Boston Herald, the purchase of a History of Massachusetts (in five volumes), edited by Albert Bushnell Hart, and the presentation to us of much valuable material by the Massachusetts Tercentenary Commission.

Our greatest need is still added space for display purposes. A magazine rack would also help. In conclusion, we

extend our sincere thanks to all who have in any way co-operated in making 1930 the best year yet.

CHARLOTTE L. WILLIAMS.

ARTHUR C. PECKHAM,
Town Accountant.

State Auditor's Report, 1930

To the Board of Selectmen,
Mr. James A. Hemenway, Chairman,
West Bridgewater, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the accounts of the town of West Bridgewater for the year ending December 31, 1930, made in accordance with the provisions of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

REPORT

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston.

Sir:

As directed by you, I have made an audit of the books and accounts of the town of West Bridgewater for the year

ending December 31, 1930, and submit the following report thereon:

The financial transactions of the town, as recorded on the books of the several departments receiving or disbursing money for the town, were examined and reconciled with the books and records in the accountant's office.

The books and records of the town accountant were examined and checked. The recorded receipts were checked with the reports from the several departments making payments to the town treasurer and with the treasurer's cash book.

The necessary adjusting and closing entries were made, the ledger was analyzed, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of December 31, 1930.

The appropriation accounts were checked with the town clerk's record of town meeting votes, and the recorded transfers from the reserve fund were compared with the authorizations for transfers by the finance committee.

The original vouchers on file in the accountant's office were examined, and it was noted that payments have been made for liability insurance on privately owned buses used for transportation of school children. No further payments of this nature should be made, as there is no provision of law authorizing the town to pay insurance on privately owned buses.

The books and accounts of the treasurer and collector, as treasurer, were examined and checked, the recorded receipts being compared with the records in the several departments collecting money for the town, with the other sources from which money was paid into the town treasury, and with the records in the accountant's office. The payments were checked with the warrants authorizing the

treasurer to disburse town funds and with the accountant's ledger accounts.

The payments on account of debt and interest were checked with the amounts falling due. All the cancelled securities were not on file and it is recommended that they be properly filed when received.

The cash on hand was verified by an actual count and the bank balance was reconciled with a statement furnished by the Home National Bank of Brockton.

The savings bank books and securities, representing the investments of the various trust funds in the custody of the town treasurer, were examined and listed, the income being proved and the withdrawals checked and reconciled.

It is again recommended that income from the various trust funds be withdrawn and entered on the treasurer's cash book and reported to the accountant before any expenditures are made therefrom. There is an overdraft of \$50 in the account designated "Library-Books", and this amount should be transferred from library trust fund income as soon as it accrues. The practice of making disbursements from general cash on account of trust funds and of subsequently reimbursing the treasury constitutes a violation of Section 31, Chapter 44, General Laws, which reads as follows:

No department of any city or town, except Boston, shall incur liability in excess of the appropriation made for the use of such department, except in cases of extreme emergency involving the health or safety of persons or property, and then only by a vote in a city of two thirds of the members of the city council, and in a town by a vote of two thirds of the selectmen.

The books and accounts of the treasurer and collector, as tax collector, were examined and checked. The commit-

ments of taxes were verified, and the receipts were compared with the payments to the treasurer. The abatements were listed and checked to the assessors' records of abatements granted, and the outstanding accounts were listed. The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

Outstanding taxes for the levies of 1927, 1928 and 1929 are now long overdue, and a determined effort should be made by the tax collector to effect settlement.

The books and accounts of the treasurer and collector, as water collector, were examined and checked. The recorded abatements were checked with the water commissioner's records of abatements granted, and the outstanding accounts were listed. Errors in addition of the water commitments were discovered and ledger adjustments were necessary to bring the commitments into agreement with the warrants. The collector should promptly verify the amount of all commitments.

The records of the town clerk for dog and sporting licenses were examined and checked, and the payments to the county and State, respectively, were verified with the receipts on file.

It is again recommended that adequate records be kept of all licenses granted by the selectmen and of the detailed charges for rental of the town hall.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and of the library department were examined, and the payments to the treasurer were verified.

The surety bonds of the treasurer and collector and of the town clerk were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax and water accounts, together with tables relative to the trust fund transactions.

For the courtesies extended and the assistance rendered during the process of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDWARD H. FENTON,
Chief Accountant.

TOWN OF WEST BRIDGEWATER

Report of Water Commissioners

During the year, eleven new Services and fifteen new meters have been installed. Two hydrants and twenty-eight curb and gate boxes moved and raised for new road and side walk construction. Five Services were renewed and fifteen Services cleaned from cellars to water main. Two Hydrants broken by automobiles replaced and repaired and thirty-two leaks in mains repaired. Sixty-one meters repaired and tested.

STOCK USED

350 ft. 2" gav. pipe	16 corporation cocks
1158 ft. 1" gav. pipe	18 curb cocks
108 ft. $\frac{3}{4}$ " gav. pipe	24 1"- $\frac{3}{4}$ " stop & wastes
40 ft. $\frac{1}{2}$ " gav. pipe .	17 curb boxes
17 1" lead goose necks	2 4" gates
27 hydrants repacked	2 2" gates

Maintenance expense increased \$863.99 over the year 1929. City of Brockton water bills account for most of this increase, being \$749.97 more than in 1929.

Water rates committed for the year amounted to \$20,-668.15 of which \$2,321.52 was for excess water. After deducting abatements of \$133.45, water rates committed were \$3,501.19 or 20.5% in excess of all expenses.

Uncollected water rates at the end of this year amount to \$3,478.71 as against \$5,551.85 on December 31, 1929, a decrease of \$2,073.14. The Water Commissioners feel that the Tax Collector has made some headway during a rather difficult year.

The town balance sheet of Dec. 31, 1930 shows that the Treasurer has on hand in cash from water receipts \$10,799.33 which with the accounts receivable makes available for appropriation the total of \$14,395.82 in addition to the anticipated revenue of approximately \$20,000 from water rates to be committed during the year 1931.

HERVEY DUNHAM,
WARREN P. LAUGHTON,
F. C. PERKINS,
Water Commissioners.

Report of Gypsy Moth Superintendent.

To the Honorable Board of Selectmen:

I herewith submit my annual report for the year 1930.

In regard to the work of suppressing the gypsy moth in our town I find conditions the same as they were the two preceding years. Scouting for egg clusters we have found them scattered all over the town, but not so numerous as they were several years ago. We have creosoted all the egg clusters we have found also sprayed all the trees on the roadside. Every year there are some complaints because this department does not commence spraying fruit trees when they are in full bloom. The ideal time is when the blossoms on the late trees are falling. To spray when they are in full bloom would be disastrous to the fruit growers friends, the bees. For financial report see town accountants report.

CHRISTOPHER READ,
Local Superintendent.

Report of

Sealer of Weights and Measures

To the Honorable Board of Selectmen:

I herewith submit my annual report for the year 1930. I find the various Weighing and Measuring devices in the town in good condition.

The following have been tested and Sealed or condemned during the year:

	Sealed	Adjusted	Condemned
Platform scales	30	7	
Counter scales	9	3	
Computing scales	9		
All other scales	35	4	3
Avoirdupois weights	89	5	
Liquid Measures	72		
Gasoline Pumps	35	8	
Gasoline meters	2		
Yard sticks	1		
Fees collected and paid to town Treasurer			\$55.41

CHRISTOPHER READ,
Sealer of Weight & Measures.

Report of Tree Warden.

I have trimmed trees in all sections of the town also cut down a number of trees that were considered dangerous three of them were very large located as follows an Oak on West Centre Street, opposite the seminary; a Buttonwood on North Elm Street, an Elm on Bryant Street, also two at the Cochesett school yard at the request of the school committee. I have cut bushes on the following streets, Manley, West, Scotland, Bedford and Beacon Streets. The weather the past year was detrimental to our trees. First a blight struck the Elms then we had a drought that affected all the trees. I hope the present year we shall have conditions more favorable for the trees. For detailed financial report see report of the Town Accountant,

Appropriated	\$500.00

CHRISTOPHER READ,
Tree Warden.

Report of the Town Director

Through local and county-wide meetings, through the preparation and mailing of timely circular letters, through the 4-H clubs organized for the boys and girls of the county, through personal correspondence and by means of individual service to farmers and members of their families, the Plymouth County Extension Service during the year 1930 co-operated with every town in the county in bringing to its citizens information regarding agriculture and homemaking. Approximately fifty-five hundred families in the county received assistance, information, or advice from the Extension Service this past year.

The following paragraphs summarize very briefly some of the ways through which the town of West Bridgewater was able to take advantage of the service offered through this organization.

Many farmers of West Bridgewater attended the meetings and tours. Eighty men received regularly letters and bulletins containing information on **agricultural matters**. Twenty-nine personal visits were made by the county agents to farmers of the town to give advice on definite questions. Stops were made in West Bridgewater by both the county-wide poultry and fruit tours. **An evening meeting** was held on one of the prominent dairy farms in town on the subject of pasture management. Thus in many ways the town has served as an educational center for farmers of the county, besides having offered to its own citizens un-

usual opportunities. During the county-wide rat campaign, 75 packages of especially prepared poisoned bait were supplied at cost.

The homemaking projects stressed this year have included Vegetable Preparation and Child Development. Many homemakers have also enrolled for suggestions and instruction in Child Feeding and in home canning.

Four-H club members enrolled in the following clubs, clothing, garden, and handicraft. Each club met regularly and was under the supervision of a local leader.

Exhibits were held in the spring and the awards made by the club agents.

One girl attended the State 4-H Camp as the Plymouth County Canning Club Delegate.

Once more it is a pleasure to present the annual report of the Plymouth County Extension Service. I wish to thank all persons who have given assistance in the work.

CORELLI C. ALGER,
Town Director.

Treasurer.

Report of Collector of Taxes

In the report of the audit by the State Division of Accounts it was recommended that a determined effort be made to collect the outstanding taxes of 1927 and 1928. This has been done, as over four-fifths of these taxes are now collected.

Considering business conditions during the past year it would seem to your Tax Collector that collections have been reasonably good, and attention is respectfully called to the tables appended to this report showing the condition of the various levies of taxes and commitments of water department charges.

TAXES OF 1927

Outstanding January 1, 1930		\$3,460.20
Payments to Treasurer	\$2,902.58

CATHERINE M. HOWARD,
Collector.

Report of Highway Department

I herewith submit the annual report of the Superintendent of Streets. The work of the Highway Department the past year has been along the same lines as the previous year. Our scraping and dragging being started in the spring and carried on during the summer and fall.

As in the past years the greater part of our work has been the re-gravelling of the streets that we considered were in a poor condition.

We have gravelled Streets the past year as follows:

Progressive Avenue, 350 ft.; Pleasant Street, 800ft.; Scotland Street, 2,600 ft.; Ash Street, 850 ft.; East Street, 1000 ft.; Manley Street, 1,200 ft.; Spring Street, 900 ft.; River Street, 750 ft.

We have replaced some of the old stone culverts with concrete and iron pipe. During the year every street in the Town has received some attention as to gravel, Tarvia, or other surface treatment. The appropriation for a "Tarvia Top" on South Street was expended and almost 4,000 feet was re-surfaced. Union Street was made a Tarvia Top street also.

We distributed 30 tons of Calcium Chloride on the dirt and gravel roads. A black top side-walk was build on West Centre Street, from Howard Street to Elm Square. There was a similar walk built on No. Elm Street, from Sunset Avenue to Brooks Place.

The walks on River Street were repaired with gravel

Much work was done on the walks in Cochesett on West Centre Street.

A great amount of work was put in repairing and painting railings and sign posts. Also putting up new ones. A seal coat of asphalt and sand was given East Street, from East Centre Street to the end.

Would recommend that an appropriation be made to seal the rest of East Street, as built. Also Walnut and Manley Streets.

The working equipment of this department is the same as in the previous year.

Respectfully submitted,

DANIEL A. PENPRAESE,
Superintendent of Streets.

Report of the West Bridgewater Street and Highway Safety Committee, Branch of the Governor's Street and Highway Safety Committee.

This local branch, subservient to the present organization held its first meeting on November 8th, 1929, in the Town Hall. James A. Hemenway was elected Chairman with Dr. E. S. LeLacheur as Secretary, the latter resigning December 12th, when Robert A. Roberts was elected as his successor.

Since November 8th, 1929, monthly meetings have been held, where all phases of danger on the streets and highways were discussed and methods devised to eliminate any existing conditions as far as possible, within the jurisdiction of the town. Dangerous corners, bad curves, crossings, obstructions of view at dangerous corners and the like were all discussed and properly taken care of; School buses were lettered as such, when conveying pupils to and from School, education in safety to scholars in the Schools through personal contact addresses, in co-operation with the Superintendent, principals and teachers and in circularizing with printed matter from time to time.

This work started and still continues with the sincere purpose to avert accident and save the lives of drivers of automobiles and pedestrians, not only for those in our com-

munity whom we know and love, but for the stranger who might use our streets and highways, and by the records in the town has proved as a safeguard, a most worthy effort and full of promise.

Very sincerely,

JAMES A. HEMENWAY, Chairman,
ROBERT A. ROBERTS, Secretary,
WARREN P. LAUGHTON,
ERVIN W. LOTHROP,
ADOLPHUS ELDRIDGE,
CRISTOPHER READ,
JOHN SEGAR,

Committee.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

$$\frac{dx}{dt} = A(x)u, \quad \frac{dy}{dt} = B(y)v, \quad (1)$$

where $A(x)$ and $B(y)$ are matrices depending on x and y respectively.

2. In the second part we consider the case when

$$A(x) = \begin{pmatrix} a_{11}(x) & a_{12}(x) \\ a_{21}(x) & a_{22}(x) \end{pmatrix}, \quad B(y) = \begin{pmatrix} b_{11}(y) & b_{12}(y) \\ b_{21}(y) & b_{22}(y) \end{pmatrix},$$

and

3.

Report of School Committee

To the Citizens of West Bridgewater :

We submit our annual report, in accordance with custom, in which are presented the activities of the various departments of the educational system of the town. The reports of the Superintendent of Schools and different supervisors discuss in detail the problems met with in the course of the year, and present information of definite value to every interested citizen. The itemized financial statement will be found in the report of the Town Accountant, and a budget recommendation appended to this report.

We have suffered fewer losses in the teaching staff than in 1929-30, and have been fortunate in replacing such losses by teachers who are proving their fitness for their work in their several positions. We feel that working conditions have been improved very much at Sunset Avenue where leadership is an important factor in its direction and control. The installation of a telephone in this building has been of benefit to parents and school officials.

REPAIRS

New curtains have been placed in several buildings, and minor repairs done at Jerusalem and Matfield. The major repairs for the year however, had to be done at Cochesett, where additional lighting space was supplied by adding several windows on the south side on both floors.

The building was painted inside and out, the fire escape substantially reenforced, and two shade trees that interfered with the light in the school removed. This was our most expensive repair bill for the year but the improved appearance, and increased efficiency have warranted the outlay.

The Howard High School has benefited by the action of the Trustees who have spent money freely in several classrooms, offices and gymnasium, particularly in the last named, where a remodelled, workable floor space now offers an attractive room for the various recreational and sport activities of the High School pupils. We herewith express our appreciation of the generous action of the Trustees, in helping to increase the efficiency of the School.

The schools have been well administered during the past year under the capable supervision of our Superintendent whose wide experience in educational organization has been effectively brought to bear on all our local problems. We feel that we have passed a successful year.

The following appropriations for the current year are recommended:

General Control	\$4,400.00
Teachers' Salaries	31,800.00
Books and Supplies	2,400.00
Janitors' Service	2,400.00
Fuel and Light	2,300.00
Maintenance and Repairs	1,000.00
Transportation	3,800.00
Tuition	825.00
School Nurse	950.00
Miscellaneous	100.00
Total	<hr/> \$49,975.00

Report of Superintendent of Schools

To the School Committee:

I take pleasure in submitting herewith my second annual report in which a brief statement is made of the needs, and conditions of the various departments of school activity.

The teacher loss for the 1930-31 school year numbered five as against nine of the preceding period. Four of these losses were in the grades and one in the Commercial Department of the High School. The Sunset Avenue School was most affected, three teachers, including the principal having to be replaced. The wisdom of the Board's judgment in transferring Mrs. Miller, a teacher of long and successful experience in upper grade work at the Center School to the Sunset Avenue principalship has been amply proven by her capable leadership, and skilful handling of the many administrative problems that such a position demands.

In the Cochesett School, Miss Margaret Toomey was transferred to the principalship, and Miss Grace Dashoff appointed to the lower grades. At Matfield, Miss Miriam Hall who was transferred to the Center, was succeeded as principal by Miss Ellen Kett, an experienced and successful teacher. The results of these various transfers and replacements have been very satisfactory. The spirit of cooperative effort is marked, with a corresponding productivity of classroom results, and maintenance of harmonious and

effective working conditions throughout the entire school system.

Diagnostic and achievement tests given in the upper grades have furnished interesting and informative data which can be of service in the adjustment of teaching emphasis, wherever the necessity is revealed by the test records. In the future it is planned to use these tests to an increasing degree, in the effort not to standardize results, but to equalize the emphasis, for better balance of teaching method.

The textbook situation is very much improved over the preceding year, which in turn was an improvement over the year before. New material at periodic intervals is essential to the progress of pupils. This material is being published each year in the form of increasingly attractive textbooks which are based on sound principles of pedagogy, and make for more effective work on the part of teachers, and greater interest on the part of pupils, by bringing the subject matter of teaching up to date.

In the matter of improved accomodations, the Cochesett School stands first. Here were two rooms with insufficient lighting, caused in part by inadequate window space, and in part by the close proximity of large shade trees in the school yard. By removing two of these trees nearest the building, and adding extra window space, on both floors, the former dark, gloomy rooms have been transformed into places of light and cheerfulness, and the monthly electric light bills, perceptibly reduced.

At the Howard High School the Trustees of the Howard Fund have improved working conditions very noticeably, by having durable lineoleum floor covering laid in several rooms, painting the walls of the classrooms and principal's office, and thoroughly remodelling the gymnasium to make it an attractive and up to date place for recreation and indoor sports and athletic exercises. Its increased use already

has proved the value of this generous action of the Trustees.

The year as a whole has been one of material improvement and educational progress in bettered working conditions and the maintenance of an excellent spirit of service throughout the school system. The progressive attitude of the School Board toward educational problems presented to them has been an unfailing help in all administrative activities, for which appreciation is here expressed.

Respectfully submitted,

ERNEST W. ROBINSON,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Mr. Ernest W. Robinson,
Superintendent of Schools,
West Bridgewater, Mass.

Dear Sir:

In submitting my fourth report as Principal of Howard High School, I wish to direct attention to improvements which have been made in the High School plant under the direction of the Trustees of the Howard Funds. During the summer vacation of offices were modernized by a complete renovation. Unnecessary, cumbersome shelves were removed from the inner office walls, delapidated paper blackboards were taken down from the outer office walls, unsightly, useless gas fixtures were eliminated, all wood surfaces were renewed, all walls were refinished with a cream colored paint, and the rough splintered floors covered with battleship linoleum. The transformation was so pleasing and effective

that it has prompted many favorable and enthusiastic comments by pupils, teachers, and visitors alike. The offices, which are now more in keeping with the fine old traditions of our stately school building than ever before, are truly the administrative and inspirational centers not of only the High School staff itself, but of the entire school system.

A second improvement vital to School life and morale is manifested in the changing over of the old gymnasium for interscholastic basketball use. Here, the tearing out of the two locker rooms and the connecting stage, the laying of flooring over the space thus uncovered, the removal of obstructing uprights which were once parts of now obsolete gymnasium equipment, the introduction of sturdy, rigid backboards, the alteration of protruding steampipes, the installation of modern illumination with the electrical fixtures set out of the way in the ceiling, the construction of permanent and unusually comfortable bleachers accommodating 150 spectators, the screening of all windows, the placing of two drinking fountains in the basement hall, and the partitioning off of a portion of the lunch room for a girls' dressing room gives some notion as to the magnitude and the completeness of the task achieved. But few teams we play can boast of a better basketball floor. This improvement, from an educational and administrative point of view, is one of the most outstanding constructive pieces of work accomplished in years. Because of the richness of opportunities for development of leadership, initiative, cooperation, reliability, honesty, and kindred traits in the wide field of extra-curriculum activities, the school has supported, strongly, an extensive program of extra-classroom work. A natural and obvious corollary to such a policy normally dictates that all school activities should be held within the school building under the school's supervision, in so far as it is practical and possible to do so. The remodeled gymnasium makes possible a step in the right direction—the con-

ducting of our basketball games and practices on a good floor in our school plant. Furthermore, the necessity for annually petitioning for the use of the Town Hall, which rightly should not be utilized for basketball play anyway, is eliminated together with the usual attendant delays, excesses of expenditures in arranging games, imperfect schedules, and inconvenient practice periods. I can assure you that the pupils and teachers alike appreciate what has been done for them.

The total enrollment on the first day of school, September 8, 1930, was 136. On January 2, 1931 our registers gave the following figures:

	Boys	Girls	Total
Seniors	8	10	18
Juniors	23	15	38
Sophomores	17	21	38
Freshman	19	26	45
Post-Graduates	0	0	0
	<hr/>	<hr/>	<hr/>
Total	67	72	139

This slight increase in total membership over last year is due primarily to a decrease in the number of pupils failing to return after the termination of the summer vacation.

From time to time our schedule of extra-curricula activities has been extended to a degree which last year, showed marked indications of over-emphasizing this phase at the expense of other school work. A review of the whole situation revealed the following generally unfavorable tendencies: (1) the lowering of subject achievement grades, (2) the business of most activities being carried on by a comparatively small group, (3) the overloading of pupils outside of class time, (4) the confusion arising from unavoidable conflict, and (5) the failure of deriving values warranting the time expended. With these objections in mind,

this year the two magazine drives were combined into one, and the Athletic Association play and the school operetta are to be discontinued. Consistent with the size of our school, this change of policy leaves a fairly well-rounded program consisting of the orchestra, the school magazine, "The Climber," the Girls' League, the Senior Class play, basketball and baseball.

The problem of properly displaying the American flag outside of the building without danger to life or damage to the flag was disposed of when the Class of 1930 presented the school a 50-foot steel pole. Later several High School boys volunteered to act as flag custodians. It is extremely gratifying to observe the unusually fine service these boys are rendering.

In concluding, I wish to thank you, the teachers, and the Trustees for the loyal support accorded me.

Respectfully submitted,

NILS G. LINDELL,

January 23, 1931.

Principal.

REPORT OF SUPERVISOR OF MUSIC.

Superintendent of Schools,
West Bridgewater,
Massachusetts.

Dear Sir:

I herewith submit my annual report as Supervisor of Music in the Public Schools of West Bridgewater.

In September we had in the High School chorus, an elective membership of one hundred and twenty-four. This is a marked indication of the interest in music. In May, we presented the operetta "Sailor Maids." While the stu-

dents were desirous of having an operetta it was presented under great difficulties. There are so many varied interests and activities in a High School of this size it is almost impossible to find a convenient time for rehearsing. It was decided to have no operetta this coming year.

In addition to the regular book for chorus work we have acquired a set of "101 Best Songs." These contain very valuable and inspirational material for general assembly singing. There are many selections suitable for special occasions which are not contained in the regular chorus book.

A definite aim for quick sight-reading has been made in all the grades and a marked improvement has resulted.

Beginning with the little children in the first grade, great care and attention are required to cultivate the light, smooth, flute-like head tones. Many children find it difficult to distinguish this singing voice from the speaking voice. During the first year the chief aim is an intelligently directed effort to eliminate the monotones, to increase the rhythmic sense, to cultivate careful aural attention, to stimulate a love for beautiful music through emotional expression. Tonal differences and relations are presented through the rote song and therein lies the basis for future technical work.

This is the foundation which must be thoroughly and accurately laid and this is of the most vital importance in the future training of the child. Where it can be easily arranged I would recommend that the departmental method in music be followed. This would be giving to the child the best talent available. The outline of work for each grade could thus be more closely connected and followed.

There is always a little difficulty in the introduction of part-singing. The sopranos and altos unconsciously vie with one another in volume of sound. There is no thought of tone blending for harmony. The singing is harsh, discord-

ant and blatant. This, of course, is corrected whenever it occurs. A frequent testing when the singing is flat develops an alertness and a concentration for recognition and accuracy of absolute pitch.

The problem of placing the changing boy voice is always with us in the upper elementary grades. Some authorities do not approve of boys singing during this period of transition. Others favor a continued use of the changing voice in its very limited range but under careful supervision. There is just as much harm done by forcing for low notes as in striving to reach high. Carefully directed guidance allows of no strain. Ease in singing is a good indication of proper placement.

Throughout the system an effort has been made to encourage more independent work on the part of the individual. I feel very strongly that the regular music period should be devoted to the training and educating of the boys and girls and not to entertaining them. I feel this the more keenly when I realize the effortless ease with which the present generation takes in its music. We, as teachers of music, wonder what will be the outcome. The persons whose entire recreation time is spent in "taking in" rather than in participating or creating will soon become bored and will go in search of new thrills. The greatest joy and understanding and appreciation come in the doing. It is our duty, first, to enrich the child's present life; and second, to enrich his later life. Music must be a permanent joy to him in adulthood.

In closing, I wish to thank you, and the School Committee and the teachers for the courteous help and encouragement I have received.

Respectfully yours,

LOIS J. SNOW,
Supervisor of Music.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools and School Committee,
West Bridgewater, Massachusetts.

Dear Sirs:

I herewith submit my annual report.

Every child was examined by the School Physician, also inspections were made at intervals to discover skin diseases, pediculosis and eruptions. 61 notices were sent out for defective tonsils and adenoids. Eight notices sent for other physical defects.

Five cases of scarlet fever were reported. Over 50 cases of Whooping cough. Six cases of diphtheria were reported.

In October, 1923 nearly 300 children received the Schick Test through the Board of Health and State Department of Health. Many parents are taking this remedial precaution now done at their own expense recognizing that they thus avoid unnecessary economic loss and also benefiting their children. Because of direct contact with diphtheria November 20, 1930, 112 throat cultures were taken at the Center School, all proved negative. School rooms were fumigated and other necessary precautions taken. One case of diphtheria was reported three weeks later. It is desirable at this time to bring to your attention the need of more Schick treatments.

At the present time there are 25 children 10% or more underweight. A total of nine more were examined at South Hanson Hospital. These cases all needed immediate attention. Some went eight weeks to health camps. A good boarding home was found for two contacts, two were admitted to the County Hospital and other changes were made with reports of improvement. Four children moving from other towns where the Chadwick Clinic had been held were

re-examined by State Doctors, also X-rayed and reported improved.

Four were reported with defective vision and six with defective hearing. Two children obtained glasses. Miss Anna J. Foley again did the hearing test with the audiometer.

Eight whole days were spent in the Dental Clinic. 134 sittings, 86 treated, 58 cleanings, 137 fillings, 39 extractions. There is need of a fund for those unable to pay. The clinic tries to be self supporting.

At High School there were eight with defective tonsils and adenoids. Four with defective hearts, five with miscellaneous diseases.

The Parent-Teachers' Association sponsored the Pre-School Clinic. Dr. Dorothy Green prediatrtion of Boston was examining physician assisted by Mrs. Phillips, the Visiting Nurse and myself. A goodly number of healthy children appeared, 45 were examined, 13 were found with defective tonsils and adenoids, one needed orthopedic treatment. Seventeen had defective teeth, 11 had defects corrected.

One hundred forty-eight home calls were made. Visited cases of whooping cough, swollen glands, tubercular contacts, impetigo, scabies, heart disease, chicken pox and other defects.

Twenty-nine defective cases were remedied by operation or hospitalization.

Called Society for Prevention of Cruelty to Children for extreme cases and obtained results.

I **gratefully acknowledge** everyone's kind assistance in carrying on the work.

Respectfully submitted

LILLIAN M. HEWITT,
School Nurse.

Written by Edna Green

Tune: End of a Perfect Day

As we come to the end of our High School Days,

We think of the joys gone by—

Of things we all have treasured

At dear old Howard High,

For four long years we have labored hard

To reach this goal in life.

These memories we will treasure:

We have won our goal by strife.

Teachers, friends, and classmates dear,

We bid farewell to you.

The time is quickly drawing nigh

When we must say adieu.

We enter life's journey with spirits gay:

To meet all its tasks, we'll try,

Yet mem'ry will always bring back the days

That we spent at Howard High.

Third term—8 weeks, opens March 2, closes April 24, 1931.

Fourth term—7 weeks, opens May 4, closes June 19, 1931.

1931-1932

First term—15 weeks, opens Sept. 7, closes December 23, 1931.

Second term—7 weeks, opens Jan. 4, closes Feb. 19, 1932.

Third term—8 weeks, opens Feb. 29, closes April 22, 1932.

Fourth term—8 weeks opens May 2, closes June 22, 1932.

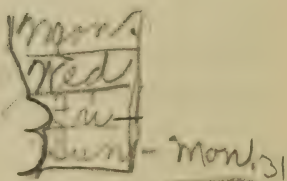

Holidays:

Columbus Day, October 12, 1931.

Armistice Day, November 11, 1931.

New Year's Day, January 1, 1932.

Memorial Day, May 30, 1932.

Vacations:

Thanksgiving recess, begins November 26, closes Nov. 30, 1931.

Christmas recess, begins, Dec. 23, closes Jan. 4, 1932.

February recess, begins February 19, closes February 29, 1932.

Spring recess, begins April 22, closes May 2, 1932.

Report of the Finance Committee

During the course of the past few years, there appears to have been somewhat of a misunderstanding in the minds of some of the voters as to the purpose of the Finance Committee in its relation to the Town expenditures.

The committee was appointed for the purpose of considering appropriations which were recommended by the several departments of the Town. Every department head should, and for the most part does know, the cost of operating his particular department. Every good department head does, and always will have his own department uppermost in his mind. The progress of any department depends on this attitude. In his zeal to accomplish this purpose, he may overlook the fact that there may be many things, which so far as the whole Town is concerned are more important than his individual request, and which should not be overlooked in the fair distribution of the Town's money.

It is the duty of the Finance Committee to advise in the matter of this proper distribution, and to use its best judgment in the recommendation of amounts that are to be spent for the several departments.

The past year has been unusually difficult from the financial standpoint for most of the residents of the Town. In view of this fact, it seems that the wise procedure for the coming year is to keep the appropriations as low as is consistent with efficient operation of the various departments. Wherever the committee has recommended a sum less than

the estimate of the department head, it felt that the efficiency of this department would not be seriously impaired.

One item in the "Table of Comparison" may require a word of explanation in the minds of some of the voters. This is the suggested appropriation for "Highways".

There apparently is a widespread feeling among many of the townspeople that many of our present gravel roads should have a more permanent surface. Evidence of this feeling is to be found in the number of requests listed in our Town Warrant, also in the appointment at the last special town meeting of a special road committee to investigate and report to the annual meeting regarding costs of various types of road construction.

It has been the policy of the Finance Committee since the time of its organization to go on record as opposed to the more or less haphazard method of appropriating money for individual streets simply to satisfy a small group of petitioners. We believe and have recommended that a general appropriation be made to cover expenditures on all roads other than those roads on which the State and County give direct aid and which are commonly known as "permanent black roads".

We believe and recommend that a committee of three, selected from three distinct districts of the Town, should be appointed by the Moderator to act in conjunction with the Selectmen in the planning of road construction during the coming year, and that some definite program of road construction covering a period of not less than five years be worked out. This in no way is intended to take any power from the voters or from the Selectmen but we feel that some such definite system of planning must be put into effect if we are to have in our Town the type of road construction which we all desire.

We wish to thank the Town officers for their co-operation in furnishing us with estimates and information neces-

sary to aid us in recommending to the Town the appropriations which in our judgment are justified for the coming year. A table of estimates by department heads and amounts recommended by this committee; also a report of our recommendations on the articles in the Town Warrant are found on the following pages.

✓ Report of Finance Committee on Articles in Town Warrant.

Article 1. To elect the following Town Officers by Official Ballot: One Town Clerk for one year, one Moderator for one year, one Assessor for three years, one Selectman for three years, one member of the Board of Public Welfare for three years, one Treasurer for one year, one Tax Collector for one year, one Water Commissioner for three years, two School Committee for three years, two Trustees of Public Library for three years, one Trustee of Public Library for two years, one Tree Warden for one year, two Constables for one year.

Polls will be open at 9 o'clock in the forenoon of March 2, and will be closed at 8 o'clock p. m.

Article 2. To choose Town Officers for the ensuing year not elected on the Official Ballot.

Article 3. To hear the reports of all Town Officers and committees and act thereon.

Article 4. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current year.

ARTICLE 4—The Finance Committee recommends such authorization.

Article 5. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriation for the same.

ARTICLE 5—The recommendations of the Finance Committee for each Department appear in the tables included in their report.

Article 6. To see if the Town will raise and appropriate a sum of money for a tarvia top road on East Street, south of East Centre Street. By petition.

ARTICLE 6—The Finance Committee recommends that this be referred to Selectmen and Road Committee if appointed.

Article 7. To see if the Town will raise and appropriate a sum of money for a permanent road on Copeland Street, provided the State or County allot a sum of money also.

By petition.

ARTICLE 7—The Finance Committee recommends that this be referred to Selectmen and Road Committee if appointed.

Article 8. To see if the Town will raise and appropriate a sum of money for a tarvia top road on Crescent Street, starting at the junction of North Elm Street then west to the saw mill. By petition.

ARTICLE 8—The Finance Committee recommends that this be referred to Selectmen and Road Committee if appointed.

Article 9. To see if the Town will raise and appropriate a sum of money for the construction of a tarvia top road on Howard Street from West Centre Street to Main Street.

By petition.

ARTICLE 9—The Finance Committee recommends that this be referred to Selectmen and Road Committee if appointed.

Article 10. To see if the Town will raise and appropriate sufficient funds to build a road similar to the South Street road on Howard Street from River Street to West Centre Street. By petition.

ARTICLE 10—The Finance Committee recommends that this be referred to Selectmen and Road Committee if appointed.

Article 11. To see if the Town will raise and appropriate a sum not exceeding \$1600.00 for the purpose of draining, gravelling and applying two coats of Tarvia B. Standard, gravel and road treatment on Bryant Street, the work to begin at the intersection of Bryant and South Streets.

By petition.

ARTICLE 11—The Finance Committee recommends that this be referred to Selectmen and Road Committee if appointed.

Article 12. To see if the Town will vote to construct a permanent road on Lincoln Street.

ARTICLE 12—The Finance Committee recommends that this be referred to Selectmen and Road Committee if appointed.

Article 13. To see if the Town will vote to construct a permanent road on South Elm Street.

ARTICLE 13—The Finance Committee recommends that this be referred to Selectmen and Road Committee if appointed.

Article 14. To see if the Town will raise and appropriate the sum of \$10,600.00 for the completion of East Street, the unexpended balance to be used for the construction of a permanent road on Lincoln Street or South Elm Street as the Town votes, provided that the State will reimburse the Town \$5300.00 and the County \$2650.00.

ARTICLE 14—The Finance Committee recommends that this sum be raised and appropriated for completion of East Street and that unexpended balance be used on street selected by Selectmen and Road Committee if appointed.

Article 15. To see if the Town will raise and appropriate sufficient funds to build a sidewalk similar to the one on North Main Street, or one equally as good as the road, from River Street through Howard Street to West Centre Street.

By petition.

ARTICLE 15—The Finance Committee does not recommend the construction of this sidewalk this year.

Article 16. To see if the Town will raise and appropriate the sum of \$1500.00 for the continuance of black top sidewalk on the west side North Elm Street. By petition.

ARTICLE 16—The Finance Committee recommends favorable action.

Article 17. To see if the Town will raise and appropriate \$600.00 for the purpose of putting a binder coat on South Street.

ARTICLE 17—The Finance Committee recommends favorable action.

Article 18. To see if the Town will vote to accept Chapter 81, "The Small Towns Act" so called.

ARTICLE 18—The Finance Committee recommends favorable action.

Article 19. To see if the Town will raise and appropriate the sum of \$1000.00 for calcium chloride.

ARTICLE 19—The Finance Committee recommends that calcium chloride purchased be paid for from the general road appropriation.

Article 20. To see if the Town will accept as a public street, Sinnott Street, as laid out by the Selectmen.

By petition.
ARTICLE 20—Referred to the voters at the Town Meeting.

Article 21. To see if the Town will raise and appropriate a sum of money for the installation of a street light on South Main Street opposite the residence of John Martin.

By petition.
ARTICLE 21—The Finance Committee recommends favorable action.

Article 22. To see if the Town will vote to install four (4) street lights on Brooks' Place, one near the line dividing the properties of Henry O. Davenport and George Emerson and the other three to continue westerly from the residence of John Cassianni and appropriate money for the same.

By petition.
ARTICLE 22—The Finance Committee recommends favorable action.

Article 23. To see if the Town will vote to install two street lights on North Elm Street between Sunset Avenue and Brooks Place and appropriate money for the same.

By petition.

ARTICLE 23—The Finance Committee recommends that one new light be installed and others re-located as necessary.

Article 24. To see if the Town will vote to install three (3) street lights on Grant Street, one easterly of the residence of Mr. Price, one at the little bridge and the third just easterly of the residence of John Penpraese and appropriate money for the same. By petition.

ARTICLE 24—The Finance Committee recommends favorable action.

Article 25. To see if the Town will vote to install one street light to be located on Bryant Street about half way between Arch Street and South Street and appropriate money for the same. By petition.

ARTICLE 25—The Finance Committee recommends favorable action.

Article 26. To see if the Town will vote to install one street light in front of the residence of Frank A. Peterson on Matfield Street and raise and appropriate money for the same. By petition.

ARTICLE 26—The Finance Committee recommends favorable action.

Article 27. To see if the Town will vote to extend the 6" water main from Matfield Street to the present 2" main on Copeland Street and to replace the present 2" main with a 6" main on Copeland Street and raise and appropriate money for the same.

ARTICLE 27—The Finance Committee does not recommend favorable action.

Article 28 To see if the Town will take any action for the collection and disposal of garbage, ashes and other waste

matter, and to make any appropriation for the same.

By petition.

ARTICLE 28—The Finance Committee does not recommend any appropriation for this purpose.

Article 29. To see if the Town will raise and appropriate the sum of \$300.00 for the maintenance of Visiting Nurse service in West Bridgewater.

ARTICLE 29—The Finance Committee recommends favorable action.

Article 30. To see if the Town will vote to allow the Parent-Teacher Association the use of the Town Hall free of charge for the purpose of holding one meeting each month for a period of at least one year.

ARTICLE 30—The Finance Committee recommends that this matter be left in the hands of the Selectmen for action.

Article 31. To see if the Town will raise and appropriate the sum of \$3925.00 for a gasoline power roller, scarifier and leveling blade.

ARTICLE 31—The majority of the Finance Committee do not recommend the purchase of this equipment this year.

Article 32. To see if the Town will vote to raise and appropriate the sum of \$1000.00 to seal coat Walnut Street, Manley Street and East Street.

ARTICLE 32—The Finance Committee recommends favorable action.

Article 33. To see if the Town will vote to raise and appropriate the sum of \$525.00 for the purchase of a Ford car for the use of the Police Department.

ARTICLE 33—The Finance Committee recommends favorable action.

Article 34. To see if the Town will raise and appropriate the sum of \$1,300.00 to move the South Main Street Schoolhouse to the land adjoining the Town Hall and fix it for use as a garage for the Highway Department.

ARTICLE 34—The Finance Committee does not recommend favorable action.

Article 35. To see if the Town will vote to authorize the Selectmen to sell the schoolhouse lot on South Main Street.

ARTICLE 35—The Finance Committee recommends favorable action and that the School House be sold with the lot.

Article 36. To see if the Town will authorize the Selectmen to sell the East Street Schoolhouse and land.

ARTICLE 36—The Finance Committee recommends favorable action.

Article 37. To see what action the Town will take relative to paying the members of the School Committee salaries or other compensation, to appropriate money therefor, or take any other action relative thereto. By petition.

ARTICLE 37—The Finance Committee recommends this Article be passed.

Article 38. To see if the Town will vote to appropriate the sum of \$6,281.00 from Water Revenue to pay bonds and interest of the Water Department.

ARTICLE 38—The Finance Committee recommends favorable action.

Article 39. To see if the Town will vote to appropriate the sum of \$9,500.00 from Water Revenue for maintenance of the Water Department.

ARTICLE 39—The Finance Committee recommends the appropriation of the sum of \$9,050.00 for this purpose.

Article 40. To see what amount the Town will vote to raise and appropriate for the use of the Plymouth County Trustees for County Aid to Agriculture and choose a Town Director as provided in Sections 41 and 45 of Revised Chapter 128 of the General Laws and act thereon.

ARTICLE 40—The Finance Committee recommends the appropriation of \$100.00 for this purpose.

Article 41. To see if the Town will vote to appoint a committee of three men not holding office in the Town to look

into the advisability of improving the Town Offices at the Town Hall and if they think advisable to submit plans and estimates at the next regular Town Meeting. By petition.

ARTICLE 41—Referred to the voters at the Town Meeting.

Article 42. To see if the Town will vote to raise and appropriate the sum of \$200.00 to install a flush closet in the Town Hall for the use of the Town Officers. By petition.

ARTICLE 42—The Finance Committee recommends the appropriation of \$150.00 for this purpose.

Article 43. To see if the Town will vote to authorize the Chairman of the Board of Selectmen to sign an agreement with the New York, New Haven and Hartford Railroad Company in accordance with Chapter 417 of the Acts of 1930.

ARTICLE 43—The Finance Committee recommends favorable action.

Article 44. To see if the Town will vote to appropriate from Surplus Reserve the sum of \$347.80 for unpaid bills for the year 1930 (Schools \$312.80 and Public Welfare \$35.00).

ARTICLE 44—The Finance Committee recommends favorable action.

Article 45. To transact any other business that may legally come before the meeting.

Report of Special Road Committee.

At the special town meeting held in December, 1930, a committee of five citizens were asked to investigate costs of various types of road construction and render a report to the annual meeting

The committee has checked up the costs of different types of construction and believe that the so-called "permanent" roads such as our Town has built in conjunction with the State and County are far too expensive for the Town to consider for the majority of its present gravel roads. Such roads usually cost at least \$25,000 per mile considering drainage and specifications of material demanded by State engineers. This is too high a cost for our Town to consider on many of its roads to be constructed by the Town alone.

There is a type of road construction, however, which we believe is practical for our Town to consider for practically all of its gravel roads which are to be surfaced with a more or less "permanent top". This is often referred to as a "Tarvia top" road and is built with a gravel top penetrated by Tarvia to a depth of 2 or 2½ inches. Our Town already has short pieces of this type of road on South Elm, South and Union Streets.

After looking over roads in nearby towns which are of such construction, we were favorably impressed with the service they were giving, and some of these roads have been laid for several years so that they have been given the "test of time". Considering the amount of traffic the most of our present gravel roads receive, it is our opinion that a "Tarvia top" road will give our Town as good results as our nearby towns are obtaining.

An average cost of \$5,000 per mile appears to be a fair

figure to estimate for a road of this type. The cost will naturally vary somewhat according to the amount of draining and gravelling necessary to put the street in condition for the surfacing material.

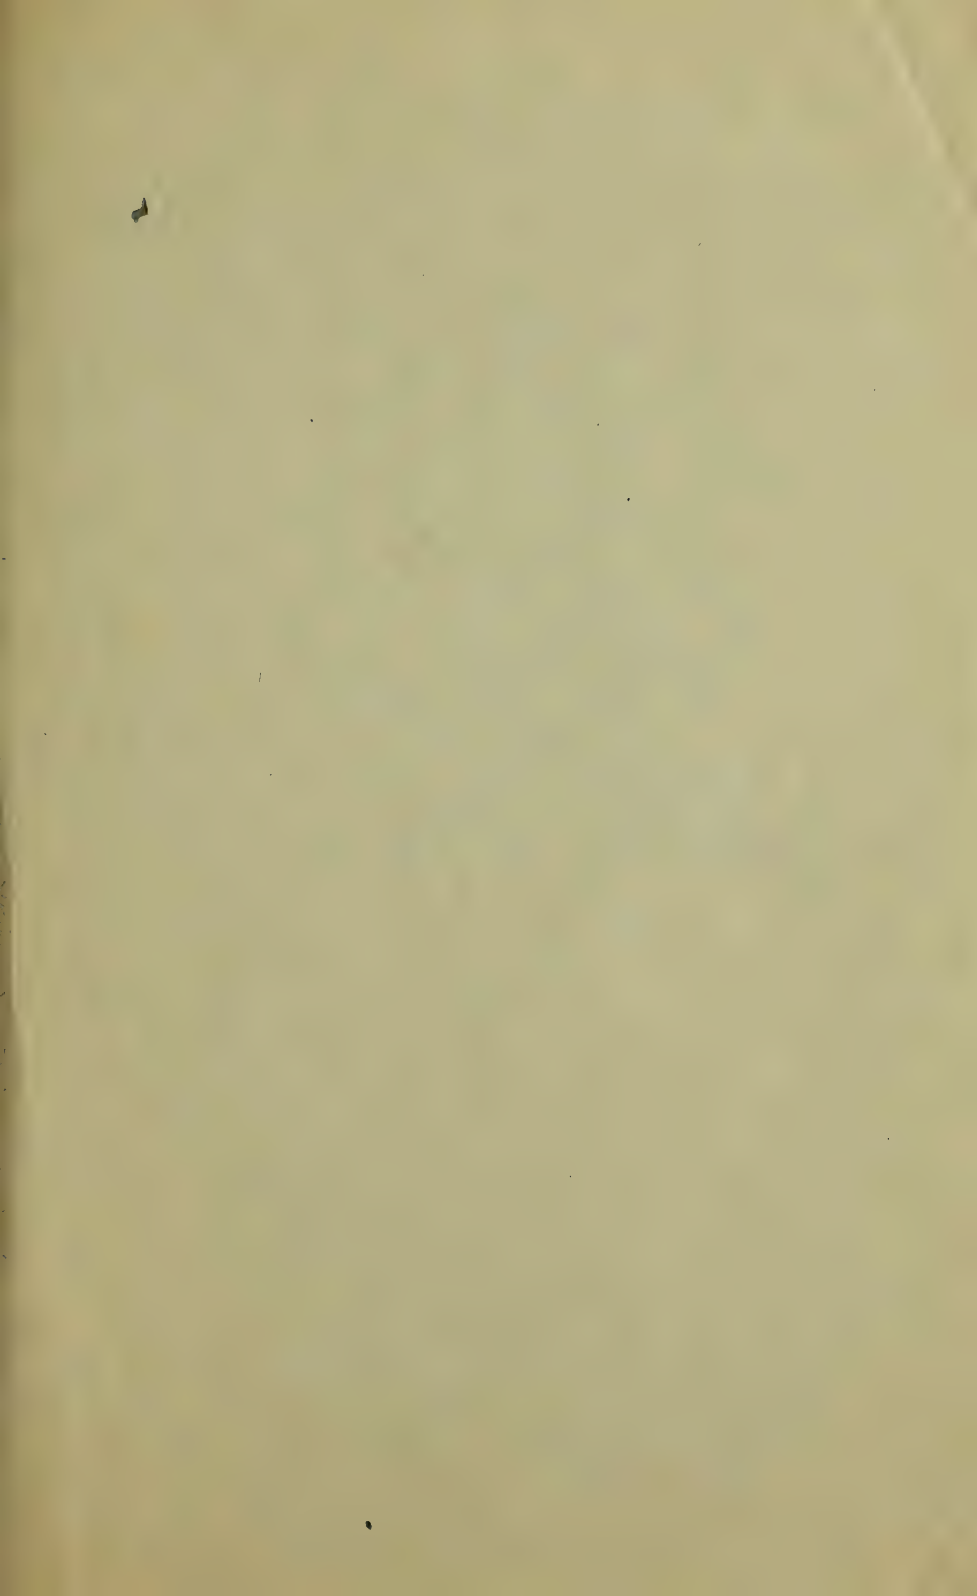

Some of our streets have been gravelled quite heavily within the last few years and on such streets the cost of surfacing with a "Tarvia top" would be less than where the foundation gravel would be required as well as the penetration coat.

We recommend to the consideration of the voters, the building of roads of this "Tarvia top" type to displace as fast as possible our present gravel roads. We believe a definite program of road building should be planned out immediately to provide for the probable demands for roads of this type in our Town. Such a program should cover a period of at least five years ahead, so that the whole Town may benefit from the streets selected.

We believe first consideration should be given to the roads more recently gravelled and where traffic is reasonably heavy, in order to benefit as far as possible from the comparatively new gravel for a foundation. Any streets which require new gravelling should be considered for a "Tarvia top" surface if traffic warrants such construction. The up-keep of such a road once constructed would probably be no more than our present gravel roads are costing us today.

It seems to this committee a program of constructing at least two miles of "Tarvia top" road each year could be considered at this time and with such construction each year, the most of our present gravel roads could be covered within a reasonable number of years.

ARTHUR E. RYDER, Chairman,

Town Clerk's Report

ANNUAL TOWN MEETING

A meeting, duly warned, of the inhabitants of the Town of West Bridgewater, qualified to vote in Elections and Town Affairs was held in the Town Hall in said Town on Monday, March 2, 1931 at 9 o'clock in the forenoon, and the following is a record of the doings of said meeting, viz:

The meeting was called to order at 9 o'clock by the Moderator, Howard B. Wilbur and the call for the meeting was read by the Town Clerk. After article one had been read, which was to elect the Town Officers named on the Official Ballot it was voted to waive the reading of the other articles, the record of the service by the Constable was read by the Town Clerk, Edward H. Crocker.

Following the reading of the call for the meeting and the Constable's return of the Warrant, the polls were declared open by Town Clerk Edward H. Crocker. The Ballot box was inspected by the election officers, and then locked and the key delivered to Ervin W. Lothrop, Constable at the ballot box.

The following persons were sworn as election officers, viz: James S. Beless, Thomas Luddy, Mary H. Pratt, Grace G. Keenan, Margaret K. Kent, Jennie M. Sullivan, Lulu B. Gardner, Albert C. Snow.

The polls were open ready for the reception of ballots at 9 o'clock A. M. and at 8 o'clock P. M. it was voted to close the polls.

Upon counting out the ballots from the ballot box it was found that the total number of ballots cast was 506, which agreed with the number registered on the ballot box and with the number of names checked on each of the check lists, there were 333 names checked on the men's list and 227 on the woman's list.

After the ballots had been counted and the tabulation completed, the Moderator announced the result as follows:

After the result of the balloting had been announced by the Moderator it was voted to adjourn the meeting to Monday night, March 9, 1931 at 7.30 o'clock for the transaction of business.

Edward H. Crocker was sworn to a faithful performance of his duties as Town Clerk by the Moderator.

The oath of office was administered to the Moderator, Howard B. Wilbur and to Morton A. Simmons as Selectman and member of the Board of Public Welfare for three years by the Town Clerk.

ADJOURNED MEETING, MARCH 9, 1931

In accordance with the vote passed Monday, March 2, 1931, the adjourned meeting was held this evening and the meeting was called to order at 7.30 o'clock by the Moderator, Howard B. Wilbur, the Town Clerk acting as clerk. The following action was taken on the articles in the Warrant.

Article 2. To choose Town Officers for the ensuing year not elected on the Official ballot.

Chose—Chester R. Ripley, Albert A. Howard, James A. Hemenway, Edwin H. Thayer and Robert G. Dean, Surveyors of Lumber and Measurers of Wood and Bark.

Field Drivers—Albert A. Howard, George F. Ryder and Francis J. Fay.

Fence Viewers—Charles E. Kinney, Curtis W. Washburn.

Finance Committee for three years—Mason W. Alger, Kenneth L. Hardenbrook, George W. Smith, B. Frank Hanson, Nils P. Nilson.

Pound Keeper—Charles E. Kinney.

Article 3. To hear the reports of Town Officers and Committees and act thereon.

Voted—To accept the reports as printed in the town report.

In the report of the Finance committee it was recommended that a committee of three be appointed to work with the Selectmen in the planning of road construction during the coming year and that some definite program of road construction covering a period of not less than five years be worked out.

It was voted that a committee of three be appointed by the Moderator to act for a term of three years in conjunction with the Selectmen in the establishment of a definite program of road construction for a period of not less than five years. The duties of such committee shall be advisory, and such committee shall have no power to order construction or the expenditure of money. The committee appointed by the Moderator included Henry O. Davenport, Eben T. Wood and Gustave A. Peterson.

Article 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen to borrow money in anticipation of the revenue of the current year.

Voted—That the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1st, 1931, and to issue a note or notes therefor, payable within one year: any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 5. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriation for the same.

Voted—To raise and appropriate the following sums of money to defray the Town charges for the ensuing year:

Moderator	\$25.00
Selectmen	900.00
Town Accountant	725.00
Treasurer and Tax Collector	1,700.00

Article 6. To see if the Town will raise and appropriate a sum of money for a tarvia top road on East Street, south of East Centre Street. (By petition).

No action taken on this article.

Article 7. To see if the Town will raise and appropriate a sum of money for a permanent road on Copeland Street, provided the State or county allot a sum of money also. (By petition).

Voted—To pass the article.

Article 8. To see if the Town will raise and appropriate a sum of money for a tarvis top road on Crescent Street, starting from the junction of North Elm Street thence west to the saw mill. (By petition).

No action taken on the article.

Article 9. To see if the Town will raise and appropriate a sum of money for the construction of a tarvia top road on Howard Street from West Centre Street to Main Street. (By petition).

No action taken on this article.

Article 10. To see if the Town will raise and appropriate sufficient funds to build a road similar to the South Street road, on Howard Street from River Street to West Centre Street. (By petition).

No action taken on this article.

Article 11. To see if the Town will raise and appropriate a sum not to exceed \$1,600.00 for the purpose of draining, graveling and applying two coats of Tarvia B Standard, gravel and road treatment on Bryant Street, the work to begin at the intersection of Bryant and South Streets. (By petition).

No action taken.

Article 12. To see if the Town will vote to construct a permanent road on Lincoln Street.

No action taken on the article.

Article 13. To see if the Town will vote to construct a permanent road on South Elm Street.

No action taken on the article

Article 14. To see if the Town will raise and appropriate the sum of \$10,600.00 for the completion of East Street, the unexpended balance to be used for the construction of a permanent road on Lincoln Street or South Elm Street as the Town votes, provided, that the State will reimburse the Town \$5,300.00 and the County \$2,650.00.

Voted—That the town raise and appropriate the sum of two thousand six hundred and fifty dollars (\$2,650.00) for the completion of the permanent road on East Street. Provided however, the State will pay five thousand three hundred (\$5,300.00) dollars, and the County two thousand six hundred and fifty (\$2,650.00) dollars toward the construction of the same, the unexpended balance to be used on South Elm Street.

The vote was 84 yes and 21 no.

Article 15. To see if the Town will raise and appropriate sufficient funds to build a sidewalk similar to the one on North Main Street, or one equally as good as the road, from River Street through Howard Street to West Centre Street. (By petition).

Voted—To pass the article.

Article 16. To see if the Town will raise and appropriate the sum of \$1,500.00 for the continuation of the black top sidewalk on the west side of North Elm Street. (By petition).

Voted—To raise and appropriate \$1,500.00 for the sidewalk.

Article 17. To see if the Town will raise and appropriate \$600.00 for the purpose of putting a binder coat on South Street.

No action taken on the article.

Article 18. To see if the Town will vote to accept Chapter 81, "The Small Towns Act" so called.

Voted—To pass the article.

Article 19. To see if the Town will raise and appropriate the sum of \$1,000.00 for Calcium Chloride.

An informal vote was passed at this time which was: "That it is the sense of this meeting that Calcium Chloride be purchased for the streets."

Article 20. To see if the Town will accept as a public street Sinnott Street, as laid out by the Selectmen. (By petition).

Voted—That the town accept Sinnott Street as laid out by the Selectmen when three drains have been put in, all easements signed, and the street put in such condition as to satisfy the Selectmen.

Article 21. To see if the Town will raise and appropriate a sum of money for the installation of a street light on South Main Street opposite the residence of John Martin. (By petition).

Voted—To raise and appropriate \$18.00 for said street light.

Article 22. To see if the Town will vote to install four lights on Brooks Place, one near the line dividing the properties of Henry O. Davenport and George W. Emerson and

the other three to continue westerly from the residence of John Cassiani, and appropriate money for the same.

Voted—To raise and appropriate \$72.00 for the same.

Article 23. To see if the Town will vote to install two street lights on North Elm Street between Sunset Avenue and Brooks Place and appropriate money for the same.

Voted—To install one new light at a cost of \$18.00 and that the other lights on the street be relocated as necessary.

Article 24. To see if the Town will vote to install three street lights on Grant street, one easterly of the residence of Mr. Price, one at the little bridge and the third just easterly of the residence of John A. Penpraese, and appropriate money for the same. (By petition).

Voted—To raise and appropriate the sum of \$54.00 for the lights.

Article 25. To see if the Town will vote to install one street light to be located on Bryant Street about half way between Arch Street and South Street and appropriate money for the same. (By petition).

Voted—To raise and appropriate \$18.00 for the same.

Article 26. To see if the Town will vote to install one street light in front of the residence of Frank A. Peterson on Matfield Street and raise and appropriate money for the same. (By petition).

Voted—To raise and appropriate \$18.00 for the same.

Article 27. To see if the Town will vote to extend the 6" water main from Matfield Street to the present 2" main on Copeland Street and to replace the present 2" main with a 6" main on Copeland Street and raise and appropriate money for the same.

Voted—To pass the article.

Article 28. To see if the Town will take any action for the collection and disposal of garbage, ashes and other

waste matter and to make any appropriation for the same. (By Petition).

Voted—To pass the article.

Article 29. To see if the Town will raise and appropriate the sum of \$300.00 for the maintenance of Visiting Nurse Service in West Bridgewater.

Voted—To raise and appropriate \$300.00 for the above.

Article 30. To see if the Town will vote to allow the Parent Teacher Association the use of the Town Hall free of charge for the purpose of holding one meeting each month for a period of at least one year.

Voted—That the matter be left in the hands of the Selectmen.

Article 31. To see if the Town will raise and appropriate the sum of \$3,925.00 for a gasoline power roller, scarifier and leveling blade.

Voted—To pass the article.

Article 32. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to seal coat Walnut Street, Manley Street and East Street.

Voted—To pass the article.

Article 33. To see if the Town will vote to raise and appropriate the sum of \$525.00 for the purchase of a Ford car for the Police department.

Voted—To purchase a Ford car for the use of Police Department for \$525.00, and that \$125.00 of the amount be taken from the regular Police appropriation.

Article 34. To see if the Town will vote to raise and appropriate the sum of \$1,300.00 to move the South Main Street Schoolhouse to the land adjoining the Town Hall and fix it for use as a garage for the Highway Department.

Voted—To pass the article.

Article 35.—To see if the Town will vote to authorize the Selectmen to sell the Schoolhouse lot on South Main Street.

Voted—That the Selectmen be authorized to sell the Schoolhouse and land on South Main Street at public auction and to execute and deliver all deeds and papers necessary to transfer title thereto.

Article 36. To see if the Town will authorize the Selectmen to sell the East Street Schoolhouse and land.

Voted—To authorize the Selectmen to sell the East Street Schoolhouse and land at public auction, and to execute and deliver all deeds and papers necessary to transfer title thereto.

Article 37. To see what action the Town will take relative to paying the members of the School Committee salaries or other compensation, to appropriate money therefor, or take any action relative thereto. (By petition).

Voted—To pass the article.

Article 38. To see if the Town will vote to appropriate the sum of \$6,281.00 from Water Revenue to pay bonds and interest of the Water Department.

Voted—That \$6,281.00 be appropriated from Water Revenue to pay bonds and interest of the Department.

Article 39. To see if the Town will vote to appropriate the sum of \$9,500.00 from Water Revenue for maintenance of the Water Department.

Voted—That \$9,050.00 be appropriated from the Water Department for the maintenance of the Department.

Article 40. To see what amount the Town will vote to raise and appropriate for the use of the Plymouth County Trustees for County Aid to Agriculture and choose a Town Director as provided in sect. 41 and 45 of Revised Chapter 128 of the General Laws and act thereon.

Voted—To raise and appropriate \$100.00 for the above and chose Mrs. Corelli C. Alger as Town Director.

Article 41. To see if the Town will vote to appoint a committee of three men not holding office in the Town to look into the advisability of improving the Town Offices at the Town Hall and if they think advisable, to submit plans and estimates at the next Town Meeting. (By petition).

Voted—To pass the article.

Article 42. To see if the Town will vote to raise and appropriate the sum of \$200.00 to install a flush closet in the Town Hall for the use of the Town Officers. (By petition).

Voted—To raise and appropriate \$150.00 for the above.

Article 43. To see if the Town will vote to authorize the Board of Selectmen to sign an agreement with the New York, New Haven & Hartford Railroad Company in accordance with Chapter 417 of the Acts of 1930.

Voted—That the Chairman of the Selectmen sign the agreement with the Railroad Company.

Article 44. To see if the Town will vote to appropriate from the Surplus Reserve the sum of \$347.80 for unpaid bills for the year 1930 (Schools \$312.80 and Public Welfare \$35.00).

Voted—To appropriate from Surplus Revenue the sum of \$347.80 for unpaid bills of 1930—Schools \$312.80, Public Welfare, \$35.00.

All articles in the Warrant having been disposed of, it was voted to dissolve the meeting at 10.50 o'clock P. M.

A true record,

EDWARD H. CROCKER,
Town Clerk.

Deaths recorded in 1931, 29.

Males, 16; Females 13.

EDWARD H. CROCKER,
Town Clerk.

ABSTRACT FROM CHAPTER 46 OF THE GENERAL
LAWS OF MASSACHUSETTS

Sec 3. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth giving the street number if any, color and the family name. They shall within fifteen days after the birth, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a report of the birth, stating the date and place, the name, if any of the child, its sex and color, and the names, ages, places of birth, occupations and residences of the parents, giving the street number, if there be any, and the number of the ward in the city, the maiden name of the mother, if the full return is not made within forty-eight hours.

The fee of the physician or midwife shall be twenty-five cents for each birth so reported. A physician or midwife who neglects to report each birth within forty-eight hours or fifteen days thereafter, shall for each offence forfeit a sum not exceeding twenty-five dollars.

Sec. 6. Parents, within FORTY DAYS after the birth of a child, and every householder within FORTY DAYS after a birth in his house, SHALL cause notice thereof to be given to the CLERK of the city or town in which such child is born.

The facts required for record, as stated in section 3, shall, so far as known or obtainable, be included in every notice given under the provisions of this section.

Sec. 8. A parent, or other person who, by section 6,

is required to give, or cause to be given, notice of a birth or death, who neglects to do so for TEN DAYS after the time limit therefor, shall forfeit not more than five dollars for each offence.

Sec. 24. The Town Clerk shall furnish blanks for returns of births to parents, householders, physicians and midwives who apply therefor.

Fifty-second Annual Report of the Trustees of the Public Library

CIRCULATION AND GROWTH

This library in common with other libraries throughout the country has been exceptionally busy during the past year.

The circulation has reached the 30,000 mark, an average of 10 books to each inhabitant. These 30,000 books have been taken out by approximately 750 different people.

This record circulation shows an average of 315 for each day the library has been open with a high single day count of 1,222. The total gain for the year was 7,222 over 1930.

The school circulation also shows a substantial increase of 3,580 due largely to an increased amount of reference work. We appreciate the co-operation of teachers in reporting the school circulation of the book deposits in different sections of the town.

There have been added 516 books, 485 by purchase and others by gift, notably the valuable gifts of Mr. and Mrs. Puffer.

IMPROVEMENTS

A new four shelf sectional book case for the housing of the more recent acquisitions of mystery and detective

stories has released needed space in other cases for different types of fiction.

A new card catalogue case has made possible a more satisfactory arrangement of cards—Adult, juvenile and subject indices are now in separate cases.

The nucleus of what we hope will prove to be a helpful picture collection is well started with several hundred pictures. The historical series, including views of incidents in the life of George Washington is already mounted and forms part of this library's exhibit in connection with the celebration of the 200th birthday anniversary of the Father of His Country.

To all who have so sincerely co-operated with us during the year we extend our hearty thanks.

CHARLOTTE L. WILLIAMS.

Report of

Sealer of Weights and Measures

To the Honorable Board of Selectmen

Gentlemen:

In compliance with the requirements of the law. I herewith submit my annual report of this office. I have visited all the places of business where it was known weighing and measuring devices are used and have tested and sealed or condemned the same. Below is a list of the work done:

	Adjusted	Sealed	Condemned
Platform Scales	2	39	
Beam Scales		8	1
Spring Scales	1	31	1
Counter Scales	2	19	
Avoirdupois Weights	1	133	1
Liquid Measure		53	4
Gasoline Pumps	1	30	
Gasoline Meters		13	
Oil Pumps		11	
Vehicle Tanks		1	
Dry Measures		1	
	<hr/>	<hr/>	<hr/>
Totals	7	339	7
Sealing Fees Received			\$64.00
Pedler's License Fees			\$30.00

CHRISTOPHER READ,
Sealer of Weights and Measures.

Report of Gypsy Moth Superintendent

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my annual report for the year 1931. The condition of the gypsy moth infection in the town shows an increase over last year. In scouting for egg clusters, we have found them more abundant than a year ago, due, no doubt, to the very favorable weather conditions. We have sprayed all the trees on the roadside and creosoted all the egg clusters we have found. There are a number of inquiries and some complaints because we do not destroy the fall web worm. The reason we don't do this is because we have no funds for that purpose. The best method known to destroy them is to cut them off and burn them.

Expenditure:

Labor	\$1,785.73	
Teams	254.50	
Gas and Oil	72.80	
Repairs	83.52	
Unemployment Labor	287.40	
Supplies and Incidentals	115.45	
Total	<hr/>	\$2,599.40

CHRISTOPHER READ,
Local Superintendent.

Report of Tree Warden

The past year was very favorable to the shade trees and they are in a very healthy condition. Fortunately the year has been free from damaging storms.

I have trimmed dead limbs off trees all over town, also cut limbs that were too low. A large number of our trees are old and required more attention than young ones. A great amount of damage is being done to the trees by careless motorists.

Expenditures:

Labor	\$467.00	
Gas, Oil and Tools	16.28	
Total	<hr/>	\$483.28
Receipts		\$51.50

CHRISTOPHER READ,
Tree Warden.

Report of Inspector of Animals

There have been inspected during the past year 75 stables and 703 cattle. Of these 3 were quarantined and killed and found tubercular. There were 20 hogs, 3 goats and 3 sheep inspected.

Animals slaughtered:

Calves	620
Hogs	251
Beef	6
Sheep	4

Total	881

Animals Condemned

Calves	6
Hogs	2

Total	8

DAVID DAILY,
Inspector.

Report of Chief of Police

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my annual report of the West Bridgewater Police Department for the year ending December 31, 1931.

Appropriation	\$2,800.00	
Taken from appropriation for police car	105.00	
		<hr/>
Actual working Appropriation	\$2,695.00	
Unexpended Balance	8.73	
Fines returned to Town	521.16	
Re-imbursement from dances	444.00	
Net cost of Police Department to Town	1,721.11	
Stolen Property recovered, value	2,942.00	
Complaints Investigated	335	
Number of Arrests:		
Males	198	
Females	2	
		<hr/>
		200

CAUSES OF ARRESTS

Operating without license	5
Driving under the influence of liquor	7

Driving without registration	3
Failing to slow at an intersection	8
Allowing vehicle to remain in restricted space	8
Operating faster than reasonable and proper	1

MISCELLANEOUS

Automobile accidents	33
Accidents where persons were injured	15
Accidents where persons were taken to doctor	8
Accidents where persons were taken to hospital	7
Automobiles recovered for other departments	3
Automobile transfer papers made out	108
Horses shot	3
Dogs shot	2
Business places found unlocked	2

The Police car has traveled 11,580 miles and the motorcycle 542 miles in the performance of duty.

The department has placed road signs at all dangerous corners, crossings, intersecting streets and at all school houses; maintaining also two silent police signals, one at Central square and one at Elm square.

Again I wish to impress upon the parents the need of instilling into the children the danger of accidents which may be avoided by exercising caution and care by themselves.

I wish to thank the School Traffic Officers and this department is very proud of the way the officers have handled the work and the interest they have taken. I also wish to thank the teachers for their hearty co-operation in this work.

CRIME

The increase in arrests and crime is due to more violations of the motor vehicle and the large amount of automobile traffic through the Town which is estimated by the State as 90,000 cars a week. I realize that what ever measure of success we have achieved in maintaining law and order is owed to the co-operation of the Court and

Town Officials and to the fact that the greater part of our people are orderly and law abiding.

In closing I wish to thank the Selectmen and all others who have in any way helped the department. To the officers I extend my hearty thanks for their co-operation.

Respectively submitted,

WARREN P. LAUGHTON,
Chief of Police.

Report of Fire Department

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit the annual report of the West Bridgewater Fire Department for the year ending December 31, 1931.

CALL FORCE

The call force consists of twenty men, one chief, one assistant chief, three captains and five fire wardens.

APPARATUS

The apparatus consists of one Maxim 500 gallon triple combination pump and hose truck, one Federal combination chemical and hose truck stationed at the center, one Reo combination chemical and hose truck stationed at Cochesett, and one single drawn hose wagon at Jerusalem.

WIRE DEPARTMENT

There has been 500 feet of insulated copper wire strung and two new tapper bells installed. The fire alarm is tested every night except Sunday.

VALUE, LOSSES AND INSURANCE PAID

Estimated value of property where fires have occurred including buildings and contents	\$22,400.00
Insurance carried on same	35,500.00
Insurance loss paid	8,985.32

FIRES AS THEY OCCURRED

Jan.	8	E. B. Wilbur, Est., East Centre St., meadow.
	15	Alfred Lawson, Pleasant St., chimney.
	15	Alfred Lawson, Pleasant St., chimney.

- 26 William Ryder Est., East Centre St., chimney.
- 29 Anthony Turski, meadow.
- 29 Sunset Ave. Church Yard, grass.

In performing this service the apparatus has traveled 215 miles, laid 8,100 feet of $2\frac{1}{2}$ hose, 1,750 feet chemical hose, 200 feet of $\frac{3}{4}$ inch hose; raised 780 feet of ladder and used 146 gallons of chemicals.

In closing I wish to thank the Selectmen and all others who have in any way helped the department.

To the officers and members of the department I extend my hearty thanks for their co-operation.

Respectively submitted,

WARREN P. LAUGHTON,
Chief of Fire Department.

Report of Plymouth County Aid to Agriculture

Through local and county-wide meetings of farmers and homemakers, through timely circular letters, through the 4-H clubs organized for the boys and girls of the county, and by means of personal correspondence, individual service to farmers and members of their families, and by assisting in the orderly marketing of agricultural products, the Plymouth County Extension Service, during 1931, co-operated with every town in the county in bringing to its citizens information regarding agriculture and homemaking. Very nearly six thousand families in the county have received assistance, information, or advice from the extension Service this past year.

Attendance at agricultural meetings increased from 4,000 to over 6,300. Office calls have doubled and telephoned requests for information increased by 50%. There was a 50% increase in homemakers attending extension groups and the number attending single meetings was doubled. Membership in 4-H clubs has continued its steady growth with an increase of 50% in visits to club members.

Many farmers in West Bridgewater were regular attendants at the meetings and tours. Eighty-eight men received regularly circulars and letters on questions of poultry management, pastures, dairy feeding, and other agricultural topics. Twenty-seven personal visits were paid by the county agent to farmers to give them advice on their

individual problems. A demonstration of methods of corn borer control was held at the farm of Earl Gummow, and was attended by dairymen and market gardeners from neighboring towns as well as West Bridgewater. During the rat control campaign, 85 packages of especially prepared bait were supplied citizens of the town at cost.

Of the home projects, West Bridgewater has participated especially in Child Development and Clothing programs. Large numbers of homemakers enrolled for the nutrition, gardening, and canning letters, and many registered for the mothers' service series.

Eighty-two club members were enrolled in the following clubs: canning, clothing, garden, handicraft, home decoration and poultry. The organized clubs met regularly with a local leader.

George Perry, a garden club member for three years, was selected as the Plymouth County garden delegate to the state 4-H club camp.

Esther Peterson won third place in one class of the dress contest.

Garden club members raised products valued at approximately \$450.00.

To present the annual report of the Plymouth County Extension Service, is always a pleasure. I wish to thank all those persons who have given assistance for their enthusiasm and their faithful work.

CORELLI C. ALGER,
Town Director, (Per O. S. B.)

Report of Water Commissioners

To the Honorable Board of Selectmen:

At the end of the year 1931 the Town has on hand in cash from water receipts, \$16,109.18 and \$3,307.89 in uncollected water rates. It seemed to the majority of the Water Commissioners that with this sum available for appropriations it would be a fitting time to reduce the water rates so commencing on April 1, 1932, the new rates of \$18.00 per year for 48,000 gal. and \$13.00 per year for 36,000 gal. will be in effect. This lowering of water rates will decrease the income of the water department approximately \$2,500.00, so that commitments for the year 1932 should total in the vicinity of \$18,000.00 against appropriations requested for maintenance, bonds and interest, totaling \$15,005.09. If the total of uncollected water rates remains approximately the same as it has for the past two years, collections for 1932 should just about take care of expenditures.

As regards the cash surplus of \$16,109.18 the majority of the Water Commissioners do not favor appropriating any of this money this year for new or replacement construction. They feel that the Town if they wish this money used in Water Construction, should allow the Water Department the opportunity of presenting a comprehensive plan for rehabilitation of the Water Works to be done over a period of years systematically. With the present Bond issues maturing nearly in full within the next ten years,

additional Bond issues could cover part of the cost of re-construction with no increase in Water Rates.

Maintenance expense for the year 1931 decreased over the previous year \$442.00. City of Brockton water bills which were \$332.48 less than the year previous accounts for the major part of the decrease. Commitments for the year after abatements of \$176.46, total \$20,689.67 of which \$2,357.98 was committed for excess water and \$130.00 committed for repairs and construction.

During the year there has been installed six new services, and twelve new meters. Three 4" hydrants have been moved, 24 curb boxes, and 10 gate boxes raised for road and sidewalk construction.

STOCK USED

10 Corporation cocks	24 Leaks in mains and ser-
17 Curb cocks	vices
7 Lead bends	16 Leaks in meters
21 Curb boxes	8 New Gates 4" and 2"
9 Gate boxes	300 Feet 1" Pipe
18 1" Stopping waste	250 Feet 2" Pipe
24 Meters repaired	130 Feet Brass Pipe. 1"
19 Meters cleaned	10 1" Slip fittings
6 Services cleaned	7 2" Slip fittings
3 Services renewed	12 Hydrants repaired

FAELTON PERKINS,
 HERVEY DUNHAM,
 WARREN P. LAUGHTON,
 Water Commissioners.

Report of Selectmen and Board of Public Welfare

The Selectmen would call to the attention of the voters of the Town the increase in the calls on the Public Welfare Department.

The Town paid for the Public Welfare in 1929 about \$4,000; in 1930, about \$6,000; increasing in 1931 to about \$9,000.

The Old Age Assistance is another added expense to the Town, the amount now being about \$130.00 per week.

For permanent roads we finished the West End of East St., to Matfield St., a distance of 1,918 feet, at a cost of \$6,129.00, the State paying one half, the County one-quarter and the Town one-quarter.

The Selectmen worked with the Planning Board chosen by the Town as follows:

On Spring St., a Tarvia top road 4,300 ft.; on Howard St., Tarvia top, 2,640 ft.; on Crescent St., Tarvia top, 2,600 ft.; on Matfield St., Tarvia top, 900 ft.

The Selectmen recommend that more Tarvia top roads be built on certain streets where the travel is light.

MORTON A. SIMMONS,
JAMES A. HEMENWAY,
WALTER C. WHITING.

Report of Highway Department

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit to you the annual report of the Superintendent of Streets. The work on highways started the first of January and continued through to December 31. From January 1 to March 15 the most of our work was gravelling some of our poorest streets and the removal of snow. A great amount of this work was done in order that we might provide some work for the unemployed citizens of the town. Our scraping and dragging started April 1 and continued at intervals through the summer and fall.

I believe that more new road was made the past year than ever before. The Street Railway tracks were removed from Matfield Street and a fine piece of tarvia top road 900 feet long and 24 feet wide was built there. Howard street was torn up and regravelled and a Tarvia surface placed thereon for a distance of about 2,200 feet. About half mile of tarvia top was laid on Spring street, from Howard street to the residence of Josiah Tuck. Another piece was built from No. Elm street to Progressive avenue. Half mile of this type of road was built on Crescent street from North Elm street to the residence of John Peterson. The expense of the steam roller for this work was six hundred seventy-five dollars. Manley street, Walnut street, South Elm, and East street, were given a surface treatment

of asphalt and sand. South and Union streets were treated with Tarvia Re-Tread. Thirty tons of calcium-chloride was distributed on the dirt and gravel roads. Twelve inch concrete pipe culverts were placed in Walnut and Manley streets.

The corner at West Centre and Main streets has been widened and a black top sidewalk built from that point to Howard street. The black top walk on North Elm street was continued from Sunset avenue to Crescent street. During the past year we have gravelled the following streets. Manley street, 1,200 feet; Pleasant street, 1,000 feet; Forest street, 1,000 feet; Samuel avenue, 400 feet; Progressive avenue, 800 feet, Bedford street, 2,000 feet; Ash street, 500 feet; Walnut street, 1,800 feet; Bryant street, 1,500 feet; Commonwealth avenue, 700 feet.

Several new street signs were put up and some of the old ones replaced. A large amount of railing has been built. There is still a lot of this work to be done for the safety of the public. A great deal of patching, both gravel and tar, has been done under Chapter 81 work.

In conclusion I wish to thank the Selectmen for their courteous treatment, also all others for their co-operation during the year.

Respectfully submitted,

DANIEL A. PENPRAESE,
Superintendent of Streets.

ARTHUR C. PECKHAM,
Town Accountant.

State Auditor's Report

To the Board of Selectmen,
Mr. Morton A. Simmons, Chairman,
West Bridgewater, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the accounts of the town of West Bridgewater for the year ending December 31, 1931, made in accordance with the provision of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

REPORT

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston.

Sir:

In accordance with your instructions I have made an audit of the books and accounts of the town of West Bridge-

water for the year ending December 31, 1931, and submit the following report thereon.

The financial transactions of the town, as recorded on the books of the several departments receiving or disbursing money for the town, were examined and reconciled with the books and records in the accountant's office.

The books and records of the town accountant were examined and checked. The recorded receipts were checked with the reports from the several departments making payments to the town treasurer and with the treasurer's cash book.

The ledger was analyzed, the necessary adjustments were made, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of December 31, 1931.

In checking the appropriations as recorded in the town accountant's ledger with the town clerk's records of the town meetings, it was noticed that at the adjourned town meeting held March 9, 1931, an appropriation of \$347.80 for unpaid bills of 1930 was voted to be taken from surplus revenue, and that at a special town meeting held January 18, 1932, an appropriation of \$1,767.82, representing unpaid bills of 1931, was voted from surplus funds in the treasury.

In this connection attention is called to Section 23, Chapter 59, General Laws, as amended by Chapter 428, Acts of 1931, which requires that the assessors raise all sums appropriated by the town since the last preceding annual tax assessment, and which also provides that deductions on account of appropriations voted from available funds in the treasury may be made by the assessors only upon the approval of the Commissioner of Corporations and Taxation. All appropriations voted by the town, whether they are to be raised by taxation or to be provided for by transfer from available funds in the treasury should be certified by the town clerk

to the assessors, in accordance with the requirements of Section 15-A, Chapter 41, General Laws.

The recorded transfers from the reserve fund were compared with the authorizations for transfers by the finance committee.

The books and accounts of the treasurer and collector, as treasurer, were examined and checked, the recorded receipts being compared with the records in the several departments collecting money for the town, with the other sources from which money was paid into the town treasury, and with the records in the town accountant's office. The payments were checked with the warrants authorizing the treasurer to disburse town funds and with the accountant's ledger accounts.

The payments on account of debt and interest were checked with the amounts falling due. All the cancelled securities were not available for examination, and it is again recommended that they be properly filed when received.

The treasurer's cash on hand was verified by an actual count and the bank balance was reconciled with a statement furnished by the Home National Bank of Brockton as of January 18, 1932.

The saving bank books and securities, representing the investments of the various trust funds in the custody of the town treasurer, were examined and listed, the income being proved and the withdrawals checked and reconciled.

It is again recommended that the overdraft of \$50 in 1930 in the account designated "Library-Books", be provided for by transfer from library trust fund income.

The books and accounts of the treasurer and collector, as tax collector, were examined and checked. The commitments of taxes were verified, the recorded receipts were compared with the payments to the treasurer, the abatements were listed and checked to the assessor's records of abatements granted, and the outstanding accounts were

listed and proved. A further verification of the outstanding accounts was secured by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

It is recommended that determined action be taken at once to secure settlement of the outstanding taxes for the levies of 1927, 1928, 1929 and 1930, in order that the collector may perform her duties faithfully in accordance with the terms of her surety bond.

The books and accounts of the treasurer and collector, as water collector, were examined and checked. The recorded abatements were checked with the water commissioners' records of abatements granted, and the outstanding accounts were listed and proved with the accountant's ledger.

The records of the town clerk for dog and sporting licenses were examined and checked, and the payments to the County and State, respectively, were verified with the receipts on file.

The receipts from rental of the town hall and from licenses granted by the selectmen did not lend themselves to proper audit, due to the inadequate records kept. It is again recommended that complete records be kept in order that income from these sources may be properly audited.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures, the tree warden, the school, public welfare, and library departments were examined, and the payments to the treasurer were verified.

The surety bonds of the treasurer and collector and of the town clerk were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's

cash summaries of the tax and water accounts, together with tables relative to the trust fund transactions.

While engaged in making the audit I received the co-operation of the several town officials, and on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

EDWARD H. FENTON,

Chief Accountant.

The figures and tables referred to by the Chief examiner are a repetition of those contained in the town accountant's and town collectors report of 1931.

Report of School Committee

To the Citizens of West Bridgewater:

The successful operation of the public schools of the town for the past year has presented problems of administration that have not been easy to solve. The chief difficulty of course has been financial, which is undoubtedly true of a great many communities, large and small in the state. One item of expense in our entire amount of expenditure which largely exceeded our estimate was that of tuition for students in the vocational schools, of Bristol and Norfolk County.

Over this outlay the School Board has no control, as any student over fourteen years of age may elect this type of education, the tuition for which is \$200 per year per pupil. In 1930-31 there were only four pupils attending these schools, while at present writing we are paying for the education of eleven boys at the above mentioned vocational institutions.

The fact that we receive from the State one half of the total amount we pay for this class of tuition makes it possible for the town to carry this expensive educational burden. The School Board however, is compelled to ask for the entire amount of such tuition in its annual budget estimate, a condition that makes the budget assume larger proportions, than the net expense to the town substantiates.

Such repairs as seemed necessary for the maintenance of our school buildings in good condition were carried out

last year, and we feel that we can carry on for the current fiscal year with a comparatively small outlay for this department of school operation.

In the reports of the Superintendent of Schools, and the various supervisors will be found brief but excellent summaries of conditions and needs as the various officials see them. These will repay careful reading by all interested citizens. But few changes have occurred in the teaching staff of the system, a condition that in the main works for the benefit of education as continuity of service has several important advantages to any community.

Under the energetic and capable leadership of Superintendent Robinson, progress has been steady and sure. Modern methods of teaching and supervising are effectively employed, and the spirit throughout the system is one of very helpful co-operation in all departments of activity.

We have asked in our budget estimate for 1932 for less than we expended in 1931 with the purpose of aiding the general financial situation as far as we can by exercising the most rigid economy that is consistent with good service from teachers, and adequate education for the boys and girls of our town.

Our budget estimate for 1932 is as follows:

General Control	\$4,350.00
Teachers' Salaries	31,500.00
Books and Supplies	2,200.00
Janitors' Service	2,400.00
Fuel and Light	2,100.00
Maintenance and Repairs	700.00
Transportation	3,700.00
Tuition	2,500.00
School Nurse	950.00
Miscellaneous	100.00
Total	<hr/> \$50,500.00

Report of Superintendent of Schools

To the School Committee:

I herewith submit my third annual report in which the needs and activities of the various departments are briefly set forth.

The changes in teaching personnel were fewer than in the preceding school year, numbering three replacements and two additional assistant teachers for the current school year 1931-1932. In the Howard High School, Miss Beatrice Copeland of the history department was replaced by Miss Emily Rutter, a graduate of Wheaton College, with an A. M. degree from Clark University. Miss Madeline Rice of the language department was succeeded by Miss Edna Currier a graduate of the University of New Hampshire. Both of these teachers are doing excellent work in their respective departments.

At the Cochesett School Miss Priscilla Smith was appointed to the primary grades, to succeed Miss Grace Dash-off who was transferred to the fifth and sixth grades of the Sunset Avenue School formerly taught by Miss Dorothea Murphy who resigned to take up work at East Haven, Connecticut. The membership of Miss Mildred MacDonald's third and fourth grade room has been in excess of fifty pupils from the beginning of the school year. We have been able to secure the voluntary services of Miss Nellie Turski, a graduate of the Castine, Maine State Normal School, who

has been doing excellent work assisting Miss MacDonald, for the purpose of gaining teaching experience for herself.

A similar congested condition has existed at the Center School where Miss Riley's seventh grade membership has numbered over fifty since the opening of the school year in September. Here again we have been fortunate in securing the services of Miss Alice Guinea, a four year graduate of Bridgewater Normal School, who has also done excellent work in both 7th and 8th grades, thereby relieving the teaching burden of Principal Rose MacDonald and Miss Margarette Riley.

Throughout the school system there is ample evidence of fine spirit, good discipline, and productive teaching methods on the part of all our teachers, and I take this opportunity of expressing my own appreciation of this valuable and important element in the success of our local school administration.

The achievement tests given in May from the fourth to eighth grades inclusive revealed a very satisfactory standard of accomplishment for the school year. Since these tests are primarily designed for straight grades, it is gratifying to have pupils of double graded rooms attain a scholastic level that easily bears comparison with those school systems in which each room has but one grade and one teacher to that grade. The interest and energy displayed by all the teachers in giving these tests, tabulating them and interpreting the results, must of necessity help to raise our scholastic standards, and work toward the attainment of a certain degree of uniformity in our educational results.

Worn out and antiquated text books have been replaced as rapidly as possible by judicious selection from the great amount of high class modern texts that are now available in the school book publishing world. Many of these texts are most skilfully designed for clarity of teaching, and simplicity of understanding on the part of the pupils, to

whom a great variety of factual knowledge is presented in an attractive and scientific manner.

The annual reports of the various supervisors are presented at this time and are worthy of very careful reading. They give a sharp, distinct picture in every instance of the aims of each department, the problems that arise from time to time which present difficulties and the conditions that hamper successful operation. These reports have been well thought-out and effectively presented.

In conclusion I wish to acknowledge the constant support and sympathetic guidance of the School Board, whose spirit has been always progressive, and expressed in reasonable and workable methods of school administration.

Respectfully Submitted,

ERNEST W. ROBINSON,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Mr. Ernest W. Robinson,
Superintendent of Schools,
West Bridgewater, Mass.

Dear Sir:

I herewith submit my fifth annual report as Principal of the Howard High School.

On November 1 the school's enrollment was at its maximum, 150, distributed as follows: 33 Seniors, 31 Juniors, 30 Sophomores, and 47 Freshmen. This membership which is four less than the largest number, 154, reached in 1925, represents an increase of 11 over last year's figures. Beginning with 1923 the totals up to the present year are: 137,

137, 154, 142, 135, 129, 138, 130, and 139. The average enrollment for the five year period starting with 1922 exceeds by 4 that for the last five year period.

During the past four years the school has graduated 88 students, of whom 22 matriculated in college, and 19 entered business schools of high standing. Considered as one group these students reflect credit upon the school from which they graduated. Such unsolicited statements as, "... Miss Blank is doing decidedly excellent work, reflecting great credit not only upon herself but upon the training which she received in your school. . . .," and "especially good work in accounting and typewriting," give an excellent idea of the character of work done by our commercial graduates. The first semester results of the college group viewed in connection with the method by which they were admitted to their respective institutions are tabulated below.

	College			Normal Schools			Total
	C	E	D	C	E	D	
Students	10	2	4	3	0	3	22
Subjects	73	14	34	32	0	30	183
Subjects Failed	3	1	6	0	0	0	10
% of Failures	4	7	17	0	0	0	5

C, entered by certificate E, entered by examination
D, entered by diploma

As noted above 183 courses were completed with only 10 failures, for 7 of which the school assumes no direct responsibility. The school, however, is particularly concerned with the percentage of failures in certified subjects which have been taken in High School and continued in college. Although small these failures cannot be neglected. The High Schools' course becomes clear when further study discloses the fact that these failures were the outcomes of the policy of admitting students into college on certificates when the grades in these subjects placed them barely with-

in the certificate class. Furthermore, frequent failures in college of our certified students inevitably means the loss of serving better both the school and its pupils, and without upsetting the present system of marking and promotion, the grade necessary for certification to college has been raised from 80 to 85%.

Through the generosity of the Class of 1931, the school has acquired a radio-victrola combination. By reason of its wide range of usefulness, this instrument gives promise of becoming a powerful factor in furthering school interests and objectives. In addition to making available many of the educational features of the air, through the medium of the radio, selections of our own choice may be presented at a time convenient to the particular group interested. Plans are now in preparation for a music memory contest the aim of which will be to foster and develop greater knowledge, enjoyment, and appreciation of worthwhile musical selections. In this educational program the victrola will be indispensable.

The extra-curricular policy of limiting the number of activities of the school has functioned faultlessly. Conflicts have been eliminated, the outside-of-class burden of the students has been lightened, and indications point toward better academic achievement. Greater concentration of effort upon fewer activities results in turning out finer products. This increased interest and productivity manifests itself especially in the school's magazine, "The Climber," and in the orchestra, as well as in interclass activities. From the standpoint of the number of students participating, the fine sportmanship displayed, and the splendid spirited enthusiasm of pure enjoyment in this type of physical work, the interclass basketball series this year was more successful than ever. Placed upon a purely voluntary basis over one half of the students took part.

This year the long list of worthy improvements in the

school plant was lengthened by the painting of the gymnasium walls, the addition of needed desks, tables, and chairs, and the installation of other radiators in the office and Room 9.

In conclusion, I wish to thank the Trustees of the Howard Funds for their generosity and interest in bettering the physical equipment of the school, and you, the Teachers, School Committee, and other friends of the school for your loyal support of my efforts to maintain and enrich the school's activities on a high educational level.

Respectfully submitted,

NILS G. LINDELL,
Principal.

REPORT OF SUPERVISOR OF MUSIC

Mr. Ernest W. Robinson,
Supt. of Schools,
West Bridgewater, Mass.

Dear Sir:

I take pleasure in submitting my annual report as Supervisor of Music in the public schools of West Bridgewater.

In the high school the chorus numbers one-hundred and thirteen students. An effort is being made to develop and foster group singing among the boys and girls respectively. Instead of confining the work exclusively to mixed chorus singing as heretofore a three and four part male chorus and a three part female chorus have been tried. Using the regular music period for this work necessarily means a large part of the students sitting unoccupied while the other group is busy. For this reason I most strongly urge that the School Board consider the value of boy's and girl's glee

clubs which would furnish added advantages for the more musically inclined. Each year our high school chorus grows and the proper seating of this group at graduation will soon become a problem.

It has seemed desirable to the State Department of Education to have a course in music in the high schools that would serve as the best preparation for admission to the State Normal Schools. This course would also be of value to other students interested in music. The suggested outline which includes theory, sight-singing, and elementary harmony, would require two periods a week. Such a course has long been followed in many high schools and the supervisor has felt its need in our own program.

In the elementary schools doing away with the ninth grade and combining the seventh and eighth grades much of the technical work ceases with the sixth year, which means that certain musical problems are never learned. The uniting of the seventh and eighth grades at the Center, which group is steadily growing in numbers, forbids class work in theory. The room is too crowded. There is no opportunity for seat work or individual help.

The needs at the Sunset Avenue School are very apparent. While it is evident that the general atmosphere of the building has improved, the classes in music have lost. This is largely due to the fact that the personnel of the teaching force has been changing often for several years and in some cases the teachers were not strong in music. This condition has left its mark on the quality and quantity of work done and the classes are retarded in some cases a year or two. This school receives a visit from the supervisor once in two weeks and if a holiday occurs on that day it means a period of three weeks. If these grades were musically strong more frequent supervision would not be necessary.

In the third and fourth grades the room is so crowded that practically all the work is rote. This will reveal itself

most discouragingly later on when older pupils will be required to do lower grade work in music. Such conditions leave their scars. The Music Hour series which has been introduced into one or two of the grades is most attractive, appealing and instructive in content. The children enjoy these illustrated songs. In the lower grades the singing of some of the songs has been accompanied by the rhythm band much to the delight of the children.

In the Matfield School a class in piano playing was organized in the spring. These little pioneers in piano-class instruction were Audrey Sturgiss, Eleanor Sturgiss, Myrtle Lee, Virginia Barclay, Arlene Porter, and Jesse Morse. The interest was enthusiastic, the progress marked and the co-operation of Miss Kett and Miss Ward most helpful. In September the supervisor made an effort, through the teachers, to organize more of these classes. There was not a sufficient response to make the project worthwhile. I should like to say a word about these classes with the hope that something may be done when financial conditions warrant.

Throughout the country, in almost every State in the Union, classes in instrumental music have been organized in the schools and chief among these is the class in piano instruction. A course in piano is the best foundation for learning to play all other instruments. It is the one instrument most usually found in the home. These piano classes afford exceptional opportunity for the development of hidden musical talent, and, because of the very small expense, give to a greater number of children the advantages of musical training. The cost of equipment—including book, rack, pianoforte keyboard, key finder and chord finder—and ten lessons of one hour each, for a class of twelve or fifteen, is five dollars per person.

For several years in her report the supervisor has advocated a course in music appreciation. In the newer music books such a course is taken for granted and an outline of

work indicated. In West Bridgewater no time in the schedule has been allotted for such a course. What little is done along this line is very desultory yet it has met with a responsive interest on the part of the children. With the radio making its appearance in nearly every home and with the field it opens up to every listener I most strongly urge that some decided step be taken for educating and training the young ears to recognize, understand and appreciate the best in music. George Bernard Shaw says, "If young men had Music—to interest them, to engage them and satisfy many of their impulses, they would not go to the low pleasures of the streets: they would be too fastidious to do so, for they would have an alternative."

Our children know little or nothing about the great masters in Music. They know Henry Ford, Thomas Edison and Charles Lindberg, valuable men who have made their contribution to our material comforts; but Beethoven, Edward MacDowell, Stephen Foster, Fritz Kreisler, men who have contributed to the cultural and aesthetic sides of life are not even known by name.

The radio brings two kinds of music:—1, that which needs no conscious understanding because its message is instinctively barbaric and physical; and 2, the kind that appeals to intelligence and requires training and nourishing. The popular music with its varied syncopation and primitive rhythm appeals to the physical sense. We begin to tap, swing and sway all unconsciously. But the music that reaches the heights and depths, the head and the heart; that stirs the emotions and inspires braver and loftier thoughts; this is the music that gives birth to courageous deeds and holy ideals; this is the kind for which we should cultivate a taste.

The supervisor would recommend that this course be taken under serious consideration for another year and if possible be given a place in the school curriculum. A lim-

ited number of records could be procured and a first course in "Learning to Listen" be introduced, ending with a public music memory contest for the recognition of selection, composer and instrument playing.

In closing may I express my thanks to you for your helpful suggestions.

Yours respectfully,

LOIS J. SNOW,
Supervisor of Music.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools and School Committee:

In accordance with the usual procedure, the School Physician, Dr. Ellis LeLacheur, made his annual routine examination in September. Beginning at the High School notices were sent to parents of cases of defective tonsils and adenoids in their children. Two were found to have defective thyroid glands. Ten were advised not to participate in athletic games without first consulting their family physician. Many were advised about certain health matters requiring attention.

Dr. LeLacheur continued examining pupils of the grade schools and forty two parents were advised to have their children's tonsils and adenoids removed. Other diseases found were impetigo, enlarged glands, scabies, cavious teeth, poison and minor ailments.

All children entering school were duly vaccinated.

The dental clinic has not been operating since September because there were not enough requests to cover expenses since our clinic is self supporting. Only a few chil-

dren in the lower grades receive dental care either privately or in the clinic. This is the important time to receive such dental care.

First aid material was distributed to each school.

There were two mild cases of Infantile Paralysis in pre-school children.

Thirty nine children were found to be 10% or more underweight. Measles were prevalent throughout the year. There were numerous cases of chicken pox and twelve cases of scarlet fever.

The hearing tests have not been completed with the audiometer. This year grades three, seven and nine are the only ones to be examined by this method. So far there are no children with defective hearing at the Center School and only one at the High School. Two children from Cochesett with hearing loss were examined at Massachusetts Eye and Ear Infirmary, although there is a defective hearing loss, it is not permanent. Four children obtained glasses. Fifteen children had tonsils and adenoids removed: Two Hundred Ten home calls were made.

Two boys attended Summer Health Camp, each were gland cases and the parents assumed part of the expenses, the remainder being paid out of the seal sale fund.

Dr. Paul Wakefield visited the Howard High School and talked with the students and teachers in separate groups about the coming Chadwick Clinic, December 10, 1931, and subsequently came and did the tubercular skin test on 476 children. In four days these tests were read; 121 were positive reactors. December 17, 1931 these positive cases were X-Rayed by a staff having a portable equipment. January 6, 1932, 21 of those that were X-Rayed were given further examinations by a physician from the State Department of Public Health. Final results are not yet at hand, but it is expected that about a third of those examined will be recommended for further treatment.

To the hearty co-operation of teachers, parents and interested citizens of West Bridgewater I attribute the success of the Chadwick Clinic and I herewith acknowledge my indebtedness to them for the helpful spirit they have constantly shown in all movements making for the protection and improvement of community health.

Respectfully submitted,

LILLIAN M. HEWITT,
School Nurse.

Tune: "In the Gloaming"

High school days which Time has lent us
 Fade away in future's stead,
 Hearts o'erflowed with grief and sadness
 Briefly scan the path we've led.
 Recollections, sweet and tender,
 Ne'er shall be from us aside,
 Golden stars shine bright before us
 As we leave these portals wide.

How we love our Alma Mater,
 Hail to her with worthy praise!
 Up the path with labors greater
 Our due thanks we'll ever raise.
 She has fashioned life's foundation,
 She our stumbling feet will guide.
 On this day of graduation
 Love and honor both abide.

Thus 'tis with a thrill of sadness
 That we end our High School days;
 Farewell teachers, friends, and comrades,
 May Fate favor you always.
 We depart with pleasant mem'ries
 Of the days we've spent with you;
 And the bonds of faithful friendship
 Shall endure our whole life through.

Farewell, dear old Howard High,
 May the world your name enshrine.

Christmas recess begins December 23, closes January 3, 1933

February recess, begins February 17, closes February 27, 1933.

Spring recess, begins April 21, closes May 1, 1933.

Report of the Finance Committee

In our recommendations for the new year, we have endeavored to keep in mind the existing economic conditions and at the same time, the necessity of appropriating sufficient funds to properly carry on the vital work of the Town.

In instances where we have recommended a different sum than that asked for by the department heads, this was done with confidence that the department could operate with reasonable efficiency on the lower amount which seemed justified by the financial conditions existing at the present time.

The total of the appropriations recommended by the Committee (including those called for in Articles of the Warrant of the Town Meeting as well as those shown in the "Table of Comparison") is approximately \$7000.00 less than the total amount appropriated last year. If the voters of the Town desire to accept these recommendations this should mean a reduced tax rate this year.

The appropriations recommended for Public Welfare and Old Age Assistance are considerably larger than ever before. These, however, are items which existing conditions have brought about, and which are largely beyond the control of the Committee or the voters.

In our report last year we suggested the value to the Town of having a road program planned for the construction of black topped roads covering a period of years. We believe the results of the past year justify the action of the voters in appointing such a committee. We strongly indorse the continuation of the policy of appropriating a blanket amount for all road construction other than special State and County

aided roads, and that this appropriation be spent in accordance with the judgment of the Selectmen with the advice of the Road Committee.

Although the Committee realize the need of more and better sidewalks in some sections of the Town, we feel that present financial conditions do not warrant this expenditure this year. We do not recommend additional street lights this year for the same reason.

In the past the Town has paid for several telephones in private homes. We believe this is one place where a saving, even though small, should be made at this time. Therefore, we recommend that the Town pay for no telephones in private homes except in the case of the Chief of Police, Chief of Fire Department and one telephone in Cochesett to cover the Tapper System of the Fire Department located there.

Once again, we call the attention of the voters to the serious situation in the matter of tax collections. The amount of uncollected taxes at the end of each year has steadily been increasing for several years until the total amount of uncollected taxes on January 1, 1932, amounted to over \$56,000.00, which is equal to approximately 60% of the entire commitment of the Town based on 1931 figures.

This Committee and the State Auditor in their reports of the year 1929 recommended a determined effort on the part of the Collector to effect a settlement of the overdue accounts of 1927 and 1928. However, there were outstanding on January 1, 1932, over \$300.00 on each of the years 1927 and 1928, over \$2,000.00 for the year 1929, and over \$14,000.00 for the year 1930.

The statute law requires the collection of real estate taxes in one year from October 1st of the year of assessment, and of other taxes within two years from such date. Thus all taxes for 1927, 1928, and 1929, and all real estate taxes for the year 1930 are now long overdue.

This large amount of uncollected taxes seriously affects the possibility of using any of the Surplus Revenue in the

Treasury of the Town for the purpose of lowering the tax rate of the new year. It also has a considerable bearing on the borrowing capacity of the Town. The Committee feels something must be done to remedy the situation.

We thank the Town Officers for their co-operation in our efforts to keep the recommendations as low as possible consistent with efficient service.

A table of estimates by department heads and amounts recommended by this Committee, also a report of our recommendations on the articles in the Town Warrant appear on the following pages.

Report of Finance Committee on Articles in Town Warrant

Article 1. To elect the following Town Officers by Official Ballot: One Town Clerk for one year, one Moderator for one year, one Assessor for three years, one Selectman for three years, one member of the Board of Public Welfare for three years, one Treasurer for one year, one Tax Collector for one year, one Water Commissioner for three years, two School Committee for three years, two Trustees of Public Library for three years, one Tree Warden for one year, two Constables for one year.

Polls will be open at 9 o'clock in the forenoon of March 7, 1932, and will be closed at 8 o'clock p. m.

Article 2. To choose Town Officers for the ensuing year not elected on the Official Ballot.

Article 3. To hear the reports of all Town Officers and Committees and act thereon.

Article 4. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current year.

ARTICLE 4—The Finance Committee recommends such authorization.

Article 5. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriation for the same.

ARTICLE 5—The recommendations of the Finance Committee for each Department appear in the tables included in their report.

Article 6. To see if the Town will vote to build a Tarvia Top Road on East Street from East Center Street south and appropriate money for the same.

ARTICLE 6—The Finance Committee recommends that this be referred to the Selectmen and Road Committee and if any sum is so expended it be taken from the general Highway appropriation.

Article 7. To see if the Town will raise and appropriate \$2250.00 for a Tarvia Top on Copeland Street providing the State will pay \$4500.00 and the County \$2250.00.

ARTICLE 7—The Finance Committee recommends the appropriation of this sum.

Article 8. To see if the Town will vote to raise and appropriate the sum of \$1500.00 to widen Plain Street providing the State will pay \$3000.00 and the County \$1500.00 for construction of same.

ARTICLE 8—The Finance Committee recommends the appropriation of this sum.

Article 9. To see what action the Town will take in regard to a hot mix top on North Elm Street sidewalk from Mr. Gambao's to Brooks Place and appropriate money for the same.

ARTICLE 9—The Finance Committee does not recommend the construction of this sidewalk this year.

Article 10. To see if the Town will vote that repairs to South Street (gravel and tarvia) be continued as far as Aldrich Road and appropriate money for the same.

ARTICLE 10—The Finance Committee recommends that this be referred to the Selectmen and Road Committee and if any sum is so expended it be taken from the general Highway appropriation.

Article 11. To see if the Town will vote to construct a bituminous concrete sidewalk on Matfield Street and appropriate money for the same.

ARTICLE 11—The Finance Committee does not recommend the construction of this sidewalk this year.

Article 12. To see if the Town will vote to install one street light on Grant Street east of Pine Grove.

ARTICLE 12—The Finance Committee does not recommend the installation of this light this year.

Article 13. To see if the Town will vote to install two street lights on Brooks Place from the last light west to Progressive Avenue.

ARTICLE 13—The Finance Committee does not recommend the installation of these lights this year.

Article 14. To see what action the Town will take in regard to installing a light in front of the Town Hall and appropriate money for the same.

ARTICLE 14—The Finance Committee recommends that this be referred to the Selectmen and any money so used be taken from the Town Hall appropriation.

Article 15. To see if the Town will vote to install a 6-inch water pipe on Copeland Street and appropriate money from Water Revenue for same.

ARTICLE 15—The Finance Committee does not recommend this installation at this time.

Article 16. To see what action the Town will take in regard to a sliding scale of wages for Town labor.

ARTICLE 16—Referred to the voters at Town Meeting.

Article 17. To see what action the Town will take in regard to paying for telephones for Town Officers.

ARTICLE 17—The Finance Committee recommends that the Town pay for NO telephones in private homes except those

of the Chief of Police, Chief of Fire Department and one telephone in Cochesett to cover the Tapper system of the Fire Department located there.

Article 18. To see if the Town will vote to accept Sinnott Street as laid out by the Selectmen.

ARTICLE 18—The Finance Committee recommends that this be referred to the Selectmen as action on this proposition was taken at the Town Meeting last year.

Article 19. To see if the Town will raise and appropriate the sum of \$300.00 for the maintenance of Visiting Nurse service in West Bridgewater.

ARTICLE 19—The Finance Committee recommends favorable action.

Article 20. To see what action the Town will take in regard to rearranging the Town Offices and appropriate money for the same.

ARTICLE 20—The Finance Committee does not recommend the appropriation of any money for this purpose at this time.

Article 21. To see what action the Town will take in regard to printing a list of tax payers in the Town Report every year.

ARTICLE 21—The Finance Committee recommends that this list be omitted in the Town Report.

Article 22. To see if the Town will vote to appropriate the sum of \$6281.00 from Water Revenue to pay bonds and interest of the Water Loans.

ARTICLE 22—The Finance Committee recommends the appropriation of \$6105.09 for this purpose.

Article 23. To see if the Town will vote to appropriate the sum of \$9050.00 from Water Revenue for maintenance of the Water Department.

ARTICLE 23—The Finance Committee recommends the appropriation of \$9000.00 for this purpose.

Article 24. To see if the Town will vote to appropriate the sum of \$95.20 from the Reserve Surplus to pay a bill of the Highways of 1930.

ARTICLE 24—The Finance Committee recommends favorable action.

Article 25. To see if the Town will vote to appropriate from the Surplus Reserve \$8.65 to pay overdraft of the Public Welfare.

ARTICLE 25—The Finance Committee recommends favorable action.

Article 26. To see if the Town will vote to authorize the Selectmen to sell the Schoolhouse on North Elm Street at Public Auction.

ARTICLE 26—The Finance Committee recommends favorable action.

Article 27. To see if the Town will vote to raise and appropriate the sum of \$2000.00 to build a sidewalk on West Center Street beginning at Elm Square and going westerly as far the appropriation will go. By petition.

ARTICLE 27—The Finance Committee does not recommend the construction of this sidewalk this year.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the use of the Plymouth County Trustees for County Aid to Agriculture and choose a Town Director as provided in Sections 41 and 45 of Revised Chapter 128 of the General Laws and act thereon.

ARTICLE 28—The Finance Committee recommends the appropriation of \$100.00 for this purpose.

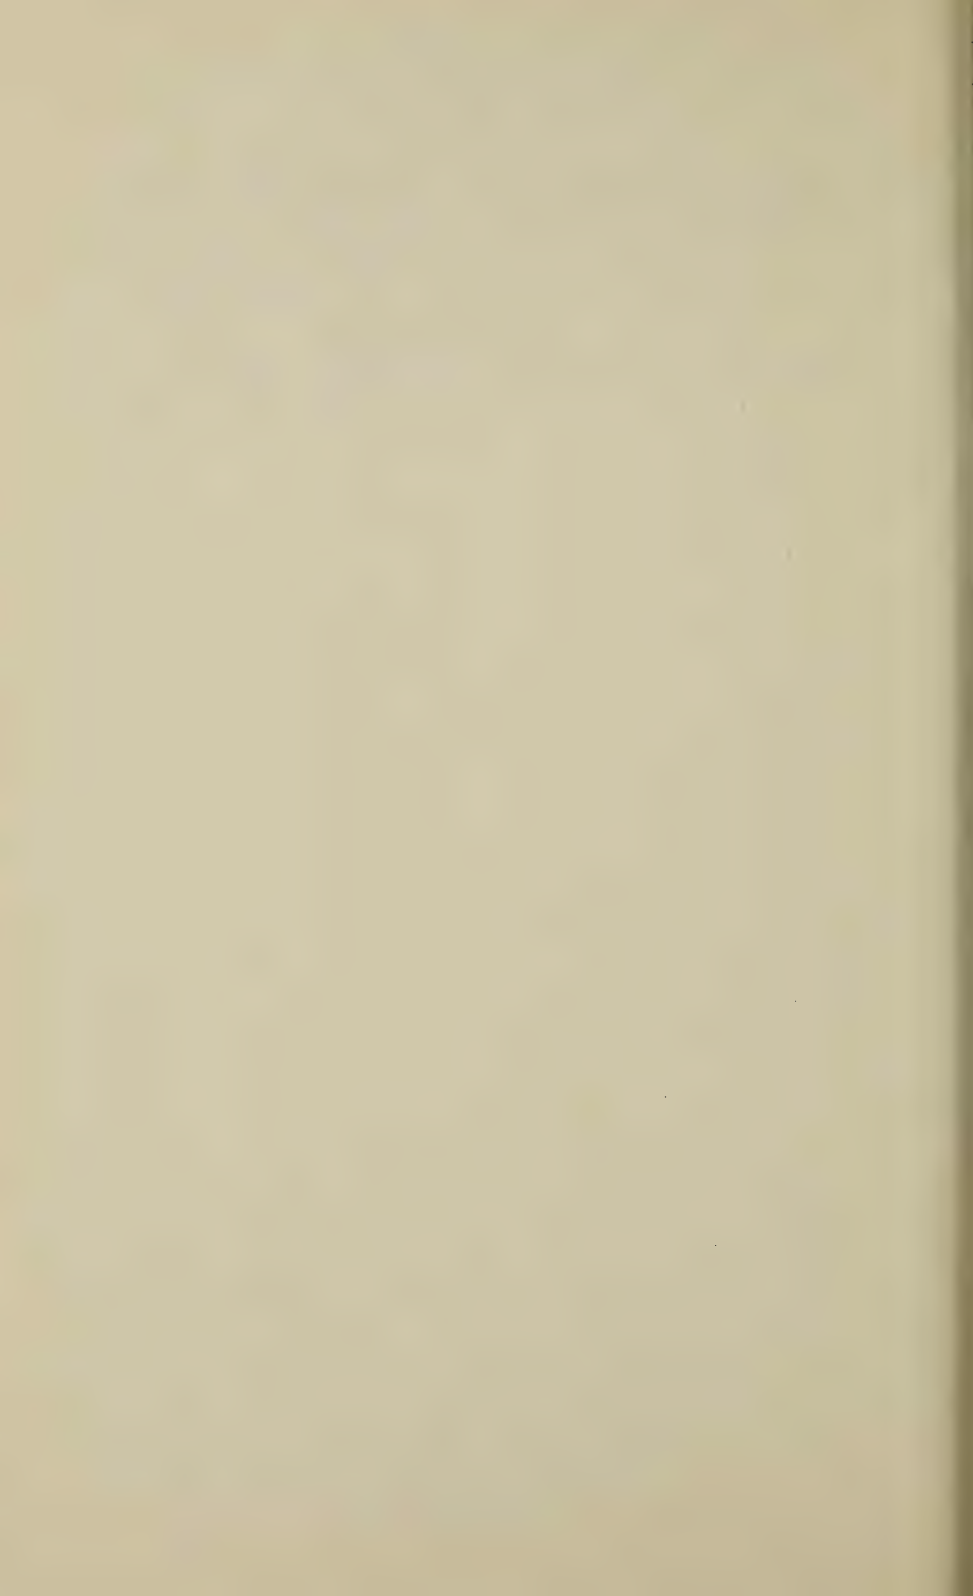

Article 29. To see if the Town will vote to raise and appropriate the sum of \$1258.36 for maintenance of Plymouth County Hospital.

ARTICLE 29—The Finance Committee recommends favorable action.

Article 30. To if the Town will vote to appropriate from Overlay Surplus the sum of \$310.50 for overdraft on East Street, 1930, as ordered by the State Auditor.

ARTICLE 30—The Finance Committee recommends favorable action.

Article 31. To transact any other business that may legally come before the meeting.

ANNUAL REPORT

OF THE

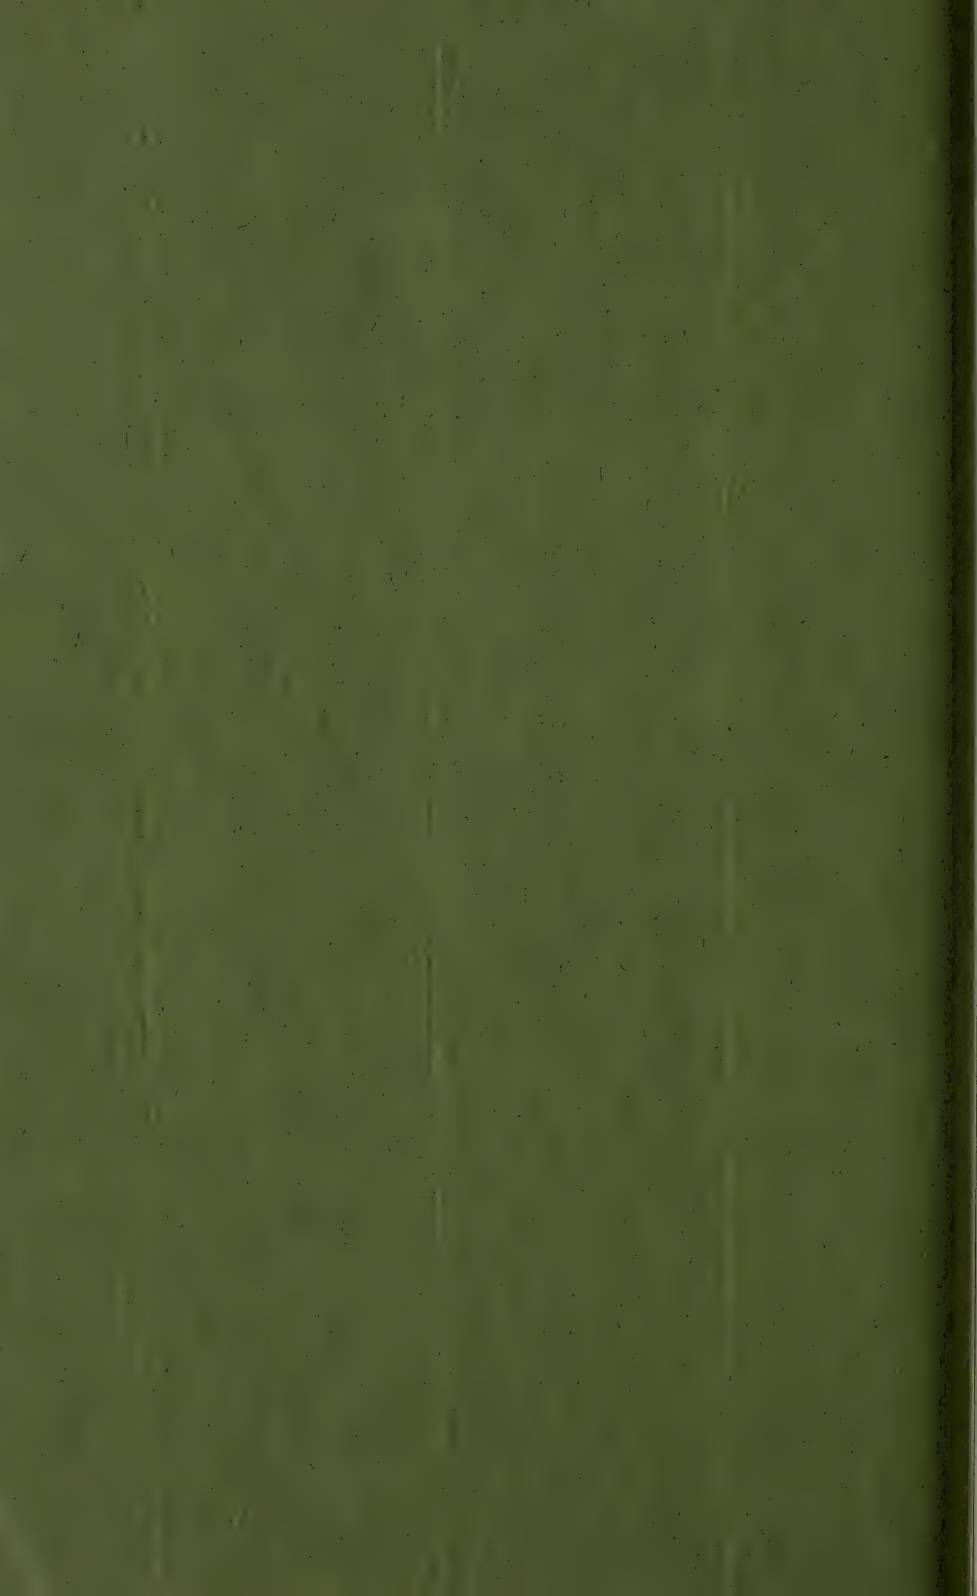

Town Officers

OF THE TOWN OF

West Bridgewater

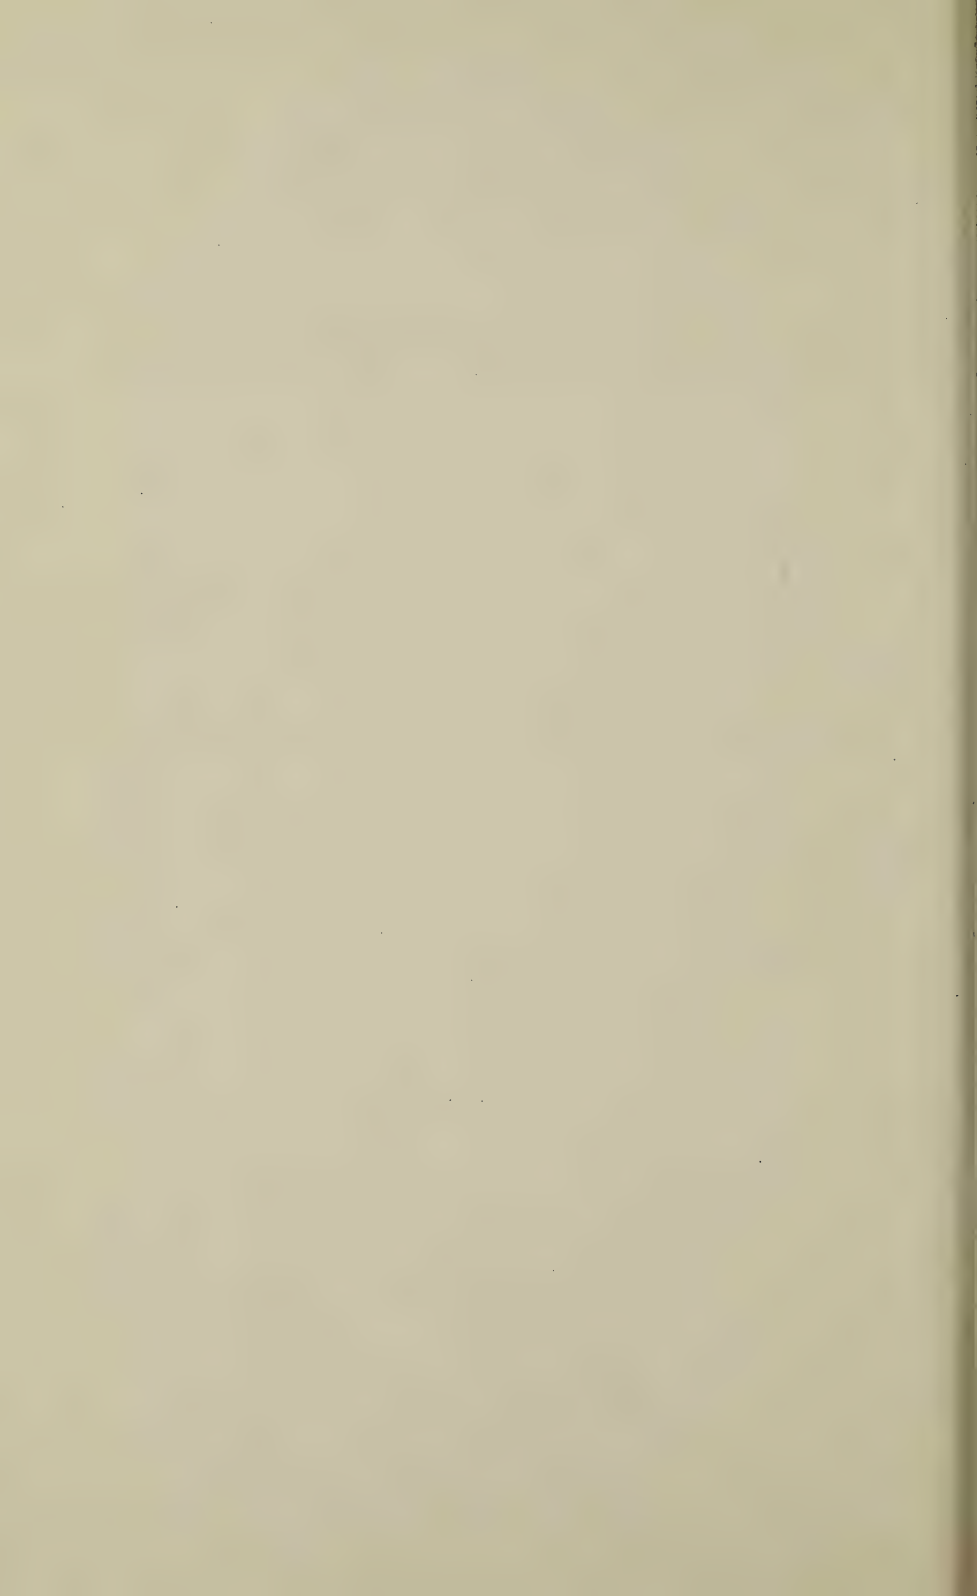

1932

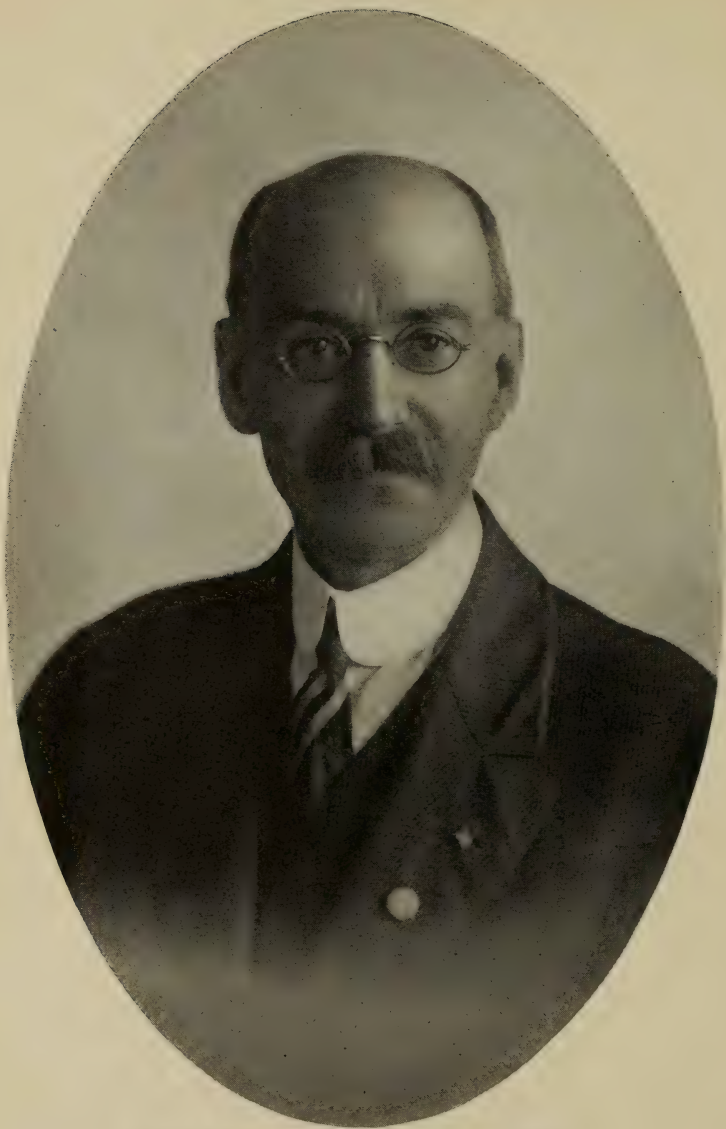

ANNUAL REPORT
OF THE
Town Officers and Committees
OF THE TOWN OF
WEST BRIDGEWATER
FOR THE YEAR 1932

EDWARD H. CROCKER, Town Clerk.

Born in Barnstable, Mass., August 5th, 1864.

Died in West Bridgewater, November 12th, 1932.

On March 15th, 1909 he was sworn in as Town Clerk, and continued in that capacity for Twenty-three Years. Mourning the loss of his wife who died in 1927, and with continually failing health, he strove on, meeting his misfortunes and valiently striving to perform his obligations of Office and his self-imposed duties to the Public, who will long remember him for his many helpful acts, performed without publicity.

A Faithful and Competent Official.

Town Officers for 1932.

Town Clerk's Report.

ANNUAL TOWN MEETING

A meeting, duly warned, of the inhabitants of the Town of West Bridgewater, qualified to vote in Elections and Town Affairs was held in the Town Hall on Monday, March 7th, 1932 at 9 o'clock in the forenoon, and the following is a record of the doings of said meeting, viz:

The meeting was called to order at 9 o'clock by the Moderator, Howard B. Wilbur, and the call for the meeting was read by the Town Clerk. After Article one had been read, which was to elect the Town Officers named on the Official Ballot, it was voted to waive the reading of the other articles. The record of the service by the Constable was read by the Town Clerk, Edward H. Crocker. Following the reading of the call for the meeting and the Constable's return of the Warrant, the Polls were declared open. The ballot box was inspected by the election officers, and then locked and the key delivered to Ervin W. Lothrop, Constable at the ballot box.

The following persons were sworn as election officers by Town Clerk Edward H. Crocker: Thomas Luddy, Orrin King, Grace G. Keenan, Mary H. Pratt, Daniel T. Sullivan, Margaret Kent, Lulu B. Gardner, Stella J. Snow, Arthur C. Peckham, James A. Hemenway.

The polls were open ready for the reception of ballots at 9 o'clock a. m. and at 8 o'clock p. m. it was voted to close same.

Upon counting the ballots from the ballot box it was found the total number of ballots cast was 872, which agreed

with the number registered on the ballot box. 493 men and 380 women voted.

The result of the count and tabulation was as follows:

MODERATOR

After the result of the balloting had been announced the Moderator declared the meeting adjourned until Monday night, March 14th, 1932 at 7.30 o'clock.

Edward H. Crocker was sworn to a faithful performance of his duties as Town Clerk by the Moderator, Howard B. Wilbur.

The oath was administered to the Moderator by the Town Clerk.

ADJOURNED MEETING, MARCH 14, 1932

In accordance with the vote passed at the meeting, March 7, 1932, the adjourned meeting was held Monday, March 14, 1932 at 7.30 o'clock p. m. in charge of the Moderator, Howard B. Wilbur. The following action was taken on the articles in the Warrant:

Article 2. To choose Town Officers for the ensuing year not elected on the Official Ballot.

Surveyors of Lumber and Measurers of Wood and Bark—Albert A. Howard, Elmer Sullivan, James Hemenway, Chester R. Ripley and Robert G. Dean.

Field Drivers—George F. Ryder, Albert A. Howard and John Fallon.

Fence Viewers—Charles E. Kinney and George G. Tucker.

Members of Finance Committee for three years—G. Willard Peterson, Arthur E. Ryder, George N. Davis, John Olson and Chester Thayer.

Article 3. Voted to accept the Reports of the Town Officers and Committees as printed in the Town Reports. It was also voted to accept the verbal report of the Committee on Road Program for the year as made by G. A. Peterson.

Article 4. Voted—That the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1st, 1932, and to issue a note or notes therefor payable within one year, and any debt or debts incurred under this note to be paid from the revenue of said financial year.

Article 5. The following sums were raised and appropriated to defray the Town charges for the ensuing year:

Moderator	\$25.00
Selectmen	900.00
Town Accountant	700.00

Treasurer and Collector	1,700.00
Assessors	1,600.00
Other Financial Officers and Accounts	25.00
Town Clerk	600.00
Election and Registration	700.00
Law	25.00
Town Hall and Offices	2,800.00
Police	2,700.00
Dog Officer	30.00
Fire Department	2,400.00
Hydrant Rental	1,800.00
Sealer of Weights and Measures	125.00
Moth Suppression	2,000.00
Tree Warden	500.00
Board of Health	1,200.00
Inspection of Animals	100.00
Inspection of Slaughtering	300.00
Plymouth County Hospital (maintenance)	1,258.36
Highways	10,000.00
Snow Removal	1,000.00
Sidewalks	250.00
Street Signs and Bridges	500.00
Street Lights	3,950.00
Public Welfare	7,500.00
State Aid	250.00
Soldier's Relief	600.00
Military Aid	300.00
Soldier's Burial	200.00
Public Library	875.00
School Appropriation	50,500.00
Care of Monument Grounds	60.00
Flags and Parks	50.00
Memorial Day Observance	100.00
Town Reports	485.00
Fire Insurance	600.00
Liability Insurance	550.00

Reserve Fund	2,000.00
Interest	2,000.00
Care of Cemeteries	150.00
Finance Committee	50.00
Old Age Assistance	7,000.00

Under this article it was voted, on motion of Orvis F. Kinney, that the sum of \$4,500.00 be appropriated for the improvement of Copeland Street, provided that the County and State make no allotments of money. Yes 122; No 7. (Found to be illegal by State Official.)

Article 6. Voted—That the matter of building a tarvia top road on East Street from East Center Street south, be referred to the Selectmen and Road Committee.

Article 7. Voted—To raise and appropriate \$2,250.00 for a tarvia top road on Copeland Street providing the State will pay \$4,500.00 and the County \$2,250.00.

Article 8. On a motion made and duly seconded it was voted not to raise and appropriate the sum of \$1,500.00 to widen Plain Street. Yes 3; No 51.

Article 9. No action taken on the article.

Article 10. Voted—To refer the matter to the Selectmen and Road Committee.

Article 11. Voted—To raise and appropriate \$1,500.00 to construct a bituminous concrete sidewalk on Matfield St. The vote was unanimous.

Article 12. No action taken on the article.

Article 13. No action taken on the article.

Article 14. Voted—To refer the installation of a street light in front of the Town Hall to the Selectmen, and that any money so used be taken from the Town Hall appropriation.

Article 15. No action taken on the article.

Article 16. No action taken on the article.

Article 17. Voted—That the Town pay for no telephones in private homes, except those of the Chief of Police, Chief of the Fire Department, Treasurer and Tax Collector, Tree

Warden, and the one in Cochesett covering the tapper system of the Fire Department located there. The vote was unanimous.

Article 18. No action taken on this article.

Article 19. Voted—To raise and appropriate the sum of \$300.00 for the maintenance of a Visiting Nurse service in West Bridgewater.

Article 20. No action taken on this article.

Article 21. A motion was made and seconded that the list of Taxpayers be omitted in the printing of the Town Report. Motion lost by a vote of Yes 17, No 112.

Article 22. Voted—To appropriate the sum of \$6,105.09 for Water Revenue to pay Bonds and Interest of the Water Loan.

Article 23. Voted—To appropriate the sum of \$9,000.00 from Water Revenue for maintenance of the Water Department.

Article 24. Voted—To appropriate from the Surplus Revenue the sum of \$95.20 to pay a bill of the Highway Department of 1930.

Article 25. Voted—To appropriate from the Surplus Revenue, the sum of \$8.65 to pay overdraft of the Public Welfare Department.

Article 26. Voted—That the Selectmen be authorized to sell the schoolhouse on North Elm street at public auction.

Article 27. Voted—To raise and appropriate the sum of \$2,000.00 to build a sidewalk on West Center Street, beginning at Elm Square and extending westerly as far as the appropriation will go. By unanimous vote.

Article 28. Voted—To raise and appropriate the sum of \$100.00 for the use of the Plymouth County Trustees for County Aid to Agriculture, and chose Mrs. Corelli C. Alger Town Director, as provided in Sections 40 and 41 of Revised Chapter 128 of the General Laws.

Article 29. No action taken on this article. Cared for in article on Bridges.

Article 30. Voted—To appropriate from Overlay Surplus the sum of \$310.50 for overdraft on East Street 1930 as ordered by the State Auditor.

Article 31. Voted—That a committee of three be appointed by the Moderator to investigate the advisability of, and method by which the number upon the Finance Committee be reduced to five (5) or less, that the committee hold public hearings, investigate Statutes regarding the duties pro. and con. of Town Finance Committees, that this committee have printed and distributed their report and recommendations with the next Town Report, and cause to be inserted in the Warrant an article on the above question, for action by the voters at the Annual Town Meeting. The Moderator appointed as the members of that committee, Herbert E. Bryant, Lynn H. Harris and Ralph S. Frellick.

There being no further business it was voted to dissolve the meeting at 9.40 o'clock P. M.

EDWARD H. CROCKER,
Town Clerk.

SPECIAL TOWN MEETING, NOV. 19, 1932

Article 2. Voted—That the Treasurer be authorized to pay to the County \$400.75 being one-half the land damage award on East street and paid to the town Dec. 5, 1929.

Article 3. Voted—To appropriate from the Surplus Revenue the sum of \$35.00 for the use of the Special Committee appointed at the Annual Town Meeting to investigate the duties of Finance Committees, to draw up recommendations and to hold Public hearings on the same. These expenses being for postage, printing, etc.

Article 4. Voted—That the sum of \$350.00 be appropriated from the Water Revenue for the Maintenance of the Water Department to Dec. 31, 1932.

An insufficient number of voters present to dispose of Article 1, meeting was adjourned to Nov. 25, 1932.

ADJOURNED MEETING, NOV. 25, 1932.

Article 1. Voted—That \$3,000.00 be appropriated from the Surplus Revenue for the Board of Public Welfare for the rest of the year.

VACANCIES FILLED.

Sept. 12. The Board of Selectmen and School Committee met jointly and appointed Faelton C. Perkins as a member of the School Board, to fill the vacancy caused by resignation of Edwin H. Thayer.

Nov. 14. To fill vacancy in office of Town Clerk caused by death of Edward H. Crocker, the Selectmen appointed Arthur C. Peckham Acting Town Clerk.

Nov. 29. The Selectmen appointed Albert C. Snow as Town Clerk for a period of sixty days, (as provided by law). Albert C. Snow was duly sworn in.

Dec. 3. To fill vacancy in office of Town Clerk caused by resignation of Albert C. Snow, the Selectmen appointed Herbert E. Bryant as Town Clerk for a period of sixty days, as provided by law. Herbert E. Bryant was duly sworn in Dec. 5, 1932.

Vital Statistics.

HERBERT E. BRYANT,
Town Clerk, pro tem.

ABSTRACT FROM CHAPTER 46 OF THE GENERAL
LAWS OF MASSACHUSETTS

Sec. 3. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth, occurred, a notice stating the date and place of the birth giving the street number if any, color, and the family name. They shall within fifteen days after the birth, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a report of the birth, stating the date and place, the name, if any, of the child, its sex and color, and the names, ages and places of birth, occupations and residences of the parents, giving the street number, if there be any, and the number of the ward in the city, the maiden name of the mother, if the full return is not made within forty-eight hours.

The fee of the physician or midwife shall be twenty-five cents for each birth so reported. A physician or midwife who neglects to report each birth within forty-eight hours or fifteen days thereafter, shall for each offence forfeit a sum not exceeding twenty-five dollars.

Sec. 6. Parents, within FORTY DAYS after the birth of a child, and every householder within FORTY DAYS after a birth in his house, SHALL cause notice thereof to be given to the CLERK of the city or town in which such child is born.

The facts required for record, as stated in section 3, shall, so far as known or obtainable, be included in every notice given under the provisions of this section.

Sec. 8. A parent, or other person who, by section 6, is required to give, or cause to be given, notice of a birth or death, who neglects to do so for TEN DAYS after the time limit therefor, shall forfeit not more than five dollars for each offence.

Sec. 24. The Town Clerk shall furnish blanks for returns of births to parents, householders, physicians and midwives who apply therefor.

LIST OF JURORS DRAWN IN 1932

Harry R. Knight	James M. DeChambeau
Harry D. Green	John Martin
George Gaskill	Harvey Scranton
Eben Wood	Orin King

Report of Special Committee for Study of Finance Committees.

At the Adjourned Town Meeting held March 14, 1932, it was voted that a committee of three be appointed by the Moderator "to investigate the advisability of, and the method by which the number upon the Finance Committee be reduced to five or less. That this committee hold public hearings, investigate statutes regarding duties, pro and con, of Town Finance Committees. That this committee have printed and distributed their report and recommendations with the next Town Report, and cause to be inserted in the Warrant an article on the above question, for action by the voters of the Annual Town Meeting in 1933."

Lynn H. Harris, Herbert E. Bryant, and Ralph S. Frellick having been appointed as the committee, organized with Lynn H. Harris as Chairman and Ralph S. Frellick as Secretary. The committee held numerous meetings. After a study of the statutes, the existing practice in West Bridgewater, and the By-Laws governing finance committees in towns of approximately our own size, and after public hearings, the committee drew up an amendment to Article III of the Town By-Laws as expressing its final findings. The complete text of the proposed amendment will be found in the Warrant, which carries an article for the adoption of said amendment.

The committee has filed with the Town Clerk a detailed report of its deliberations, including:

1. The state statutes governing town finance committees.

2. The present legal status of the finance committee in West Bridgewater.

3. An analysis of by-laws regarding finance committees in towns of approximately the same size as West Bridgewater.

This may be consulted by any interested citizen.

LYNN H. HARRIS,
HERBERT E. BRYANT,
RALPH S. FRELICK.

Committee.

Report of Assessors.

LIST OF APPROPRIATIONS FOR 1932

Moderator	\$25.00

BOARD OF ASSESSORS,

Albert Manley,
 Edwin H. Thayer,
 Robert G. Dean.

State Auditor's Report.

February 7, 1933

To the Board of Selectmen,
Mr. James A. Hemenway, Chairman,
West Bridgewater, Massachusetts.

Gentlemen :

I submit herewith my report of an audit of the books and accounts of the town of West Bridgewater for the fiscal year ending December 31, 1932, made in accordance with the provisions of Chapter 44 of the General Laws. This is in the form of a report made to be by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

REPORT

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston.

Sir:

As directed by you, I have made an audit of the books and accounts of the town of West Bridgewater for the fiscal year ending December 31, 1932, and report thereon as follows:

The records of the financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the reports and the records in the town accountant's office.

The accountant's ledger was analyzed, the appropriation accounts being checked to the town meeting records of appropriations voted. Adjusting entries were made, a trial balance was taken off, proving the accounts to be in balance, and a balance sheet, showing the financial condition of the town on December 31, 1932, was prepared and is appended to this report.

The computation of the tax rate by the assessors was checked and verified. Appropriations voted by the town from available funds after the rate for 1932 was fixed should be included by the assessors in the total amount of appropriations to be raised in 1933, while deductions from the amount to be raised by taxation on account of available funds in treasury may be made only upon the approval of the Commissioner of Corporations and Taxation, in accordance with the provisions of Section 23, Chapter 59, General Laws.

The books and accounts of the town treasurer were

examined and checked. The cash book was footed, the recorded receipts were analyzed and compared with the records of the departments making payments to the treasurer, while the payments were compared with the selectmen's warrants authorizing the disbursement of the town funds.

The payments on account of debt and interest for the period of the audit were verified by a comparison with the cancelled bonds, notes, and checks on file.

The securities and savings bank books representing the investment of the library and the cemetery perpetual care funds were examined and listed, and the income was proved.

The treasurer's cash balance was proved by a reconciliation of a statement furnished by the bank and by an actual count of the cash on hand, a variation of \$38.50 being noted.

The books and accounts of the tax collector were examined and checked. The commitments were proved, the payments to the treasurer were checked to the treasurer's and the accountant's books, the abatements were compared with the assessor's record of abatements granted, and the outstanding accounts were listed and compared with the accountant's ledger accounts.

Further verification of the outstanding taxes was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses issued by the town clerk were examined and checked, and the payments to the State, the county, and the town were verified.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and of the library and water departments were examined and checked, the payments to the treasurer being verified.

The receipts from rentals of town hall and from licenses granted by the selectmen were incomplete and did not therefore lend themselves to proper audit. It is again recom-

mended that adequate records be kept, in order that the income from these sources may be properly audited.

The surety bonds of the treasurer and collector and of the town clerk were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax and water accounts, together with tables showing the condition of the trust funds.

For the co-operation received from the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDWARD H. FENTON,
Chief Accountant.

The figures and tables referred to by the Chief Examiner are a repetition of those contained in the town accountant's and town collector's reports of 1932.

Report of Selectmen.

The Selectmen would call to the attention of the voters of the Town the increase in the calls of the Public Welfare Department.

The Town paid for Public Welfare in 1931, \$9,000.00; in 1932, \$12,000.00, and it is still increasing.

The Old Age Assistance called for \$6,000.00 in 1932 and the same amount will be required for 1933.

No new Highways were built in 1932, the opinion of the board being that the town should economize on Highways and other departments, as much as possible owing to the increased demand on the Public Welfare and Old Age Assistance.

The Selectmen are considering the building of Plain and Copeland Streets, providing the State will pay one-half and the County one-quarter, leaving one-quarter to be paid by the town.

The opinion of the Selectmen is that if these roads are built they should be built by the town, so that employment could be given to the town's people, which would help the Public Welfare Department.

The voters must remember that the law requires that the poor must be cared for, also those requiring old age assistance.

JAMES A. HEMENWAY,
MORTON A. SIMMONS,
GUSTAF A. PETERSON,
Selectmen.

CIRCULATION AND GROWTH

Statistics for the year ending December 31, 1932, show a gain of 5,291 in book circulation bringing the total for the year to 36,113. This is a per capita circulation of 11.28 and an increase of 17.1% over the number of volumes taken out last year. Incidentally, there has been a gain in all types of reading matter issued. The effect of the economic condition of our times is plainly indicated by the greatly increased use of library facilities.

Five hundred and sixty-eight volumes have been added to our library during the year—536 by purchase and 32 by gift. These are duly appreciated and used. The book collection now numbers approximately 12,000; the number of borrowers approximately 800 or 25% of the population.

During the year the library has been open 100 days, thus giving an average daily circulation of 361.13 with a record daily circulation of 1589.

A new table globe has been added to the educational equipment of the library and is attracting favorable attention.

The quantity and quality of the library output seem to indicate that the needs of the reading public are being met. We sincerely hope so and trust that the library may continue to serve community needs and to deserve the continued support of an increasing number of patrons.

To all who have so heartily co-operated with us to make the year 1932 a successful one, we extend our thanks.

CHARLOTTE L. WILLIAMS,
Librarian.

Telephone calls for fire, water, police and schools 2,852

The police care has traveled 13,880 miles and the motorcycle 347 miles in performance of duty.

The department has placed road and school signs on Manley and Walnut Streets this year.

Again I wish to impress upon the parents the need of instilling into the children the danger of playing, crossing, and walking in the streets.

I wish to thank the School Traffic Officers for the interest they have taken in their work. I also wish to thank the teachers for there hearty co-operation in this work.

In closing I wish to thank the Selectmen and all others who have in any way helped the Department. To the officers I extend my hearty thanks for there co-operation.

Respectfully submitted,

WARREN P. LAUGHTON,
Chief of Police.

Report of Fire Department.

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit the annual report of the West Bridge-water Fire Department for the year ending December 31, 1932.

VALUE LOSSES AND INSURANCE PAID

Assessors estimated value of property where fires have occurred including buildings and contents	\$58,500.00
Insurance loss paid	8,036.00

CALL FORCE

The call force consists of twenty-two men, one chief, one assistant chief, three captains and five fire wardens.

APPARATUS

The apparatus consists of one Maxim 500-gallon triple combination, one Federal combination pump and hose truck, one Reo combination chemical and hose truck, and one horse drawn hose wagon stationed at Albert Manley's, Manley Street.

WIRE AND ALARM DEPARTMENT

Two bells relocated, one bell replaced, 200 feet iron wire replaced with insulated copper wire, 500 feet of wire damaged by storm restrung. The siren whistle and the bells tested daily except Sundays.

FIRES

Frame buildings	29
Grass and woodland	28
Dump fires	5
Chimney fires	7
Automobile	5
Out of town calls	3

In performing this service the apparatus has travelled 261 miles laid 10,400 feet of 2½ inch hose, 9,050 feet of chemical hose, 400 feet of ¾-inch hose, 535 feet of ladders, used 306 gallons chemical and 149 pump cans.

The siren whistle has proven its value in giving an alarm which notifies the call men working around the town of a fire and the location. And I feel that the siren whistle and the wonderful work and co-operation of the officers and men have been a great factor in obtaining such a small fire loss.

Again I feel it my duty to call to your attention the shortage of 2½ inch fire hose and I would recommend the purchase of 500 feet of hose.

In closing I wish to thank the Selectmen and all others who have in any way helped the Department.

To the officers and members of the Department I extend my hearty thanks for their co-operation.

Respectfully submitted,

WARREN P. LAUGHTON,
Chief Fire Department.

Report of Highway Department.

To the Honorable Board of Selectmen :

The annual report of the Superintendent of Streets is as follows: We started our work January 1st and continued in a moderate way until the end of the year.

Our appropriations this year did not permit us to do much new work. Most of the money was used to repair and keep up our roads as they are at present. We did however put about 6,000 square yards of gravel on our streets as follows: Ash, South, Bedford, Manley and East Streets. We also did a lot of gravel patching in different parts of the town.

We did a great deal of patching on our Macadam roads, using 1,040 gallons of "Tarvia K. P." and 35 tons of fine crushed stone. West Center Street and Plain Street call for the most attention in this line.

I would recommend that these streets be widened, at the least, six feet. The Tarvia tops on Crescent, Spring, Howard and Matfield Streets were given a treatment of Tarvia Retread. South, Union and the last section built on East street were treated with Asphalt Macadam binder.

New concrete pipe culverts were put in Pleasant and Bryant streets. Our appropriation for Street Signs and Bridges was used for repairs on bridges, repainting and making new signs, and work in general for the safety of the public.

While we have not had a great amount of snow the last two or three years, the cost of snow removal seems to increase. The people expect us to start plowing when the storm begins. We also have to take the snow away from the centers and squares. The equipment for plowing snow in town is poor.

We have one old straight single blade plow that is about worn out. We have a big Baker plow which for various reasons is no asset. The town should own a light steel A plow such as is used in other towns. This plow could be used on most any truck and would plow the full width in one trip and thus avoid "doubling" on most streets.

An Asphalt sidewalk was built on Matfield street from the railroad tracks to Cyr street. Another walk of the same type was built on West Center street from Elm Square to the residence of Mrs. Wheeler. The work on these two walks should be continued. All the black top walks should be given a seal coat of asphalt for their preservation.

In regard to road working equipment I will say that we do not own much at present. We have one 1929 model Mack truck which has given four years of service but through good care and careful handling is in good condition. It should have some work done on the motor to make it more efficient. We have on Ford dump truck which in the market has no value, but after six years of constant use still carries on. We should replace this truck with a newer model. Our concrete mixer which was a used machine of a very old pattern, purchased in 1926 is in poor condition. This machine is used a great deal in Kold patch work and is very essential at this time. This machine should also be replaced. We have one New England Road Machine, one tar kettle, six sidewalk snow plows and an array of shovels, axes, picks, bars, brooms and small tools necessary to carry on the work of this department.

In conclusion I wish to thnk the Selectmen for their

kind and courteous treatment during the past year when there was so many to try and provide work for.

I also wish to thank all the townspeople for their cooperation and public spirit.

Respectfully submitted,

DANIEL A. PENPRAESE,
Superintendent of Streets.

Report of Sealer of Weights and Measures.

To the Honorable Board of Selectmen:

In compliance with the state law I herewith submit my annual report of this office for the year 1932.

I have visited the various places of business and have tested and sealed or condemned the following weighing and measuring devices:

	Sealed	Adjusted	Condemned
Platform Scales	33	1	
All other Scales	63	6	1
Avoirdupois Weights	114	6	
Liquid Measures	29		6
Gasoline Pumps	31	1	
Gasoline Meters	13		
Kerosene and Oil Pumps	10		

RECEIPTS

Sealing Fees Received	\$54.72
Pedlers' License Fees	30.00

Expenditures

Christopher Read, Sealer	\$77.50
Supplies and Insurance	37.43

CHRISTOPHER READ,
Sealer of Weights and Measures.

Report of Tree Warden.

During the past year our shade trees were put to a very hard test. We had some severe gales especially on March 31 and another on June 23. We were fortunate no material damage was done.

I have removed ten trees that were considered dangerous. Four of them were very large ones; two of these were on West Center street and one on Arch street and one on Manley street.

I have cut a large number of dead branches and trimmed many that were too low. I have bolted one tree.

I would recommend that an amount of money be appropriated each year to purchase and plant trees. Our town is noted for its beautiful trees, but we shall not have that reputation long if we continue cutting and do not plant.

For financial statement see report of town accountant.

CHRISTOPHER READ,
Tree Warden.

Report of Gypsy Moth Superintendent.

To the Honorable Board of Selectmen

I herewith submit my annual report for the year 1932.

The suppression of the gypsy moth continues to be one of the economic problems which the towns and cities of the state have to contend with. The condition of the gypsy moth infestation in this town remains about the same as last year; though not as bad as it was several years ago. We find egg clusters scattered all over the town. We have creosoted all we have found and also sprayed all the trees on the roadside.

With two hundred thousand acres of forest completely defoliated by the gypsy moth on Cape Cod last summer we shall have to be most vigilant if we are to prevent a heavy infestation in this town in the future.

CHRISTOPHER READ,
Local Superintendent.

Report of School Committee.

To the Citizens of West Bridgewater :

During the past year, the School Committee has successfully endeavored to keep within its appropriation, as will appear from the itemized financial statement to be found in the report of the Town Accountant. Perhaps this would not be a noteworthy achievement were it not for past transgressions. In bringing about a system of controlling and keeping a more accurate record of expenditures, the Committee is greatly indebted to the Superintendent of Schools, Mr. Robinson. Enforcement of the requirement of a State law with respect to transportation of High School students living over two miles from the school imposed an unexpected burden. To meet this contingency and at the same time safeguard against over-running the town grant, it seemed expedient to dispense, at least temporarily, with the position of Supervisor of Drawing, which action was accordingly taken. The saving thus effected was sufficient to offset the increased cost of transportation. At the present time the Superintendent and your Committee are engaged in a study of the entire transportation problem. In the past, no consideration has been given to the factor of age. It is believed that children in the lower grades should not be expected to walk as far as might well be required of children of high school age. The problem is complicated, however, by the fact that the sessions of the grade schools do not coincide with those of the High School.

During the past year no repairs of major importance were made, although toward the end of the year a small amount was expended in improving the interior appearance of the Jerusalem School building.

The budget of the School Committee for the ensuing year is appended. A letter from the Finance Committee urging retrenchment was not altogether unexpected and it was the belief of your School Committee that it should co-operate in this respect in so far as possible without substantial detriment to the school system. The possibilities of retrenchment, however, in this Town are probably somewhat more limited than is the case in cities and towns where curricular expansion has been considerable. To the latter is open at least the opportunity to economize through the elimination of non-essential courses. The financial resources of this Town have never warranted embarking upon a policy of such expansion. Moreover, it is the opinion of your School Committee that so-called enrichment of the curriculum not infrequently, although not necessarily, is productive of consequences not altogether beneficial. Even if we could conceive of a public school system capable of imparting all of the world's knowledge, no child exists that could absorb more than an infinitesimal part of it. The human mind has its limitations, even were we to presume that the purse of the community has none. A relatively few subjects taught well may be far more valuable to the child than a large number so poorly imparted as to produce habits of slovenly thinking. Vocational training for every branch of human activity is out of the question. Instruction of general value is possible and incidental thereto, but of fundamental importance far transcending the value of specialized education in particular lines, valuable as that may be where feasible, is the training of the mind to the end that the child may become schooled to do thoroughly and well whatever he attempts. To afford such training is the minimum below which no town should go if it can possibly be avoided. Hence, your School Committee believes that it must proceed with caution in dealing with its major possibility for retrenchment,—reduction in salaries. Such reduction as is consistent with the reduced cost of living

and the exigencies of the times, we may fairly expect our teachers to accept. Repeated drastic and arbitrary cuts, we believe would be not only unfair to a teaching force, that has shown a spirit of co-operation, but would in the end irreparably impair efficiency. Perhaps above all other persons, a teacher who is successful finds compensation for her work in a love of it that brings too high a degree of satisfaction for any ordinary reduction in pecuniary emoluments to affect its quality. That, however, is the type of teacher that we must exert every effort not to treat unfairly.

During the year your Committee received with regret the resignation of its Chairman, Mr Thayer. We, who served with him, wish to pay tribute to the splendid service which he gave. Always just, tolerant and kindly, he was a companion and leader whom we greatly miss.

Other reports customarily incorporated in the report of the School Committee follow. In conclusion, we wish to extend thanks to the Superintendent, the teachers, the Parent-Teachers Association and to all others whose co-operation has tended to promote the welfare of our public schools.

ESTIMATED BUDGET FOR 1933

General Control	\$ 3,950.00
Salaries	28,350.00
Books and Supplies	1,850.00
Janitor's Service	2,200.00
Fuel and Light	2,000.00
Repairs	400.00
Transportation	3,900.00
Tuition	2,100.00
Nurse	850.00
Miscellaneous	75.00

\$45,675.00

As will be noted by a comparison of last year's budget, the foregoing estimate represents a substantial decrease in amount.

HAROLD S. LYON, Chairman.

Report of Superintendent of Schools.

To the School Committee:

The educational progress of the past year has been maintained throughout the school system despite the general stringency of the time which has exerted its restricting influences on entire communities and their several departments of municipal activities, particularly the department of education. The forthcoming year holds faint promise of a restoration of normal business activity, a condition which will naturally be reflected in educational welfare and progress.

It will be our problem then, to try to maintain a sustained productivity in all our educational work. During the past year much ingenuity in developing economical devices for classroom teaching has been noted as well as a spirit of co-operative economy and understanding of our local situation. We must depend on such a spirit to see us through our operative difficulties for some time to come.

ATTENDANCE

The attendance table of January 1, 1933, shows a gain of eighteen pupils over 1932, the present enrolment being 662 against 644 at the same time in 1932. The distribution of this year's classes is fairly uniform except in the lower grades of Sunset Avenue and the upper grades of the Center School. Cocheset has a very unequal distribution this year, the upper three grades having the largest number in years. Judging from the numbers in the intermedi-

ate grades at the Center School some relief will be felt in the upper grades as the larger classes there progress.

HEALTH

The sanitary conditions are far from satisfactory in all the grammar school buildings except at Sunset Avenue, where modern conveniences are an integral part of the equipment of the building. The sanitaries at the Center School were evidently installed faultily as they cannot be used effectively and these large buildings are reduced to the level hygienically of a remote rural school with its elemental sanitary conditions. These conditions prevail also at Cochesett where a sanitary system installed at considerable expense has failed completely to function as intended. Severe as the current economic depression may be, we cannot afford to relax in our efforts to maintain proper standards of school hygiene in all our school buildings and as soon as practicable provide modernized sanitary equipment for each one.

TEACHERS

We have been fortunate in having been obliged to replace but one teacher in the system for the current year, the position being that of History instructor in the high school formerly filled by Miss Emily Rutter who was succeeded by Miss Clarice Weeden a graduate of Clark University with an A. M. in History.

In the elementary grades we have students from the Bridgewater State Teachers College training at the Center and Sunset Avenue schools together with two graduates of the Maine, Castine Normal School, Miss Ellen Leavitt and Miss Thelma Johnson who are giving their services for the sake of the teaching experience gained. On account of the large numbers in the Center eighth grade and the Sunset

Avenue fourth and fifth grades, these services are very acceptable.

VOCATIONAL SCHOOLS

We have at the current writing eight boys at the Bristol County Agricultural School at Segreganset, one at the Norfolk County Agricultural School and one at the Quincy Trade School, the annual tuition of whom is \$200 each for fifty weeks, of which one-half is paid by the State. There are also three students at the Brockton Evening Vocational School for whom the tuition is \$16.00 each for a period of five months, and which offers courses in home economics, millinery and dressmaking for women students.

The Bristol County Agricultural School and the Norfolk County School offer courses open to boys over fourteen years of age in dairying, poultry-raising, orcharding and market gardening, one-half the year being devoted to academic study, and the other half to outdoor activities in the form of summer projects in the several lines of study under the supervision of regular instructors. The Quincy Trade School offers mechanical courses entirely.

A closer supervision of the progress of all these students, by local school authorities, has been effected in the current school year in order that students may be made to realize that this expensive form of education can be secured only by intensive application on their own part throughout the entire course of four years.

SCHOOL COSTS

At the present time school costs are being closely scrutinized by citizens and municipal bodies in countless communities in this and many other states. Such subjects as music, drawing, domestic arts, manual training, athletics, kindergarten, backward classes, etc., have been dropped

from the curriculum as too expensive and quite unnecessary forms of education.

The greater number of these courses have been introduced into the curriculum in the past by the insistence, not of the educators themselves, but of local bodies of representative citizens who felt that educational training should be expanded to meet the expanding and more exacting needs of the present day strenuous modes of social, intellectual and industrial life. We can simplify educational training, but it is a more difficult thing to simplify modern social life, which seems to grow more exacting in its demands with each decade. We must be careful in reducing salaries and other operating expenses, that we do not bring into effect the law of diminishing returns, thereby depriving our children of an education that will equip them adequately for the struggles awaiting them in the coming years.

The following tabulation is of interest in showing comparative pupil costs of our town with those of our population group and those of the state as a whole:

PER PUPIL COST FOR THE YEAR—1932

Town of West Bridgewater	\$77.67
Group III—Towns (107) of less than 5,000 population	\$92.30
State—355 Cities and Towns	\$100.38

The above figures do not suggest extravagance in any form in the operation of our local educational system. We have excellent teachers who are giving a fine quality of service to the community in a spirit of understanding and helpful effort. This spirit together with the constant co-operation of the School Committee, I wish to acknowledge at this time as valuable co-operative forces that render my own work effective and stimulating to an appreciable degree.

The several reports of supervisors are herewith

appended and merit careful reading and consideration as they present in excellent form the conditions and needs of the various departments of the school system

Respectfully submitted,

ERNEST W. ROBINSON,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Mr. Ernest W. Robinson,
Superintendent of Schools,
West Bridgewater, Mass.

Dear Sir:

I have the honor to submit my annual report as Principal of Howard High School for the year of 1932.

As the depression has now focused the attention of city and town officials and taxpayers upon our whole educational system in a frantic effort to reduce its expenditures, it is fitting that a portion of this report should deal with some of the general aspects of the situation as related to our own high school.

During the last forty-two years tremendous changes have occurred in the secondary schools of America. With the raising of the compulsory school age, the rapid increase of the school's holding power, and the amazing curriculum expansion with its increasing appeal to boys and girls of all types and degrees of ability, the secondary school enrollment has grown from 300,000 in 1890 to over 4,200,000 in 1932. Students, instead of coming chiefly from professional families, now are drawn from every layer of the social and economic strata. The augmentation in the use of machines for hand labor with the resulting reorganization of industry

together with the diminishing responsibility of training youth in the home has produced in our schools a change from a slight and narrow curriculum emphasizing only college preparation to an extensive and varied offering which embraces almost every phase of human endeavor. Thus, today, upon the high school, with its heterogeneous population, rests the immeasurable responsibilities of civic, moral, health, social, and vocational training which were once the serious duties of the home and business.

When compared with these gigantic shifts in the secondary schools of United States, the growth of Howard High School is rather unique in character. In the first place, while the enrolments for the country at large increased 1300%, that of our high school grew less than 600%. Secondly, our curriculum which included in 1900 twenty different subjects, now contains, in 1933, but twenty-two different subjects representing an increase of 10%, while the increase in other high schools is far in excess of that amount. Some of the subjects found in schools of our size are household arts, various kinds of shop work, mechanical drawing, economics, problems of democracy, guidance, botany, geology and physical education. Our policy of enriching the curriculum has been, to say the least, extremely conservative. Therefore, the frequently mentioned criticism of curriculum over-expansion cannot possibly apply to Howard High School.

In the light of these facts there is no just argument for educational retrenchment, but in view of the pressing financial needs of today our taxpayers have to right to know whether or not we are doing anything to relieve their burdens. In this connection, I wish to call attention to the results of careful planning and the splendid co-operation of both teachers and pupils in making possible the reduction of expenditures for books from \$484.25 in 1930 to \$374.66 in 1932, and for supplies from \$1,120.33 in 1930 to \$420.25

in 1932. Allowing for the 10% drop in prices of these materials, a net reduction of over \$700 has been achieved, and what is of vital importance from an educational viewpoint is that this saving was accomplished without impairing the effectiveness or standards of teaching. A further saving of over \$275 has been made in the temporary discontinuation of drawing instruction.

An interesting sidelight of our high school expenditures is revealed by the following comparison of per capita costs in Massachusetts:

	Cost per pupil	Cost per pupil in excess of that of Howard High School
Howard High School	\$92.25
Towns (107) of less than 5,000 maintaining high schools	128.61	\$36.36
All high schools	113.52	20.27

These figures clearly show that we pay 39% less per pupil than towns in our group, and 22% less than the average cost of all high schools in the State.

The school's distribution of enrollment as of October 1, 1932, is as follows:

	Boys	Girls	Total
Freshmen	24	24	48
Sophomores	17	25	42
Juniors	9	16	25
Seniors	8	14	22
Post Graduates	0	3	3
Totals	58	82	140

During the past year there have been few changes in the school's activities and administrative policies all of which have been discussed in some detail in my previous reports. Of these changes I wish to direct attention to the return of both boys' and girls' glee club work without addi-

tional costs, the improvement of health conditions and supervisory control during the winter physical exercise periods through the fine co-operation of student leaders in a plan organized in home room and gymnasium groups, and the progressive development of our school assemblies.

The last change is of special interest. At the beginning of the year a committee of teachers arranged an assembly schedule, one for each week of the school year including representation of every regular classroom and extra-curriculum activity of the school as well as a few well chosen outside educational features. In the sharing of a part of the educational program of the school with the pupils in this manner, the transformation has been one in which the assembly has turned from a cut and dry affair, consisting largely of talks and announcements, to an enthusiastic one of unusual interest in which every student in the school has the opportunity of taking part, and through which school unity and morale is strengthened, greater interest in school subject matter is awakened, and a training not attainable elsewhere is given in leadership, poise, self-confidence, and self-expression.

Through the generosity of the Class of 1932 electric clocks with auxiliary movements were completely installed in the classrooms and assembly hall of the school, thus aiding materially both in improving the physical appointments of the rooms, and in raising the efficiency of administration and teaching.

In conclusion, I wish to thank you, the school committee, the Howard Trustees, the teachers, and other friends of the school for the loyal and generous support given me.

Respectfully submitted,

NILS G. LINDELL,
Principal.

REPORT OF MUSIC SUPERVISOR

Ernest W. Robinson,
Superintendent of Schools,
West Bridgewater, Mass.

Dear Sir :

I herewith submit my annual report as music supervisor in the public schools of West Bridgewater.

The quality of work throughout the schools and the interest of the pupils have been well maintained in spite of the rigid economy which has been necessary. In the high school every class is well represented in the singing group indicating a growing interest on the part of the students. At the opening of school in September the enrolment of the boys was less than in former years with a consequent lowering of the percentage of male voices in the chorus. However, those who are taking music are doing creditable work and the supervisor is certainly gratified at the co-operation and ready response of the students.

Since the first of November glee clubs for boys and girls respectively have been started with very promising attendance. These clubs meet for a half hour period every Wednesday afternoon at the close of the high school session. This was made possible by a re-arrangement of the elementary school schedule and by the fact that on the half day when the supervisor is due in town she has available time which enables her to give practically the entire day.

In the grades the lack of a sufficient number of books was, for a time, somewhat of a handicap to the steady progress of the work in music.

The work at Matfield was retarded for a few weeks because of a necessary change in books which did not meet the needs of the class.

At Sunset Avenue the third and fourth grades have met with some loss which is due to crowded classrooms and lack

of supplies. This difficulty has been overcome by the purchase of new books at the close of the year. This new material, arranged so attractively in the Music Hour series, is particularly appealing to the classes and the progress of the work is assured. During the past year choir singing has been stressed in the lower grades. A child is made a member of the choir in his room if he sings melodically, reads correctly and keeps good time, or in other words meets the requirements which include the three T's of music—Tone, Time and Theory. This plan has been a decided stimulus to boys and girls alike. They are more attentive, more critical and more responsive in their effort to be appointed to this chosen group and feel it is an honor "to make" the choir.

In the upper grades and high school there have been discussions on radio programs and artists, on the Washington bi-centennial celebration—which the Center graduation featured in June—on the special MacDowell concerts throughout the country in memory of the American composer and the founding of the Petersborough colony in New Hampshire.

In these trying times of unemployment, of business depression and talk of retrenchment, the ability to make and enjoy music adds much to our daily lives by way of spiritual compensation.

Yours respectfully,

LOIS J. SNOW,
Supervisor of Music.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools and School Committee:

I herewith submit my annual report. Dr. Ellis LeLacheur, the school physician, examined the children when school opened in September. The physical condition of the pupils was good.

At Howard High School eight notices were sent for defective tonsils and adenoids. Seven were refused permission to play basketball. Only one notice sent for defective teeth. Several bad cases of impetigo and ringworm were excluded.

Continuing examinations at the Grammar School notices were sent for defective tonsils and adenoids: Center, 31; Sunset Avenue, 19; Matfield, 11; Cochesett, 9; Jerusalem, 1.

All children entering school were duly vaccinated. Twenty-three children examined and x-rayed by Dr. McCarthy from the Division of Tuberculosis in the follow-up Chadwick Clinic. This annual check-up on suspect hilum cases is invaluable. All cases were reported improved. One child attended Summer Health Camp for eight weeks. Seven retarded children were examined at a special clinic.

Routine inspections were made and all reported cases of infection investigated. Cases of impetigo, pink eye, ringworm, poison ivy received doctor's certificates before returning to school. Over 300 mild contagious cases referred to school physician.

Six children received glasses after careful checkup on vision. Seven children were examined twice at the Eye and Ear Infirmary in Boston. Four were furnished glasses. Two children were taken for ear diagnosis, one will be entered for operation for granulated polypus. The Toxine-antitoxine treatment for diphtheria was administered to 224 children by Dr. McKnight who is District Health Officer and will follow up with the Schick test in the near future.

Many families, owing to these distressing times, have

been unable to provide necessities. The Red Cross assisted the Welfare Department at Thanksgiving and again at Christmas. New as well as other articles of clothing have been distributed to needy families. It has been a great help to have the community interest and willingness to give money and service to relieve our social problems which are increasing. The teachers have been very helpful; also the S. P. C. C. has given their assistance in investigating cases of cruelty.

I herewith in closing express my appreciation to all those who have given me their very helpful support in my work toward Community Welfare.

Respectfully submitted,

LILLIAN M. HEWITT,
School Nurse.

CLASS ODE

Words and Music by Wilson Van Dyke

Tonight we leave these portals wide;
 Success is just a step ahead.
 You've been an ever welcome guide;
 You've shown us paths that we're to tread.
 We've studied hard—now we depart—
 For knowledge gained our thanks impart.
 To you, our school, our praise is due.
 We'll ne'er forget days spent with you.

Goodbye, dear Howard High, goodbye!
 It's time for us to say adieu.
 Long years we've spent without a sigh,
 And now our high school days are through.
 Fast friends we've made in these four years
 From whom we part with sighs and tears.
 A toast to Howard High so true—
 Farewell to happy days with you.

SCHOOL CALENDAR

1932-1933

First term—15 weeks, opens September 12, closes December 23, 1932.

Second term—7 weeks, opens January 3, closes February 17, 1933.

Third term—8 weeks, opens February 27, closes April 21, 1933.

Fourth term—8 weeks, opens May 1, closes June 23, 1933.

1933-1934

First term—15 weeks, opens September 11, closes December 22, 1933.

Second term—8 weeks, opens January 2, closes February 23, 1934.

Third term—8 weeks, opens March 5, closes April 27, 1934.

Fourth term—7 weeks, opens May 7, closes June 22, 1934.

HOLIDAYS

Columbus Day, October 12, 1933.

Armistice Day, November 11, 1933.

Patriots' Day, April 19, 1934.

Memorial Day, May 30, 1934.

VACATIONS

Thanksgiving recess begins November 22 at noon, closes November 27, 1933.

Christmas recess begins December 22, closes January 2, 1934.

February recess begins February 23, closes March 5, 1934.

Spring recess begins April 27, closes May 7, 1934.

Report of Water Commissioners.

For Year Ending December 31, 1932.

To the Honorable Board of Selectmen :

During the year 1932 there has been installed eleven new services; nine new meters; fifteen sidewalk boxes raised for new sidewalk construction; forty meters repaired; twelve hydrants repaired; fifty-two leaks in mains and services; thirteen services cleaned; four main gates repaired.

To overcome the shortage of water on Copeland Street 1500 feet of six-inch pipe was laid from the junction of Matfield and Copeland Streets and connecting to two-inch mains on Copeland Street. One hundred feet of six-inch pipe laid from Copeland Street north on North Main Street to Soderholm's new milk plant.

STOCK USED

3 6-inch ells	350 feet of 2-inch pipe
2 6-inch tees	840 feet of 1-inch pipe
1 6 x 2-inch reducer	115 feet of $\frac{3}{4}$ -inch pipe
16 6-inch 45 ell	45 feet of copper tubing
2 6-inch gates	60 feet of $\frac{1}{2}$ -inch pipe
2 4-inch gates	9 corp. cocks
3 2-inch gates	10 curb cocks
2 4-inch hydrants	221 x $\frac{3}{4}$ stop and wastes
1 3-inch meter	8 lead bends
1600 feet of 6-inch pipe	17 curb boxes
16 feet of 4-inch pipe	10 street boxes.

WARREN P. LAUGHTON,

HERVEY DUNHAM,

F. C. PERKINS,

Water Commissioners.

Report of Inspector of Animals

There have been inspected during the past year 82 stables and 788 cattle. There were also 18 hogs and 5 goats.

Animals slaughtered:

Calves	416
Hogs	238
Beef	1
	<hr/>
Total	655

Animals Condemned

Calves	8
Hogs	2
	<hr/>
Total	10

DAVID DAILEY,
Inspector.

Finance Committee Report.

In considering the budget for 1933, the committee find; themselves faced with these conditions:

1. Reduced income from the State distribution of funds;
2. Increased State tax;
3. Increased Town expenses for welfare and relief of unemployment;
4. Decreased capacity of property owners to pay taxes.

The committee has worked with the assessors in an attempt to determine as accurately as possible the anticipated income from the State and probable State levies on the Town. The information received shows a material reduction in receipts, such as Income tax, Corporation tax, and returns from Old Age Assistance. Last year we also received \$4,500.00 from a special allotment of the Gas tax. This year the Town receives no aid from this source. The State tax, on the other hand, will probably be at least one-third larger than last year.

During the year 1932, the Town expended \$11,318.22 for Public Welfare, as compared with approximately \$6,500.00 spent yearly in 1930 and 1931. There is no apparent probability of the Town being able to reduce this expense for the coming year at least.

West Bridgewater is a residential town, having no local manufacturing or sizable industry from which to derive taxes. The cost of running the Town government falls directly upon the house owner, whose ability to pay taxes has been greatly

reduced by pay cuts and general unemployment, and by the low prices received by the producers of farm and dairy products.

These conditions make it imperative that the tax rate be made as low as possible without placing a handicap on the proper operation of our town departments. We realize that pay reduction is not the solution of the entire economic problem facing us all. However, as gross mismanagement is absent in our town government, there seems to be but one place where material curtailment of expenditures can be made. This is in the pay received by town employees. In our conferences with several of the department heads we found they were considering the problem from this same angle, and some of them in submitting their budgets have anticipated a change in the rate of pay of the town employees.

We therefore recommend to the town the following pay schedule for the fiscal year of 1933:

A reduction of 10% on all employees on salary or day pay.

A reduction to 50c per hour on all other town employees paid by the hour, except department heads paid on the hourly basis, who will receive 52½c per hour.

In all possible cases where aid is given by the Welfare department, labor should be expected in return, the rate of pay to be left in the hands of the Welfare Board.

As soon as financial conditions warrant the change, we believe there should be an adjustment of certain salaries paid town officials.

In our recommendations, we have endeavored to provide the largest possible opportunity for town labor that our appropriations will warrant. We understand that should the appropriation be made for construction of Copeland and Plain Streets, town labor will be used. For the same reason we recommend the resurfacing of Howard Street and the replacement of water mains by the Water department.

We believe the cost of reconstructing Howard Street

should be taken from the general highway appropriation. Such a plan insures the completion of the road proposed. This street was one of those recommended by the Road committee of the Town, as a part of their general plan of road construction. We feel the Road committee has made a good start in the selection of roads already constructed and suggest a long term plan of road construction be worked out and filed with the Town officials before the committee's term expires.

We do not recommend the construction of any new sidewalks in 1933. Sidewalks are desirable in many places, but we feel this is not the year to spend the money.

In voting on appropriations this year, we hope the voters will keep in mind the seriousness of the situation as shown by the amount of uncollected taxes which is constantly increasing. The total of uncollected taxes on January 1st, 1933 was \$75,882.68 as compared with \$61,970.24 on January 1st, 1932. Every effort must be made by the taxpayers and the collector to reduce this amount if relief on the tax burden is expected. Collected taxes furnish the money to pay the Town's expenses.

The total appropriations for 1932 were \$119,608.36. We recommend for departmental expenses (as shown in "Table of Comparison" which follows) a total of \$100,801.26 and for articles in the warrant a total of \$4,070.50. The entire amount we have recommended for 1933 is \$105,356.76. In spite of this reduction of over \$14,000.00 in the recommended budget for this year, the increase in the State tax and the decrease in revenue received from the State will more than offset our savings. We are facing an increased tax rate, but if the voters choose to follow our recommendations, we should have a tax rate not more than \$1.00 per thousand higher than last year.

We thank the Town Officers who have co-operated with us, by their attendance at our conferences and by their advice,

in our efforts to recommend a budget which will meet the needs of the Town as a whole.

A table of estimates by department heads and amounts recommended by this Committee, also a report of our recommendations on the articles in the Town Warrant appear on the following pages.

Report of Finance Committee on Articles in Town Warrant

Article 1. To elect the following Town Officers by Official Ballot: One Town Clerk for one year, one Moderator for one year, one Assessor for three years, one Selectman for three years, one member of the Board of Public Welfare for three years, one Treasurer for one year, one Tax Collector for one year, one Water Commissioner for three years, two School Committee for three years, two Trustees of Public Library for three years, one Tree Warden for one year, two Constables for one year.

Polls will be open at 9 o'clock in the forenoon of March 6, 1933, and will be closed at 8 o'clock p. m.

Article 2. To choose Town Officers for the ensuing year not elected on the Official Ballot.

Article 3. To hear the reports of all Town Officers and Committees and act thereon.

Article 4. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current year.

Article 4. The Finance Committee recommends such authorization.

Article 5. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriation for the same.

Article 5. The recommendations of the Finance Committee for each Department appear in the tables included in their report.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to widen Plain Street, providing the State will appropriate \$3,000.00 and the County \$1,500.00.

Article 6. The Finance Committee recommends the appropriation of this sum, with the understanding that Town labor be used for this work.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for a gravel base and tar top on Copeland Street, providing the State will appropriate \$3,000.00 and the County \$1,500.00 for the same.

Article 7. The Finance Committee recommends the appropriation of this sum, with the understanding that Town labor be used for this work.

Article 8. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for a gravel base and tar top on Howard street, from West Centre Street to River Street.

Article 8. The Finance Committee recommends the construction of this street as approved by the Road Committee, and that the necessary money for this purpose be taken from the general Highway appropriation.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to construct a bituminous sidewalk on Matfield Street, starting where left off last year, going westerly on north side of said Matfield Street.

Article 9. The Finance Committee does not recommend the construction of this sidewalk this year.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to construct a permanent sidewalk on West Centre Street, from the end of the present permanent sidewalk, westerly to Beacon Street.

Article 10. The Finance Committee does not recommend the construction of this sidewalk this year.

Article 11. To see if the Town will vote to raise and appropriate a sum of money for re-building the sidewalk on North Elm Street, from Mr. Gambao's, 630 North Elm Street, to Brooks Place.

Article 11. The Finance Committee does not recommend the rebuilding of this sidewalk this year.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$450.00 for new fire hose.

Article 12. The Finance Committee recommends the appropriation of this sum for 500 feet of hose.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$170.50 to shingle the roof and repair two windows in the Fire Station.

Article 13. The Finance Committee recommends the appropriation of this sum.

Article 14. To see if the Town will vote to accept Sinnott Street as laid out by the Selectmen.

Article 14. The Finance Committee recommends that this be referred to the Selectmen, as action on this proposition was taken at the Town Meeting two years ago.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the use of the Plymouth County Trustees for County Aid to Agriculture and choose a Town Director as provided in Sections 41 and 45 of revised Chapter 128 of the General Laws and act thereon.

Article 15. The Finance Committee recommends the appropriation of \$100. for this purpose.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$1,221.26 for maintenance of Plymouth County Hospital.

Article 16. The Finance Committee recommends favorable action.

Article 17. To see if the Town will vote to appoint a committee of three with the privilege to appoint assistants, to act in conjunction with the Town Clerk, to have such records re-bound as required by Law, and cause to be properly preserved all records of historical value now in possession of the Town Offices, and to raise and appropriate a sum of money for the same.

Article 17. The Finance Committee recommends favorable action and the appropriation of \$50. for this purpose.

Article 18. To see what action the Town will take in regard to the pay of all Town employees.

Article 18. The Finance Committee recommends:

A reduction of 10 per cent on all employees on salary or day pay.

A reduction to 50 cents per hour on all other town employees paid by the hour, except department heads paid on the hourly basis, who will receive 52½ cents per hour

In all possible cases where aid is given by the Welfare department, labor should be expected in return, the rate of pay to be left in the hands of the Welfare Board.

Article 19. The Finance Committee recommends favorable action.

Article 19. To see if the Town will vote to appropriate the sum of \$5,821.60 from Water Revenue to pay bonds and interest of the Water Loans.

Article 20. To see if the Town will vote to appropriate the sum of \$9,500.00 from Water Revenue for maintenance of the Water Department.

Article 20. The Finance Committee recommends the appropriation of \$9,300.00 for this purpose.

Article 21. To see if the Town will vote to appropriate the sum of \$7.59 from Water Revenue to pay overdraft on bonds and interest of 1931.

Article 21. The Finance Committee recommends favorable action.

Article 22. To see what action the Town will take in regard to paying for telephones of Town Officers.

Article 22. The Finance Committee recommends that the Town pay for NO telephones in private homes except those of the Chief of Police, Chief of Fire Department and one telephone in Cochesett to cover the Tapper system of the Fire Department located there.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$300.00 for the maintenance of visiting nurse service in West Bridgewater.

Article 23. The Finance Committee recommends favorable action.

Article 24. To see if the Town will vote to appropriate the sum of \$3,000.00, to be taken from the Water Reserve fund for the replacement of two-inch mains with pipe of larger diameter, wherever the Water Commissioners find it most needed.

Article 24. The Finance Committee recommends favorable action.

Article 25. To see if the Town will revise the regulations at present governing the Town Finance Committee, as adopted at the Annual Town Meeting, March 7, 1927, by amending the Town By-Laws, through the addition of the following sections to Article 3:

Section 3. There shall be a finance committee consisting of the selectmen and seven appointive members. The appointive members shall be selected as follows: One to be appointed from each of the five divisions of the town as specified in the town report of 1927 of the adjourned town meeting, or such other five divisions as may at any time be determined by vote of the town, and two appointed at large. If a vacancy occurs during the year, the committee shall elect a new member to serve until the next town meeting.

Section 4. At the annual town meeting the moderator shall appoint a committee of five members who shall in turn appoint the appointive members of the finance committee for the ensuing term. In 1933, two members shall be appointed for three years,

two for two years, and three (including the members at large) for one year; in 1934, and each year thereafter, two members for three years, and one member at large for one year. No elective officer of the town shall be eligible for appointment.

Section 5. The finance committee shall call on all officers, committees, chairmen and department heads for full information regarding recommendations, appropriations, expenditures, and reports. The finance committee shall be furnished by the assessors and selectmen with estimates of income as well as reports of expenditures. The finance committee shall have the power to investigate books, accounts, and general financial management of any and all departments of the town.

Section 6. The meetings of the finance committee may be called by the chairman of the committee or by the selectmen.

Section 7. The finance committee shall choose its own officers and adopt such rules regarding its procedure as may from time to time be necessary. The appointive members of the finance committee shall constitute its executive board. All business of the finance committee shall be transacted by the executive board in executive session. The executive board shall examine all articles in the warrant, make recommendations, and prepare a budget for submission to the town meeting. The executive board shall keep the selectmen informed as to all its actions.

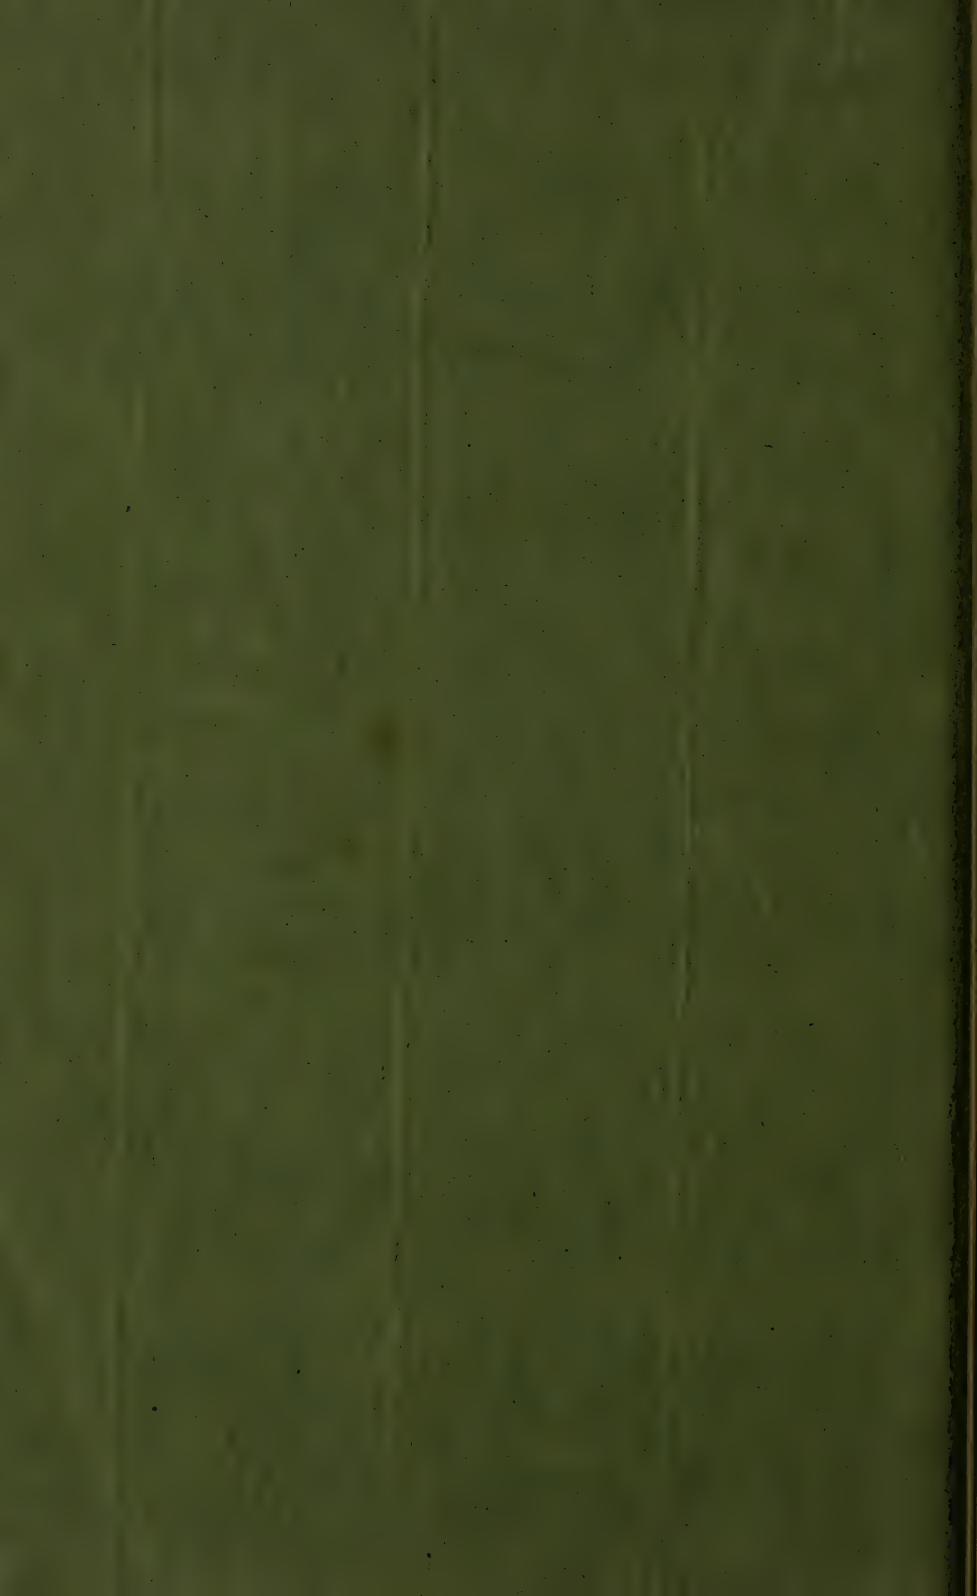

Section 8. No sum in excess of \$250.00 for any one purpose may be appropriated at any town meeting unless proposal for same has been specifically passed on by the executive board of the finance committee. No appropriation may be made at any special town meeting unless same has been specifically passed on by the executive board of the finance committee. No appropriation refused at the regular town meeting may be brought before a special town meeting except on approval of the executive board of the finance committee.

Section 9. The finance committee through its executive board shall annually submit a printed report of its recommendations and findings to the voters of the town, this report to be ready for distribution at least one week before the date of the annual town meeting.

Article 25. Referred to the voters.

Article 26. To transact any other business that may legally come before the meeting.

ANNUAL REPORT

OF THE

Town Officers

OF THE TOWN OF

West Bridgewater

1933

ALBERT MANLEY.

Born in Brockton, July 28, 1857.

Died in West Bridgewater, July 9, 1933.

In March, 1908, Mr. Manley was elected as Selectman, Overseer of the Poor and Assessor which offices he held until 1912. At this time he resigned from the Board of Selectmen and Overseers of the Poor in order that he might give more time to his work as Assessor. He served the town in this capacity, and since 1916 as Chairman of the Board, until his death. He will long be remembered as the highest type of citizen and town official.

Town Clerk's Report

ANNUAL TOWN MEETING

A meeting, duly warned, of the inhabitants of the Town of West Bridgewater, qualified to vote in Elections and Town Affairs was held in the Town Hall in said Town on Monday, March 6th, 1933, at 9 o'clock in the forenoon, and the following is a record of the doings of said meeting, viz:

The meeting was called to order at 9 o'clock by the Moderator, Howard B. Wilbur and the call for the meeting was read by the Town Clerk. After Article one had been read, which was to elect the Town Officers named on the Official Ballot it was voted to waive the reading of the other articles. The record of the service by the Constable was read by the Town Clerk, Herbert E. Bryant.

Following the reading of the call for the meeting and the Constable's return of the Warrant, the polls were declared open by Town Clerk Herbert E. Bryant. The Ballot box was inspected by the election officers, and then locked and the key delivered to Chester R. Ripley, Constable at the ballot box.

The following persons were sworn as election officers by Town Clerk Herbert E. Bryant: Albert C. Snow, Thomas Luddy, Orrin King, Daniel Sullivan, Arthur Ryder, Claire Kinney, Mary Pratt, Grace Keenan, and Margaret Kent.

The polls were open ready for the reception of ballots at 9 o'clock A. M. and at 9 o'clock P. M. it was voted to close the polls.

Upon counting out the ballots from the ballot box it was found that the total number of ballots cast was 712, which agreed with the numbered registered on the ballot box and with the number of names checked on each of the check lists. There were 412 names checked on the men's list and 300 on the woman's list.

After the ballots had been counted and the tabulation completed, the Moderator announced the result as follows:

After the result of the balloting had been announced by the Moderator it was voted to adjourn the meeting to Monday night, March 13th, 1933, at 7.30 o'clock for the transaction of business.

Herbert E. Brant was sworn to a faithful performance of his duties as Town Clerk by the Moderator.

The oath of office was administered to the Moderator, Howard B. Wilbur, as prescribed by law, by the Town Clerk, Herbert E. Bryant.

ADJOURNED TOWN MEETING, MARCH 13, 1933

In accordance with the vote passed at the meeting, March 6, 1933, the adjourned Town Meeting was held Monday, March 13, 1933, at 7.30 p. m., in charge of the Moderator, Howard B. Wilbur. The following action was then taken on the articles in the Warrant:

Article 2. To choose Town Officers for the ensuing year not elected upon the Official Ballot.

Surveyors of Lumber and Measures of Wood and Bark—Albert A. Howard, Chester R. Ripley, Elmer Sullivan, James A. Hemenway and Robert G. Dean.

Field Drivers—George F. Ryder, John Fallon, Francis Luddy.

Article 3. Arthur E. Ryder moved, and it was carried, that an amendment be made to the Report of the Finance Committee, that the amount recommended by them, relative to Old Age Assistance be changed from \$3,500.00 to \$6,000.00. It was then voted to accept the Reports of the Town Officers and Committees as printed in the Town Reports.

Article 4. Voted—That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1st, 1933, and to issue a note or notes therefor, payable within one

year, and any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 5. The following sums were raised and appropriated to defray the Town charges for the ensuing year:

Moderator	\$25.00
Selectmen	800.00
Town Accountant	650.00
Treasurer and Collector	1,770.00
Assessors	1,500.00
Other Financial Officers and Accounts	25.00
Town Clerk	600.00
Election and Registration	200.00
Law	25.00
Town Hall and Offices	2,400.00
Police	2,150.00
Dog Officers	35.00
Fire Department and Equipment	2,300.00
Hydrants	1,860.00
Sealer of Weights and Measures	125.00
Moth Suppression	2,000.00
Tree Warden	450.00
Board of Health	1,000.00
Inspection of Animals	100.00
Inspection of Slaughtering	175.00
Plymouth County Hospital (Maintenance)	1,221.26
Highways	13,000.00
Snow Removal	1,000.00
Sidewalks	200.00
Street Lights	3,950.00
Street Signs and Bridges	500.00
Public Welfare	6,600.00
State Aid	200.00
Soldiers' Relief	400.00
Military Aid	100.00
Soldiers' Burial	200.00

Library	800.00
School Appropriation	45,670.00
Care of Monument and Grounds	40.00
Flags and Parks	25.00
Memorial Day Observance	100.00
Printing and distributing Town Reports	467.90
Fire Insurance	550.00
Liability Insurance	654.28
Reserve Fund	2,000.00
Interest	1,750.00
Care of Cemeteries	150.00
Plymouth County Aid to Agriculture (See Article 15)	
Visiting Nurse Service	300.00
Finance Committee	15.00
Old Age Assistance	6,000.00
Permanent Sidewalk, No. Elm St. (See Article 11)	

Article 6. Voted—That the sum of \$1,500.00 be raised and appropriated to widen Plain Street,—provided the State appropriates \$3,000.00 and the County \$1,500.00. Motion to amend by adding, “Town labor shall be employed in the construction of this Highway,” and the Article as amended was carried.

Article 7. Voted the Town appropriate and raise the sum of \$1,500.00 for a gravel base and tar top on Copeland Street, provided that the State will appropriate \$3,000.00 and the County \$1,500.00 for the same. On motion the Article was carried with the addition Town labor be used in construction of same.

Article 8. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for gravel base and tar top on Howard Street from West Centre Street to River Street. Voted that Howard Street be repaired this year and the money be used from the regular Highway appropriation.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to construct bituminous

sidewalk on Matfield Street, starting where left off last year, going westerly on North side of said Matfield Street. Voted to pass this Article.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to construct a permanent sidewalk on West Centre Street from the end of present permanent sidewalk westerly to Beacon Street. Voted to pass this Article.

Article 11. To see if the Town will vote to raise and appropriate a sum of money for rebuilding the sidewalk on North Elm Street from Mr. Gambao's, 630 North Elm Street, to Brooks Place. Voted to pass this Article.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$450.00 for new Fire Hose. Voted that 500 feet of new fire hose be purchased for \$450.00.

Article 13. Voted—That the Town raise and appropriate the sum of \$170.50 to shingle the roof and repair two (2) windows in the Fire Station.

Article 14. To see if the Town will vote to accept Sinnott Street as laid out by the Selectmen. Amendment made that when the easements have been signed that the Town accept the Street through the Selectmen. Voted to adopt Article 14 as amended.

Article 15. Voted—That the Town raise and appropriate the sum of \$100.00 for County Aid to Agriculture and choose a Town director as provided in Sections 41 and 45 of revised Chapter 128 of the General Laws and Acts thereon. Mrs. Correli B. Alger was elected as Director for Town.

Article 16. Voted—That the Town raise and appropriate the sum of \$1,221.26 for maintenance of Plymouth County Hospital.

Article 17. Voted—That the Town appoint a committee of three (3), with the privilege to appoint assistants, to act in conjunction with the Town Clerk, to have such rec-

ords rebound as are required by law, and cause to be properly preserved all records of historical value now in possession of the Town Officers, and to raise and appropriate a sum of money for the same. Voted that \$50.00 be appropriated and that the Moderator appoint a committee.

Article 18. To see what action the Town will take in regard to the pay of all Town employees. Voted—That all Town Officials be reduced ten per cent. (10%) and that the hour rate of pay for laborers be reduced from sixty cents per hour to fifty cents per hour and that the heads of all departments receive fifty-two and one-half cents per hour.

Article 19. Voted—That the Town appropriate the sum of \$5,821.60 from the Water Reserve to pay bonds and interest of the Water Loan

Article 20. To see if the Town will vote to appropriate the sum of \$9,500.00 from Water Reserve for maintenance of the Water Department. Amended that the sum appropriated be \$9,300.00 and the Article as amended was voted.

Article 21. To see if the Town will raise and appropriate the sum of \$47.59 from Water Reserve to pay overdraft on Bonds and Interest of 1931. Voted—That the above amount be appropriated.

Article 22. To see what action the Town will take in regard to paying for telephone of Town Officers. Voted—That no telephones be paid for in homes of Town Officials, except those of Fire and Police Chief and one in Cochesett for the Fire Department tapper system.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$300.00 for the maintenance of Visiting Nurse service in West Bridgewater. Voted—That above sum be appropriated.

Article 24. To see if the Town will appropriate the sum of \$3,000.00 to be taken from the Water Reserve fund for the replacement of two inch mains with pipe of larger

diameter, wherever the Water Commissioners find it most needed. So voted.

Article 25. To see if the Town will revise regulations at present governing the Town Finance Committee, as adopted at the Annual Town Meeting, March 7, 1927, by amending the Town By-Laws, through the addition of the following sections to Article 3:

Section 3. There shall be a finance committee consisting of the selectmen and seven appointive members. The appointive members shall be selected as follows: One to be appointed from each of the five divisions of the town as specified in the town report of 1927 of the adjourned town meeting, or such other five divisions as may at any time be determined by vote of the town, and two appointed at large. If a vacancy occurs during the year, the committee shall elect a new member to serve until the next town meeting.

Section 4. At the annual town meeting the moderator shall appoint a committee of five members who shall in turn appoint the appointive members of the finance committee for the ensuing term. In 1933, two members shall be appointed for three years, two for two years, and three (including the members at large) for one year; in 1934, and each year thereafter, two members for three years, and one member at large for one year. No elective officer of the town shall be eligible for appointment.

Section 5. The finance committee shall call on all officers, committees, chairmen and department heads for full information regarding recommendations, appropriations, expenditures, and reports. The finance committee shall be furnished by the assessors and selectmen with estimates of income as well as reports of expenditures. The finance committee shall have the power to investigate books, accounts, and general financial management of any and all departments of the town.

Section 6. The meetings of the finance committee may be called by the chairman of the committee or by the selectmen.

Section 7. The finance committee shall choose its own officers and adopt such rules regarding its procedure as may from time to time be necessary. The appointive mem-

bers of the finance committee shall constitute its executive board. All business of the finance committee shall be transacted by the executive board in executive session. The executive board shall examine all articles in the warrant, make recommendations, and prepare a budget for submission to the town meeting. The executive board shall keep the selectmen informed as to all its actions.

Section 8. No sum in excess of \$250.00 for any one purpose may be appropriated at any town meeting unless proposal for same has been specifically passed on by the executive board of the finance committee. No appropriation may be made at any special town meeting unless same has been specifically passed on by the executive board of the finance committee. No appropriation refused at the regular town meeting may be brought before a special town meeting except on approval of the executive board of the finance committee.

Section 9. The finance committee through its executive board shall annually submit a printed report of its recommendations and findings to the voters of the town, this report to be ready for distribution at least one week before the date of the annual town meeting.

Article 26. To transact any other business that may legally come before the meeting.

Moved—That if and when the amendment to Article 3 of the Town By-laws is approved by the Attorney General, then the regulations concerning the Town Finance Committee as passed at the Adjourned Town Meeting in 1927 be and thereupon are repealed.

Moved and carried that any amount available, not in excess of Three Thousand Dollars (\$3,000.00) be appropriated from the surplus reserve fund, same to be deducted by the Assessors from the tax levy of 1933.

Moved and carried that the Moderator appoint a committee of three to confer with a similar committee or committee from East Bridgewater or Bridgewater or both to gather any available information as to the needs, the feasibility, the advantages and disadvantages, and the expense

to this Town of consolidating the High Schools of the three Towns.

Moved and carried that the Selectmen and Town Clerk arrange the hours and hour rate of salary of Town Clerk.

Moved and carried that meeting adjourn. Adjourned 9.30 P. M.

At a meeting of the Selectmen and Town Clerk held March 20, it was decided that the rate of pay per hour for the Town Clerk commensurate with the annual salary, \$486.00 shall be fifty-two and one-half cents ($52\frac{1}{2}$ c) per hour, 18 hours per week, and it was further agreed that the Town Clerk office hours would be, viz: Monday and Tues, 9.00 A. M. to 12.00 M., 2.00 P. M. to 5.00 P. M.; Wednesday, 1.00 P. M. to 5.00 P. M.; Wednesday evening, 7.00 P. M. to 9.00 P. M.

The By-laws governing the Finance Committee, as adopted by the voters at the Annual Town Meeting, held March 13, and submitted to the Attorney General for approval, were approved April 20th, 1933.

The Moderator, as directed, appointed Henry Davenport, Eben Wood, Christopher Read, Daniel Penpraese, Lester Charnock a committee to appoint the members of the Finance Committee, as, and in compliance with the By-laws of the Town governing Finance Committee. This committee made the following appointments on May 3rd, 1933:

John M. Richard for 2 years	Eastern District
Ralph S. Frellick for 3 years	Southern District
Arthur E. Ryder for 3 years	Western District

Alfred T. Wells for 2 years
 Ernest Everard for 1 year
 William E. Norris for 1 year
 Abner Ellis for 1 year

Centre District
 Delegate at Large
 North District
 Delegate at Large

On August 22 the Selectmen, in conjunction with the Assessors, appointed Arthur C. Peckham as Assessor to fill vacancy caused by death of Mr. Albert Manley. Mr. Peckham, having resigned his office as Town Accountant, H. E. Bryant was appointed to that office. Both appointments to serve for the unexpired terms.

The committee appointed to preserve records met several times during the year and caused to be rebound several volumes of Vital Statistics that are in constant use; also all the Town Reports from the issue of 1854 to the year 1932 inclusive. The Town Reports are bound into seven volumes. There is yet work to be done in the preserving of important records of the several departments.

JUNE 13, 1933

Special State Election for Constitutional Convention of Delegates to Ratify or Repeal the Eighteenth Amendment to the Constitution of the United States. Proposed by Joint Resolution of Congress. A meeting duly warned of the inhabitants of the Town of West Bridgewater qualified to vote for Delegates from the Fifteenth Congressional Dis-

trict was held at the Town Hall on Tuesday, June Thirteenth, in the year One Thousand Nine Hundred and Thirty-Three, at one o'clock in the afternoon, and the following is a record of the doings of said Town, viz:

The meeting was called to order by the Town Clerk, who read the call for the meeting and who declared the polls open for the purpose stated in the Warrant. The ballot box had been inspected by the election officers and found to be empty.

The hour of six o'clock having arrived the Warden declared the polls closed.

Upon counting the ballots it was found that 261 ballots had been cast, which agreed with the number registered on the ballot box, and also with the number checked on each of the voting lists.

Of the above ballots cast, 161 were cast by male voters, 85 by female voters.

All the ballots having been sorted, counted, recorded and declaration thereof made as is by law required, showed that they were for the following persons, namely:

Ratification (Against Repeal) vote was for three Delegates, viz:

Adelaide M. Brown of Margin St., Cohasset	75 votes
Herbert N. Hinckley, Main St., Tisbury	74 votes
Elizabeth H. Kelley, Hallet St., Yarmouth	74 votes
Blanks	41 votes

Delegates Favoring Ratification vote was for three Delegates, viz:

Henry T. Geary, 76 Sandwich St., Plymouth	177 votes
Gladys P. Swift, Bow Lane, Barnstable	177 votes
Ferdinand Sylvia, 810 Brock Ave., New Bedford	171 votes

Shall License be granted in this Town for the sale therein of Wines and Malt Beverages.

The vote in favor of granting License was: One hundred Seventy-Eight (178); against granting License was Eighty (80); Three blanks (3); Total, 261 ballots.

After the results of the balloting had been announced by the Town Clerk, Herbert E. Bryant, the meeting was dissolved at 6.30 P. M.

SPECIAL TOWN MEETING, JUNE 13, 1933

A meeting duly warned of the inhabitants of West Bridgewater qualified to vote in Elections and Town affairs, was held at the Town Hall in said Town, Tuesday, June 13, 1933, at 7.30 P. M., and the following is a record of the doings of said meeting, to wit:

The meeting was called to order by Moderator Howard B. Wilbur and the call for the meeting was read by the Town Clerk.

Article 1. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the Public Welfare. The Finance Committee, through their Chairman, Arthur E. Ryder, recommended the sum of Seven Thousand, and moved that Seven Thousand be raised and appropriated. Motion carried.

Article 2. To see if the Town will vote to raise and appropriate the sum of One Hundred (\$100.00) Dollars for the Department of Election and Registration. The Chairman of the Finance Committee Arthur E. Ryder moved that the sum of Fifty Dollars (\$50.00) to raised and appropriated. Seconded by James Hemenway. Motion carried.

Moved that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to refund any or all of the revenue notes issued in anticipation of the revenue of the year 1932 in accordance with the provision of Sec-

tion 17, Chapter 44, General Laws, any debt so incurred to be paid from the revenue of the year 1932. Motion carried.

Moved that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to refund any or all of the revenue notes issued in anticipation of the revenue of the year 1933 in accordance with provisions of Section 17, Chapter 44, General Laws, any debt so incurred to be paid from the revenue of the year 1933. Motion carried.

There being no further business it was voted to dissolve the meeting at 9.35 P. M.

SPECIAL TOWN MEETING, DECEMBER 18, 1933

A meeting duly warned of the inhabitants of West Bridgewater qualified to vote in Elections and Town affairs, was held at the Town Hall in said Town on Monday, December 18, 1933, at 7.30 P. M., and the following is the record of the doings of said meeting, viz:

The meeting was called to order by Town Clerk Herbert E. Bryant, who read the call for the meeting.

Article 1. To see what action the Town will take in regard to transferring from the Water Department Reserve Surplus the sum of Sixteen Hundred (\$1,600.00) Dollars for the use of the Water Department in laying 6-inch pipe from the junction of Matfield and East Streets to connect with present service on East Street at a point about 2,500 feet south of Matfield Street. Mr. Arthur E. Ryder, for the Finance Committee, recommended that the sum of Sixteen Hundred (\$1,600.00) Dollars be transferred from the Water Department Reserve Surplus to the Water Department Maintenance account. J. A. Hemenway moved, and it was voted, that this sum be transferred.

Article 2. To see what action the Town will take to raise and appropriate the sum of Fifty Dollars for use of the Department of Inspection of Slaughtering; One Hundred Dollars for Department of Health and Sanitation; Fifty Dollars for Town Accounting Department.

The Finance Committee recommended that the sum of \$50.00 be raised and appropriated for Department of Inspection of Slaughtering. So voted.

Also that the sum of One Hundred (\$100.00) Dollars be raised and appropriated for the use of the Department of Health and Sanitation. So voted.

That the sum of Fifty Dollars (\$50.00) Dollars be raised and appropriated for Town Accounting Department. So voted.

There being no more business to come before the meeting, it was voted to dissolve the meeting at 8.20 P. M.

ABSTRACT FROM CHAPTER 46 OF THE GENERAL
LAWS OF MASSACHUSETTS

Sec. 3. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth giving the street number if any, color and the family name. They shall within fifteen days after the birth, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a report of the birth, stating the date and place, the name, if any of the child, its sex and color, and the names, ages, places of birth, occupations and residences of the parents, giving the street number, if there be any, and the number of the ward in the city, the maiden name of the mother, if the full return is not made within forty-eight hours.

The fee of the physician or midwife shall be twenty-five cents for each birth so reported. A physician or midwife who neglects to report each birth within forty-eight hours or fifteen days thereafter, shall for each offence forfeit a sum not exceeding twenty-five dollars.

Sec. 6. Parents, within FORTY DAYS after the birth of a child, and every householder within FORTY DAYS after a birth in his house, SHALL cause notice thereof to be given to the CLERK of the city or town in which such child is born.

The facts required for record, as stated in section 3, shall, so far as known or obtainable, be included in every notice given under the provisions of this section.

Sec. 8. A parent, or other person who, by section 6, is required to give, or cause to be given, notice of a birth

or death, who neglects to do so for TEN DAYS after the time limit therefor, shall forfeit not more than five dollars for each offence.

Sec. 24. The Town Clerk shall furnish blanks for returns of births to parents, householders, physicians and midwives who apply therefor.

Report of Selectmen

In giving our report the Selectmen suggest to the voters of the Town they keep within the recommendation of the Finance Committee. The Selectmen have worked with this committee on all budgets and we feel under present conditions we have kept expenditures down so all departments can function.

We have built Plain Street and Copeland Street with the help of the State and County and were able to give our unemployed work, thus helping our Welfare Department.

The Selectmen have asked the State and County for help in rebuilding South Elm Street. This is all the new road work we are asking for.

We have done considerable graveling on roads this year, and feel now what money we have should be for tar on these roads. The Selectmen have petitioned to the County Commissioners for a layout from West Center Street to the Easton line. We hope to do this at some future time with the help of the State and County.

JAMES A. HEMENWAY,
G. A. PETERSON,
M. A. SIMMONS.

Report of Tree Warden

I have done the usual trimming of dead and low hanging limbs from our trees where we considered it was most needed. I have cut down a large willow tree on West Center Street and an elm on Wall Street that were dangerous. I have also bolted an elm tree on East Street. Our trees did not get damaged very much by storms during the past year and are in a healthy condition with the exception of some of the elms that were infested with the elm beetle and were weakened as the result of that infestation.

CHRISTOPHER READ,
Tree Warden.

Report of

Sealer of Weights and Measures

To the Honorable Board of Selectmen:

Gentlemen:

In compliance with the law I herewith submit my annual report of this office for the year 1933.

I have visited the various places of business in the Town and have tested and sealed or condemned all the weighing and measuring devices found there.

Below is a list of the work done.

	Adjusted	Sealed	Condemned
Platform Scales	1	31	1
Counter Scales		12	
Computing Scales	1	11	1
All other scales	4	40	1
Avoirdupois Weights	2	110	
Liquid Measures		25	8
Gasoline Pumps	3	19	
Gasoline Meters		21	
Kerosene Pumps	1	7	
Oil Pumps	1	7	
	<hr/> 13	<hr/> 283	<hr/> 11

Fees received and paid to Town Treasurer	\$47.50
Pedlers' License Fees	24.00

CHRISTOPHER READ,
Sealer of Weights and Measures.

Report of Moth Superintendent

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report for the year 1933.

I have sprayed all the trees on the roadside and also scouted for gypsy moth egg clusters all over the Town and have creosoted all we have found. In scouting for egg clusters we have found them more numerous than for many years. From the report of the state inspectors this increase is noted in most of the towns in the state and is caused because some towns have not done their share of the work fighting the pests, therefore causing them to spread.

A new menace to our elm trees is reported found in several nearby states, the Dutch elm disease. It has not yet been found in this state but there is fear that it will spread here. There is no known method of preventing it except by cutting down and burning any tree that has the disease. In New Jersey over six hundred elm trees had to be cut and burned in two towns.

CHRISTOPHER READ,
Local Superintendent.

Report of Assessors

LIST OF APPROPRIATIONS FOR 1933

Annual Town Meeting, March 13, 1933

Moderator	\$25.00
Selectmen	800.00
Town Accountant	650.00

BOARD OF ASSESSORS,

Report of the Trustees of the Public Library

The use of the Public Library has grown the past year beyond all precedent. The number of books borrowed in 1933 (during which time the Library was open 100 days) exceeded 46,000 volumes, more than 10,000 in excess of 1932. This represents a 27.9% increase over last year and an approximately 15 per capita circulation,—a fine showing. Some may say that this large increase is due mainly to unemployment, but there seems to be a substantial number of older retired business and professional people who will, no doubt, become “permanent” readers—and the ratio of educational reading, especially in the grade schools, shows a substantial increase.

Books on economics, world affairs and psychology have been sought—and found. We have been fortunate in having been able to add 558 books, 511 by purchase and 47 by way of gift. To Mr. and Mrs. Clarence Puffer, especially, we extend our thanks for useful book gifts.

One of our greatest needs is an additional sectional book case on which to place special types of book collections.

Another ever-present need is that of enlarged reading room facilities.

Besides the Elmvile branch which has functioned as usual, very satisfactorily under the competent care of Mrs.

Snell, another deposit of books has been made recently in Jerusalem under the supervision of Miss Darling at the school. This is a new venture and, we trust, will prove helpful and successful.

Naturally, we are desirous of maintaining our standard of excellence in all departments. Due to the huge increase in business, in order to do this, it will be necessary to employ our part time assistant fully as much as in the past as well as to devote some time outside of library hours to library "housekeeping."

To all who have so willingly co-operated with us during this year of test, we extend our hearty thanks.

CHARLOTTE L. WILLIAMS.

Inspector.

Report of Plymouth Co. Extension Service

The rapidly changing economic conditions of the past year have created many pressing problems for farmers of the county. The Extension Service has been called upon more frequently than ever before to furnish information and advice that the farms of the county might be operated as efficiently as possible, that families might use their resources to the best advantage, and that boys and girls might learn through their 4-H clubs to assist in meeting the problems of their parents.

Through county-wide and local meetings, tours and demonstrations, through circular and personal letters, farm and home visits, office and telephone calls, and through such other agencies as the "Farmer" and newspaper articles, information, instruction and advice have been made available to farmers of all classes, to the homemakers of the county and to 4-H club members. Over 3,000 farmers, and in all nearly 7,500 different individuals in Plymouth County have been in direct contact with the Extension Service during the past year.

Marketing problems and those of farm finance have been even more pressing than those of production. The Extension Service has devoted much time and effort toward the solution of these difficulties, both with individual farmers and with county-wide groups of dairymen, poultrymen and others.

The following report tells briefly some of the ways in which the work affected the citizens of West Bridgewater.

Twenty-three personal visits were paid to individual farmers to give advice or information on particular problems. In addition, many others received information and advice through telephone, personal letters and calls at the office in Brockton. Farmers in West Bridgewater attended regularly the many agricultural meetings and tours held in other towns for the benefit of the farmers of the county. All farmers in town received regularly letters and circulars giving timely information on the control of pests, growing of crops, and management of poultry and livestock.

The town was represented at our conference held for managers of tea rooms and wayside stands. Assistance was also given homemakers in food problems, in garden subjects, and in kitchen improvement. One general meeting was held at which practical home and community problems were discussed.

Four-H club members enrolled in the following clubs during the past year: dairy, garden, handicraft, poultry and clothing.

Dairy club members attended meetings of the Plymouth County 4-H Dairy Club, while the handicraft and clothing club members met regularly with local leaders. The garden club members were visited and each garden scored by the county club agent.

Marie Blomgren won third place in the county-wide contest. This contest requires that the dress be cut and made entirely by the club member, and that it be judged both off and on the girl.

I wish to thank the many friends who have given of their time and effort towards making this work a success.

CORELLI C. ALGER,
Town Director.

Report of Water Commissioners

To the Honorable Board of Selectmen:

During the year 1933 the department has installed:

- 9 new services
- 21 new meters
- 22 services renewed from water main to curb cock
 - 1 old service renewed from main to cellar
- 20 services cleaned from main to cellar
- 28 leaks repaired on services
- 14 leaks repaired on water mains
 - 4 leaks repaired on hydrants
 - 2 broken hydrants repaired
- 47 meters repaired and cleaned and tested
 - 2 six inch gates repaired
- 12 gate boxes installed
- 21 service boxes installed

To overcome the shortage of water on Spring Street 2,670 feet of six inch pipe was laid and 548 feet of copper tubing used in the new services from the main to street line.

To overcome the shortage of water on High, Crescent and West Streets 250 feet of six inch pipe was laid from West Center Street to the two-inch pipe dead end on High Street.

STOCK USED

One-half inch fittings—5 ells, 3 tees, 23 $\frac{3}{4}$ / $\frac{1}{2}$ ells, 14 $\frac{1}{2}$ inch plugs.

Three-quarter inch fittings—27 $\frac{3}{4}$ -inch ells, 23 $\frac{3}{4}$ / $\frac{1}{2}$ bushings, 5 $\frac{3}{4}$ -inch tees, 3 $\frac{3}{4}$ -inch unions, 8 $\frac{3}{4}$ -inch plugs, 28 $\frac{3}{4}$ -inch nipples, 25 $\frac{3}{4}$ -inch male flangers.

One-inch fittings—25 1-inch ells, 18 1-inch tees, 12 1-inch unions, 9 1-inch plugs, 22 $1\frac{1}{4}$ bushings, 17 1-inch nipples, 15 $1\frac{3}{4}$ stop and waste.

Two-inch fittings—5 2-inch ells, 7 2-inch tees, 2 2-inch unions, 5 2-inch plugs, 9 2-inch nipples, 2 2-inch gates.

Four-inch fittings—1 4-inch ell, 2 4-inch (45), 4 $6\frac{1}{4}$ " tees, 5 4-inch gates.

Pipe—150 feet $\frac{3}{4}$ -inch pipe, 817 feet 1-inch pipe, 127 feet 2-inch pipe, 50 feet 4-inch pipe, 2,920 feet 6-inch pipe, 1 $6\frac{1}{2}$ " reducer.

Copper Tubing—548 feet $\frac{3}{4}$ -inch copper tubing.

5 gate boxes raised.

16 service boxes raised.

Other fittings—35 curb cocks, 39 corp. cocks, 4 copper unions, 2 6-inch gates, 1 new hydrant.

HERVEY DUNHAM,
WARREN P. LAUGHTON,
FAELTON C. PERKINS,
Commissioners.

Report of Chief of Police

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report of the West Bridgewater Police Department for the year ending December 31, 1933.

Appropriation	\$2,150.00
Unexpended balance	381.87
Fines returned to Town	50.00
Stolen property recovered	1,850.00
Complaints and Investigations	446
Number of arrests and summons	136
Number of telephone calls for police, fire and water	3,423

CAUSE OF ARRESTS AND SUMMONS

Automobile violations	52
Driving under influence	7
Driving to endanger	2
Drunk	14
Assault with a dangerous weapon a knife with intent to kill.	1
Breaking and entering	1
Larceny	9
Disturbance	6

Rape	1
Bastardy	1
Non-support of wife	2
Non-support of children	1
Suspicious persons	6
Violation of Probation	6
Superior court capious	2
Illegitimacy	1
Non-payment of fines	2
Operating without a license	2
To insane hospital	2
Breaker and disturber of peace	2
Grand larceny	1
Misappropriation of automobile	2

MISCELLANEOUS

Automobile transfer papers	130
Automobile accidents	31
Accidents where persons taken to doctor	5
Accidents where persons taken to hospital	10
Attempt suicide	2
Accidental drowning	2
Aeroplane accident	1
Persons found dead	1
Persons on probation to chief order of probation officer	6
Dogs shot	2
Horses shot	1
Lost children	4
Wires down in streets and reported	8
Trees blown down in streets and reported	4

The police car has travelled 00,000 miles and the motor-cycle 000 in performance of duty.

Again I wish to impress upon the need of instilling into the children the danger of playing in the streets and also roller skating in the streets.

I wish to thank the school traffic officers for the interest they have taken in their work. I wish to thank the teachers for their hearty co-operation in this work.

In closing I wish to thank the Selectmen and all others who have in any way helped the department. To the officers I extend my hearty thanks for their co-operation.

Respectfully submitted,

WARREN P. LAUGHTON,
Chief of Police.

Report of Fire Department

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit the annual report of the West Bridgewater Fire Department for the year ending December 31, 1933:

VALUE LOSSES AND INSURANCE PAID

Assessors' estimated value of property where fires have occurred including buildings and contents	\$24,950.00
Insurance carried on same	54,905.00
Insurance paid	\$9,458.35

CALL FORCE

The call force consists of eighteen men, one Chief, one assistant chief, three captains and five fire wardens.

APPARATUS

The apparatus consists of one Maxim 500-gallon triple combination and one Federal combination, nineteen years old; and one Reo combination chemical and hose truck.

WIRE AND ALARM DEPARTMENT

Three hundred feet of iron wire replaced with insulated copper wire. Six hundred feet of wire damaged by storm restrung. The siren whistle and the bells tested daily except Sundays.

FIRES

Frame buildings	30
Grass and woodland	22
Dump fires	4
Chimney fires	17
Automobile fires	5
Out of town calls	1

In performing this service the apparatus has travelled 178 miles, laid 1,200 feet of 2½-inch hose, 2,200 feet of chemical hose, 300 feet of ¾-inch hose; raised 613 feet of ladders used 429 gallons of chemicals and 23 pump cans.

Again I want to say that the siren whistle has proven its value in giving an alarm which notifies the men working around town of a fire and the location.

I again feel it my duty to call your attention to the shortage of 2½-inch fire hose and I would recommend the purchase of 500 feet of hose.

In closing I wish to thank the Selectmen and all others who have in any way helped the department.

To the officers and members of the department I extend my heart-felt thanks for their co-operation.

Respectfully submitted,

WARREN P. LAUGHTON,
Chief of Fire Department.

Report of Highway Department

To the Honorable Board of Selectmen :

As your Superintendent of Streets I present my report as follows: Work started at the beginning of the year as usual and we consider that the work for the past season was of great importance and very successful. We carried on our regular routine of scraping, widening, patching and general maintenance throughout the year.

The aim of this department has been to give the best returns to the citizens for the money appropriated, and at the same time provide work for the deserving unemployed as far as possible. I think that most of the people feel that the head of this department has tried to be fair and impartial.

During the winter we did a great deal of gravelling on Wall, Pleasant, Beacon, Manley, Walnut, Keenan and Ash streets and Aldrich Road. During the early season a tar top blanket was laid on Wall street (500 feet) with the cooperation of the Bridgewater Department.

This short street is bounded on the east and the west by the Town of Bridgewater.

Following this work we built a fine piece of tarvia top on Howard street from West Center to River street (1000x 28 feet). In connection with this work we built a good gravel sidewalk. Would recommend that this walk be treated with a coat of tarvia.

During July and August with the cooperation of the state and county we built approximately one mile of tarvia top on Copeland street. This work was under the supervision of the State.

In September and October we widened our portion of Plain street six feet to correspond with that of East Bridge-water and Brockton, and resurfaced the whole with a stone asphalt penetration top. This was also under the state engineers.

During the late fall we finished some small jobs and in December the C. W. A. work was started and we worked on those projects for the balance of the year.

Respectfully submitted,

DANIEL A. PENPRAESE,
Superintendent of Streets.

Report of Town Accountant

Report of School Committee

To the Citizens of West Bridgewater:

In spite of the substantial reduction in the appropriation of the school department in 1933, it is believed that the efficiency of the schools was maintained without serious impairment. For this, much credit belongs to the teachers who accepted a ten percent reduction in pay without relaxation of effort. Credit is also due to the Superintendent who voluntarily relinquished ten percent of his salary although not under legal obligation to do so. The School Committee is of the opinion that with the advance in commodity prices, the teachers are not without justification in seeking at least a partial restoration of the amount cut from their salaries. It has accordingly prepared its budget for 1934 with a view to restoring one-half of the amount of the reduction.

The making of certain needed repairs was deferred in 1933 because of lack of funds available for the purpose but should receive attention in 1934. A portion of the Sunset Avenue School building is badly in need of shingling. The same is true of one of the school buildings at Matfield which should also be repainted. Improvement in sanitarines, referred to in the report of the Superintendent last year should be begun. The Committee has accordingly asked a considerably larger amount for repairs than was appropriated last year.

The problem of transportation was given special consideration during 1933. Under a rule adopted by the School Committee many years ago only children living at least one and one-half miles from school were entitled to transportation. A study of conditions by the Superintendent revealed the fact that many children were being transported in violation of this rule. It seemed clear that rules adopted by the Committee should be uniformly and impartially enforced to the end that there should be no favoritism which gave any particular community or section advantages over another. After a careful study it was possible to make a revision of transportation routes which would permit carrying children of the first four grades living a mile or more from school and children in the higher grades living a mile and one-half or more from school. Although some complaint has developed, it does not appear possible to extend transportation facilities further, unless the town is willing to appropriate and spend more money for this service.

During the year the Committee has received complaints of acts of lawlessness and depredation upon the part of school children. It is obvious that teachers cannot control the acts of school children outside the jurisdiction of school authorities, except as they may exert an influence upon the child's character which tends to motivate his conduct wherever he may be. It seems to be generally recognized that the three major influences in the development of the character of the young are the home, the church and the school. Many believe that the most potent of these three, either for good or for ill, is the home. While it is true that sometimes boys and girls go astray in spite of a wholesome home atmosphere and that sometimes the converse is true, nevertheless it is undoubtedly the fact that the example and attitude of parents exert a powerful influence. Those of you who are parents desirous that your children shall grow up decent, law-abiding citizens must remember that much of

the responsibility rests with you. In your effort to accomplish this end, the School Committee desires to cooperate. Undoubtedly there are many subtle tendencies of the times to combat. Ex-President Hoover discerned a national moral decadence. The school of thought which would suppress the natural instincts of the child nearly to extinction has largely yielded to the school which would remove nearly all limitations. Upon most questions of a debatable nature, public opinion swings like the pendulum from extreme to extreme. It is seldom static, though not infrequently it may be most nearly right somewhere in the period of transition. There probably remains in our national conscience, taken as a whole, the capacity at least to discern the general line of demarkation between decency and indecency, —between right and wrong. The extent to which that capacity and the will to exercise it are to be transmitted to the next generation depends greatly upon the parent and the teacher of today. Salutary child guidance whether accomplished through persuasive or disciplinary agencies does not of necessity entail undue repression. Some of our teachers possess in high degree the ability not simply to impart knowledge of particular subject matter, but at the same time to exert an influence in character building that is equally valuable. It is the hope of the Committee that if upon introspection any of our teachers shall feel doubt in this respect, that teacher will consider that his or her principal objective during the ensuing year should be a greater effort not only to maintain a proper discipline in the school, but to instill qualities of character in the pupil that will function outside the four walls of the school building.

It is again the desire of the School Committee to thank the Parent-Teacher Association and all other agencies which have contributed to the welfare of our school system.

The proposed budget of the School Committee for the ensuing year is as follows:

General Control	\$4,200.00
Salaries	30,000.00
Books and Supplies	2,000.00
Janitor Service	2,200.00
Fuel and Light	2,000.00
Repairs	1,500.00
Transportation	3,900.00
Tuition	2,500.00
Nurse	900.00
Miscellaneous	75.00
	<hr/>
	\$49,275.00

Respectfully submitted,

HAROLD S. LYON,
Chairman.

Report of Superintendent of Schools

To the School Committee:

The educational work of the past year has been unaffected by the difficulties arising from the widespread financial and industrial disturbances. A reduced budget has necessitated certain economies in administration, instructional and material lines. These economies, however, have brought about no diminution of effort or enthusiasm for sustained constructive work on the part of an excellent teaching corps, every member of which has shown a sympathetic understanding of our local needs as well as a comprehension of the larger problems of the day, which are troubling the thinking minds of the nation. Material retrenchments have not meant any repression of the spirit of service by our teachers, but have in reality sharpened it, to the natural benefit of the boys and girls in our schools. For such a spirit we may well be grateful, as it is a community asset of no mean value.

ATTENDANCE

A slight gain in membership is shown in the figures for attendance tabulated January 1, 1934, the number of pupils being 678 as against 662 of the preceding year, a gain of 16. The increase of 1933 over 1932 was 18, so that in two years' time we have been obliged to find accommodations for 34 pupils, or practically one classroom. The distribution of these added pupils presents more of a problem than their

number, as we have a total seating capacity in all schools sufficient to provide for them all. At present the middle grades of Sunset Avenue and the two upper grades of the Center School have a membership out of proportion to other schools and grades. Such increases can be more readily absorbed at the Center on account of its larger rooms than at the Sunset Avenue School where remedial measures will have to be put in force at the beginning of the next school year, in the form of part time attendance.

SANITARY CONDITIONS

Last year attention was drawn in the Superintendent's report to the unsanitary and unsatisfactory conditions obtaining at Matfield, Cochesett, Jerusalem and the Center Schools. These conditions are quite inconsistent with the excellent teaching standards maintained throughout the system, and with civic responsibility of a community to place public health to the forefront of its municipal concerns. In recent years the science of public hygiene has advanced rapidly, and revealed the importance and value of preventive measures and sanitary precautions particularly in the operation of public buildings. In a school system, good operation is expressed in well-lighted and heated rooms and corridors, systematic physical examinations by competent supervisors, properly adjusted desks, and modern sanitary plumbing throughout. Most of our school buildings were erected at a time when the foregoing hygienic needs were but dimly recognized. We cannot afford to delay the initiation of corrective measures if we are to safeguard properly the health and well-being of the youths entrusted in our care. To heat the two rooms at the Cochesett School has been very difficult because of the exceptionally cold windy weather prevailing several days. Weather strips for doors and windows would help materially to make this building endurable.

RECENT EDUCATIONAL TRENDS

During the past year two interesting educational experiments have been launched by two New England school superintendents, Benezet of Manchester, N. H., and Lund of Newton, Massachusetts. Each deals with an elimination procedure, one in a teaching subject, the other in a marking process, and the arguments set forth by both in their public expositions show that much careful experimentation and analysis has preceded their final conclusions and recommendations.

Superintendent Benezet believes that far too much time has hitherto been spent in the early grades in the subject of arithmetical drill problems, to the detriment of the pupil's development in spoken English, and important social subjects. He has accordingly revised his curriculum so that the time formerly spent in arithmetic drill is given to other subjects deemed of greater importance in the proper development of the pupil's intellectual ability. Some very striking results have been recorded by the teachers involved in this experiment, which, however, seems to present up to now, more of a stimulus to interesting experimentation in educational methods than the discovery of a new assessment of educational values. Modern arithmetic texts are amazingly well written by experienced teachers of numbers, and supply a large amount of correlated information, which is skilfully interwoven into the various number topics as they are developed, so that important facts of English, history, geography, science, spelling and civics are added to the simple numerical content of a given topic. The excellent and constantly improving teaching technique of our normal school teachers is probably the surest safeguard for the preservation of good methods in any subject, and the development of better ones in all subjects as far as scientific experimentation and evaluation can be made by trained students of teaching methods.

Superintendent John Lund has been working out the problem of eliminating the stereotyped report cards now in general use, and on which certain symbols indicating success or failure, such as A, B, C, D or percents are used, and sent home for inspection several times during the school year. His main argument for the abolition of formal report cards is that they fail to give a true picture to parent or pupil of the real standing of the latter, or the methods he must take to improve this standing to assure himself of promotion.

Instead of formal symbols given out at stated periods, Superintendent Lund believes that critical and constructive notes on a child's progress are better for him and more enlightening to his parents, when presented in a convincing manner by the teacher. This is undoubtedly true especially in the lower grades where artificial symbols of progress evaluations are practically meaningless, and are on the way to be abolished in every progressive school system. With the increase of subjects in the upper grades, a modified system of marking could well be worked out, which would avoid the sterility of the formal symbols, and furnish a rational method of judgment based on constructive comments by the teacher. Such comments would have to be carefully expressed, which would mean careful study of the mind and character of every pupil, in order that each should receive the most accurate summing up of current progress, as well as the most direct stimulus to improve his or her scholastic standing and guarantees of eventual advancement.

To accomplish this adequately is a large order for one teacher or a thousand, but there is a challenge for every progressive educator to try to find a better, truer, more understanding way of measuring the imponderables of intellect, spirit and character of a human being than by A, B, C, D's or fractions of a percent markings.

EXTENSION OF SCHOOL YEAR

During the school year 1932-1933 so many days of schooling were lost because of inclement weather and contagious disease in the community that the high school was unable to complete the required number of days of schooling to conform with the statute law. Four days were made up on Saturday mornings, and four were remitted by the State Department. In order to obviate a repetition of these conditions, the school year has been lengthened by one week, and the no-school signal restricted to the elementary grades. Barring unusual eventualities, we should not again be in danger of being unable to complete the statute school year.

The annual reports of the Principal of the Howard High School, the Supervisor of Music, and the School Nurse and School Physician follow. Each report contains a carefully presented analysis of accomplishment, with such recommendations as to conditions and needs as seem pertinent and practical.

In conclusion I wish to take this opportunity to express appreciation for the constant co-operation I have received from the entire teaching staff, who have made work pleasant and productive by their fine spirit of service. To the members of the School Committee also I extend at this time my thanks for their wise and friendly counsel at all times.

Respectfully submitted,

ERNEST W. ROBINSON,
Superintendent.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Mr. Ernest W. Robinson,
 Superintendent of Schools,
 West Bridgewater, Mass.

Dear Sir:

I herewith present my annual report as Principal of Howard High School.

The distribution of the school's enrollment as of October first is as follows:

	Boys	Girls	Total
Freshmen	23	32	55
Sophomores	18	19	37
Juniors	20	13	33
Seniors	9	16	25
Post Graduates	0	2	2
	<hr/>	<hr/>	<hr/>
Totals	70	82	152

The membership of 152 is twelve more than last year's and next to the largest in the history of the school.

During the past year, the schools of the country have passed through a critical period such as has never before been experienced in the history of American education. Scores of subjects have been eliminated from the courses of study, teaching staffs have been reduced even in the face of large increases in enrollment, appropriations have been slashed, costly equipment has been left idle and discarded, salaries have gone unpaid, the length of school years has been shortened, and thousands of school have been closed, thus depriving one-half a million children of their right to an appropriate education. In view of these conditions existing in various sections of the United States, we, in West Bridgewater, are, indeed, particularly fortunate. Our educational program has included none of those drastic actions

which strike relentlessly at the very heart of education itself. Neither the 12½ percent reduction in teachers' salaries nor the practice of the strictest economy in the use of text books and supplies has lowered the high standard of teaching in the high school. In fact, the splendid spirit of the teachers manifests itself in their willingness to accept more work and greater responsibilities in order to render more effective service.

Within the last few years the number of boys of high school age attending state supported vocational schools has steadily increased. Our records since 1926 show that of the twenty-three boys who have entered such schools sixteen had attended and left Howard High School before graduation, twelve of these sixteen boys had failed in their high school work, and of these twelve boys six left the vocational school before the completion of their course. These facts, while important in themselves, are but a part of the larger problem of pupils leaving high school. Since 1921, 234 boys and girls have withdrawn from school. It is unquestionably true that through its lack of the proper facilities the school has failed in meeting the needs of the majority of this group. To compete with the vocational schools by the installation of much costly equipment is not to be considered, but with the increasing responsibilities thrust upon the school by changes in our social, economic, and industrial life, the vitalization of our present curriculum by the addition of new subject matter is not only desirable but is becoming more and more imperative. Similar recommendations have been made in almost every principal's report since 1922. The curriculum need not be enriched at the present time, but as soon as the financial crisis in education is definitely passed, this problem of meeting the needs of a larger number of our boys and girls should be given serious consideration.

The plan of purchasing, out of funds raised by the

school, instruments to be loaned to worthy students was given unusual encouragement by the generous and co-operative interest of the Trustees of the Howard Funds who made it financially possible to purchase a good sousaphone. The use of this instrument has aided greatly in the building up of a well balanced orchestra.

In as much as matters of high school policy and administration have been discussed at some length in my previous reports, I wish to direct attention to but one change. For the first time this year the orchestra practice and instruction period of one hour a week has been placed upon the same basis as all other regular classes. Hitherto, a pupil musically inclined, attended the class in orchestra only when other school activities did not interfere. This new arrangement eliminates all conflicts and creates splendid conditions under which this important work may be carried on more effectively.

In conclusion, I thank you, the School Committee, the Howard Trustees, the teachers, and friends for the loyal support given me.

NILS G. LINDELL,
Principal.

REPORT OF MUSIC SUPERVISOR

Supt. Ernest W. Robinson,
West Bridgewater, Mass.

Dear Sir:

I take pleasure in submitting my annual report as music supervisor in the schools of West Bridgewater.

The usual routine of class instruction has been carried on throughout the schools. With one or two exceptions,

where conditions have been crowded and special adjustments were necessary, the classes have moved along very regularly.

In the lower grades there have been lessons for the development and stressing of phrase sense also for quicker sight reading. Children are inclined to see and read note by note rather than groups of notes. The same method is advocated in music reading as in story reading.

In September many inquiries were made regarding the continuance of the glee clubs at the high school. These inquiries came not only from those students who were members last year but from others who wished to join this year.

Last spring all the schools participated in a pageant in observance of music week. All phases of music as taught in school were presented: rhythm, melody, harmony, singing games, folk dancing, toy symphony, and high school orchestra. After all expenses were met a profit of \$34.80 was realized. This money is being spent to further an appreciation of music. A book of music stories has been placed in each school and records have been purchased to carry on an introductory course in music appreciation. Already those pupils who are labelled "teacher's problem" are showing a marked interest.

Children's minds are plastic and if they are taught to listen to good music during their early school years they will develop a love for the best and become more selective in the choice of their radio entertainments, more critical of second rate performances. What the music of the future in our country is to be lies in the hands of our boys and girls. Dr. Walter Damrosch, Dean of American Music, realizes this when he makes his weekly broadcasts reaching six million school children every Friday morning. We must never forget that we are developing the child into a being who will love, understand and greatly desire beauty as expressed in music.

The utilization of leisure time is a problem of the future and music is destined to play a great part in the solution of this problem. No one would dream of putting into the hands of children a reader containing cheap dialect, poor English, coarse jokes or foolish love stories. Yet these are unthinkingly admitted in song form where their influence is more pernicious than in reading. In this day of radio I am not so concerned with what the child will do with music as with what music will do to him.

Through the efforts of Miss MacDonald the pupils of the seventh and eighth grades at the Center School have the opportunity of listening to Dr. Damrosch on Friday morning. I wish this could be made more general throughout the schools in town. Dr. Damrosch is an outstanding figure in the country today. Through him, the present generation, for the past five years, has had a wonderful opportunity for becoming acquainted with most of the great composers; for listening to and learning about the best music of all times. Hearing Walter Damrosch speak over the radio one feels his genial personality, his sincerity and earnestness, and his deep desire to make the youth of American music lovers.

In closing may I say the supervisor is always conscious of the future of the boys and girls in her classes. A turn in the wrong direction may mean wrecked ideals, weak character, undesirable citizenship. Sometimes in the classroom discussions arise and we digress from the work in hand, but I feel primarily I am a teacher and that no strictly adhered to course of study can supply that teaching personality that sympathizes with, inspires and draws out in a child the latent possibilities to grow into more highly developed being.

Yours respectfully,

LOIS J. SNOW,
Music Supervisor.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools and School Committee:

During the year 1933 Dr. Ellis LeLacheur examined all the school children including the high school. There is a marked decrease in physical defects in high school pupils. Four notices were sent for tonsil and adenoid defects. Permits were granted to play basketball, physical condition permitting. Doubtful cases were referred to the family physician.

Twenty-three children had tonsil and adenoid operations at the Goddard Hospital clinic.

Conferred with representative from Division of Tuberculosis to plan time for re-x-raying. Assisted with this work November 22nd. Fifteen are followed up in this clinic.

Conferred with Seal Sale Committee relative to sending children to camp. Two children were sent to Plymouth County Camp for eight weeks, each contributing a share of expenses. One tonsil and adenoid case was paid for by this Committee.

Eight retarded children were examined at the psychiatric clinic to ascertain their ability. Conferred with parents and took histories on these cases.

Red Cross Relief furnished milk to undernourished and needy children. Every case was carefully investigated. Forty-four school children benefitted for a period of four months at a cost of over \$250. Clothing, new and second-hand, was distributed. Forty pairs of shoes were bought.

Children were excluded from school with impetigo, pink eye, sore throats, infected sores, and any contagious or contacts of disease. No child returned to school after three days' absence without a certificate from the School Doctor.

Unfortunately schools were closed for a period of one week in May because of scarlet fever; there were fifteen

cases, mostly in the Matfield district. There was an epidemic of chicken pox in this same school. Careful watch is always kept by teachers, and suspicious cases of contagion are investigated by the nurse.

Home visits were made upon request and advice was given to secure relief. Referred several cases to other social agencies or to the local welfare board for attention. Two hundred eighty-seven visits were made. There are three children with defective hearing. All having defective vision have been corrected.

Attended the Annual Hygiene Conference at the State Teachers' College, also the South Shore Nurses' Club.

Respectfully submitted,

LILLIAN M. HEWITT,
School Nurse.

COMMENCEMENT EXERCISES

HOWARD HIGH SCHOOL

Class of 1933

Howard Hall, June twenty-first

PROGRAM

1. March—"Pomp and Chivalry" Charles J. Roberts
Howard High School Orchestra

12. Benediction Reverend Gerald Fitzpatrick

CLASS ODE

Words by Hulda Hackenson

Tune: Sweet Genevieve

Kind friends, who here with us convene,
We soon must leave this happy scene;
To Howard High we bid adieu,
To all our friends and teachers, too.
We're off—our journey's sail to set;
Thy teachings we shall ne'er forget.
Now we must turn in 'Thirty-three
To look to someone else but thee.

Chorus

Oh Howard High, in memory's shrine
Our fondest thoughts shall e'er be thine.
To thee, our school, our praises ring—
To thee our farewell song we sing.

Four years we've had to struggle through
With aid of all our teachers true;
'Til never more thy halls shall be
Trod by the class of 'Thirty-three.
Dear Alma Mater, as we partt,
We pledge from loyal hearts.
The schoolhouse on the hill we'll view,
And in our dreams return to you.

MOTTO—Hit; don't fan

SCHOOL CALENDAR

1933-1934

First term—16 weeks, opens September 6, closes December 22, 1933.

Second term—8 weeks, opens January 2, closes February 23, 1934.

Third term—8 weeks, opens March 5, closes April 27, 1934.

Fourth term—7 weeks, opens May 7, closes June 22, 1934.

1934-1935

First term—16 weeks, opens September 5, closes December 21, 1934.

Second term—8 weeks, opens January 2, closes February 21, 1935.

Third term—8 weeks, opens March 4, closes April 26, 1935.

Fourth term—7 weeks, opens May 6, closes June 21, 1935.

HOLIDAYS

Columbus Day, October 12, 1934.

Armistice Day, November 11, 1934.

Washington's Birthday, February 22, 1935.

Patriots' Day, April 19, 1935.

Memorial Day, May 30, 1935.

VACATIONS

Thanksgiving recess begins November 21 at noon, closes November 26, 1934.

Christmas recess begins December 21, at noon, closes January 2, 1935.

February recess begins February 21, closes March 4, 1935.

Spring recess begins April 26, closes May 6, 1935.

Finance Committee Report

In accordance with the vote of the last annual Town meeting a new committee was named, consisting of seven appointive members serving as the executive board, and the selectmen as advisory members. Upon organization of the committee, it was voted to hold monthly meetings throughout the year and this plan we believe has been beneficial to all members of the committee. Usually one or more department heads have met with the committee and discussed their work. A monthly report of expenditures and receipts is expected from the town accountant and in this way the members become familiar with the expenses and financial standing of the town through the year.

1933 will long be remembered as a year when economy in local government was mandatory in order to meet the needs of those who could not obtain employment in usual lines of work. The call for help was answered partly by the local welfare department and partly through the C. W. A. projects. Even with this Federal aid the expense of our welfare department was considerably more than ever before. The need for economy still exists although all are hoping for better conditions during the coming year.

With the aid of the assessors the committee has attempted to determine as accurately as possible the anticipated income of the Town and the probable levies by State and County on the Town. According to the information obtainable at this time, the net result of these figures will

probably be about the same as in 1933. In other words, the total appropriations of 1934 as compared with those of 1933 will change the tax rate accordingly.

The total appropriations for 1933 were \$115,158.66. We recommend for departmental expenses (as shown in "Table of Comparison" which follows) a total of \$106,540.30, and for articles in the warrant a total of \$2,766.75. The entire amount recommended for 1934 is \$109,307.05, a reduction of \$5,851.61 compared with the total appropriation of 1933. If the voters choose to follow our recommendations, it appears possible to expect a slightly reduced tax rate for the year 1934.

The C. W. A. projects have greatly helped in furnishing employment, and at the same time have raised some problems for town officials to solve, especially as regards highways. Several roads have been gravelled largely by C. W. A. funds; some of these should be topped with a permanent surface as soon as possible. The road committee report calls attention to other roads that should be black topped. There are some of the roads that have a permanent top that should be receiving another coating to preserve them. However, the town can afford to appropriate a certain sum for all road work and this must be distributed partly to topping and partly to other work; else if topping alone is done, labor will receive a comparatively small part of the appropriation and we are still faced with the unemployment problem for a number of our citizens. Other than the South Elm St. construction called for in the warrant, we believe all road work should be done under the general highway appropriation.

At the suggestion of the selectmen and street superintendent, the appropriation for highways, sidewalks and street signs and bridges are combined into one sum. The feeling was that the necessary allotment to each purpose could be best handled in this way.

The committee does not recommend the construction of

additional permanent sidewalks on West Centre St. until the question of rebuilding this street is definitely settled, as the grade and width of the street are subject to change. The extension of the "hot mix" type of surface on sidewalks is an open question. It is a costly surfacing and it is our hope that some other type of satisfactory surfacing can be developed by our superintendent at a less cost.

In the case of East St. the conditions prevailing are much like some of our other streets. The street should be properly drained before being surfaced or else the money will be thrown away. We are, therefore, not recommending a black top for this road until the drainage problem is taken care of.

The largest single appropriation of the Town is for our School department. The School committee's budget contemplates a larger outlay than last year for repair work on the school buildings. We have recommended an increase of \$1,600 over the appropriation of last year to take care of these repairs. It is the understanding of the finance committee, that it may be possible to improve the heating and sanitary conditions of some of the School buildings through further C. W. A. projects. If this is true, we believe it wise for the Town to appropriate an amount sufficient to pay for the materials required for these much needed improvements, if C. W. A. funds will pay for the labor. A check-up of the present conditions in some of our schools should convince anyone of the desirability of such an outlay.

Another department requiring a large appropriation is Public Welfare. This is probably the most difficult to administer to the satisfaction of the citizens at large. Applicants for aid should be given courteous and kindly treatment, even though a firm stand must be taken in unjust calls for help. With improving conditions, calls on this department should gradually reduce. A careful check-up is necessary to determine the merits of each case, and we sug-

gest to the Welfare Board serious consideration of the advisability of employing a part time investigator in our Town. Other towns around us are finding this a helpful and profitable solution of some of their welfare problems.

The Library appropriation is not large, partly because of help received from Trust funds, and we are recommending a slight increase this year, in view of the phenomenal increase in the use of our Library.

For years the Fire department has been handicapped by lack of hose. Last year an additional appropriation for hose was asked for in the warrant, and was voted. We are recommending a similar sum as an addition to the Fire department appropriation.

For the Police department we recommend a substantial increase over the past year's expenses. One reason for this is, that in the past the telephone expense of the police work has been charged into the Fire department and we believe this should be corrected. The main reason, however, is that the police are faced with increasing difficulties in crime and traffic control and we feel this increase is justifiable.

For Treasurer and Collector, we recommend an increase over last year's appropriation. The expenses of this department have been larger than past years because of tax sales and the probability of further sales this year justify the increase.

An analysis of the Collector's report will show the total of uncollected taxes on real and personal property slightly higher than a year ago. Although enforced collection has reduced materially the taxes owing to the previous 1933 levy, the outstanding amount of this levy is higher than the amount of the 1932 levy outstanding in last year's figures, leaving the total higher than a year ago.

In addition, Poll taxes extending over at least four years' levies, amounting to over \$1,400; Old Age Assistance taxes back to 1931, amounting to over \$500; and Motor

Vehicle Excise taxes extending back to 1929, amounting to \$6,740.97 are carried on the balance sheet as Assets of the Town. This situation we believe is inexcusable. These three classes of taxation are supposed to be paid within a comparatively short time from commitment. In the case of the Excise tax, if the party can afford to put a motor vehicle onto the highway and operate it, he can pay the Excise tax, and in most cases would do so if the collection of the tax was followed up promptly. As a result of allowing the collection to drift along, quite a substantial amount of the Excise taxes may have to eventually be abated, if permission can be obtained from the State commissioner of taxation. Abatements, however, do not pay town bills.

As taxpayers, all of us should have in mind that our taxes are assessed to pay our proportionate share of the Town expenses. Town bills for 1933 have been paid partly by borrowed money, and these loans must be repaid from the taxes of the year against which the loans were made. The large amount of outstanding taxes in our Town has influenced the attitude of some of the usual sources of borrowed money during the past year. Steps must be taken by the responsible Town officials to make sure that the default of Town loans such as happened this last year is not repeated.

The total of Water Rates outstanding is over 50% greater than a year ago, being \$10,517.43 at the end of 1933. One of the contributing causes is that no real effort has been made to collect past due amounts. One of the Town by-laws requires the Collector to make a report every three months to the Water Board of all overdue rates. Then, it is up to the Water Board to enforce collection. No such report has been made during the entire year. Such a situation should not be allowed to continue.

We understand a new system of keeping the record of water bills has been set up by the Collector during the last

few months. Under this system the balance due from each water taker can easily be found, if entries are kept up-to-date. This should make it possible to keep the Water Board informed as to collections, especially at the end of each quarter.

Owing to the failure of the Water Board to function as a united body, we believe the Town is not receiving the full benefit it should from this department. The budget for the year should have been prepared by the entire board, and the expenditures of this department should be passed upon in the same way. More care should be exercised in making up the commitments to see that they are correct. The method of preparing water bills should be revised so that the total amount owed would be shown on each consumer's bill when sent out. We are sure this would be helpful in collecting past due amounts.

One of the articles in the warrant requests the appropriation of a sum of money from Surplus Water Revenue to lay pipe on Turnpike St. We do not recommend taking this amount of money from Surplus Revenue of the Water department. The need of the residents on this street for an adequate water supply prompts the committee to suggest, however, that if this work could be done as a C. W. A. project with the labor expense paid by Federal funds, the Town might purchase the necessary amount of pipe to do this work. If the Water Board considers 4-inch pipe large enough for this comparatively short extension, the money for pipe is now available in the "Less than 6-inch main" balance in the Town treasury.

During the last year the committee (including the Selectmen) have found it impossible to obtain from the Town Accountant an up-to-date report of Town receipts. Meeting as we have on the second Thursday of each month, we have felt it reasonable to ask for a report of expenses and receipts of the previous month. The expense report on

each department was readily given but the Accountant has reported it impossible to furnish the receipt figures as he could not obtain them from the Treasurer. These figures have been from four to ten weeks late in reaching the Accountant. We have a reasonable Town by-law requiring that, immediately after the first day of each month, the Treasurer shall make to the Accountant a detailed report of all receipts during the preceding month, with a duplicate copy to the Selectmen. If the report is not rendered, this by-law can and should be enforced by the Selectmen. No business, whether private or public, can be handled intelligently and efficiently if the officers in charge of directing expenses and approving the borrowing of money do not know what amount of money is coming in or required. The Accountant should at the end of every month be in a position to furnish the Selectmen with the balance figures of the Town. Correct figures are essential. The necessity of correct figures was plainly evidenced during the past year, when over \$700 was lost to the Town through incorrect reports of Welfare expense (during the second quarter of the year) being filed with the State department distributing the Federal money granted the towns for welfare relief.

We believe one of the immediate problems is a readjustment of pay schedules. This question has been raised by some of the department heads this year. We, however, do not recommend any readjustment until the whole situation has been carefully analyzed. Some are without question receiving less than their responsibilities demand, while others are reasonably well taken care of. A flat increase across the board would not be fair, in our opinion.

We believe that before this problem can be intelligently and satisfactorily settled, a committee should be named at the Town meeting this year, to investigate the whole situation and report their recommendations possibly to a special

meeting before the end of the year. In this way, a readjustment could be made next year.

We thank all those who have helped us in our work during the past year, especially the Selectmen who have faithfully attended our meetings and given us the benefit of their experience and advice.

A table of estimates by department heads and amounts recommended by this committee, also a report of our recommendations on the articles in the Town warrant, appear on the following pages.

Report of Finance Committee on Articles in Town Warrant

Article 1. To elect the following Town Officers by Official Ballot: One Town Clerk for one year, one Moderator for one year, one Assessor for three years, one Assessor for one year, one Selectman for three years, one member of the Board of Public Welfare for three years, one Treasurer for one year, one Tax Collector for one year, one Water Commissioner for three years, two School Committee for three years, two Trustees of Public Library for three years, one Tree Warden for one year, two Constables for one year.

Polls will be open at 9 o'clock in the forenoon of March 5, 1934, and will be closed at 8 o'clock p. m.

Article 2. To choose Town Officers for the ensuing year not elected on the Official Ballot.

Article 3. To hear the reports of all Town Officers and Committees and act thereon.

Article 4. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current year.

Article 4. The Finance Committee recommends such authorization.

Article 5. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriation for the same.

Article 5. The recommendations of the Finance Committee for each department appear in the tables included in their report.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for a gravel base and tar top on South Elm Street beginning at Elm Square and going south a distance of one mile providing the State will appropriate \$4,000.00 and the County \$2,000.00 for the same purpose.

Article 6. The Finance Committee recommends the appropriation of this sum with the understanding that Town labor be used for this work.

Article 7. To see if the Town will vote to build a tarvia top road on East Street from East Centre Street south to Bridgewater line about 1,600 feet, and raise and appropriate money for same.

Article 7. The Finance Committee recommends that the matter be referred to the Selectmen and that no action be taken on construction of this street until proper drainage has been put in.

Article 8. To see if the Town will raise and appropriate the sum of Fifteen Hundred (\$1,500.00) Dollars for the construction of a permanent sidewalk on the north side of West Center Street, beginning at the westerly end of the present permanent sidewalk, and continuing to Beacon Street.

By petition.

Article 8. The Finance Committee does not recommend the construction this year, as it is understood that reconstruction of the road (West Center Street) is being considered.

Article 9. To see if the Town will appropriate \$2,000.00 from the Surplus Water Revenue to purchase 6-inch pipe and fittings, to be used if the Federal C. W. A. will furnish labor.

Article 9. The Finance Committee recommends the appropriation of this sum if the Federal C. W. A. will furnish labor.

Article 10. To see if the Town will appropriate the sum of \$9,875.00 from Surplus Water Revenue for maintenance of Water Department.

Article 10. The Finance Committee recommends the appropriation of \$9,875.00 for this purpose.

Article 11. To see if the Town will appropriate the sum of \$5,248.50 from Surplus Water Revenue to pay Bonds and Interest of the Water Loans.

Article 11. The Finance Committee recommends the appropriation.

Article 12. To see if the Town will appropriate the sum of \$1,000.00 from Surplus Water Revenue for purchase and laying water pipe on Samuel Avenue a distance of 700 feet.

By request.

Article 12. The Finance Committee does not recommend the appropriation of this sum from surplus Water revenue.

Article 13. To see if the Town will vote to appropriate from Surplus Water Revenue the sum of \$100.01 to pay overdraft on 1933 Water Bonds and Interest.

Article 13. The Finance Committee recommends favorable action.

Article 14. To see if the Town will vote to appropriate from the Water Department Surplus Revenue to pay overdraft of 1933 the sum of \$24.50 for Water Department Maintenance.

Article 14. The Finance Committee recommends favorable action.

Article 15. To see if the Town will vote to appropriate from Surplus Water Revenue a sum of money sufficient to lay 1,100 feet of water pipe on Turnpike Street. By request.

Article 15. The Finance Committee does not recommend the appropriation of this sum from surplus Water revenue.

Article 16. To see if the Town will vote to install one street light at junction of Charles and River Streets and raise and appropriate money for same.

Article 16. The Finance Committee recommends that this light be installed and that \$18.00 be appropriated for the same.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$298.75 to pay land damages on Cope-land Street.

Article 17. The Finance Committee recommends the appropriation of this sum.

Article 18. To see if the Town will vote to install one street light on South Elm Street, approximately 225 feet south of River Street and raise and appropriate money for same.

Article 18. The Finance Committee does not recommend the installation of this light at present due to proposed reconstruction of highway.

Article 19. To see if the Town will raise and appropriate the sum of \$300.00 for maintenance of Visiting Nurse Service in West Bridgewater.

Article 19. The Finance Committee recommends favorable action.

Town Clerk's Report

A meeting duly warned of the inhabitants of West Bridgewater qualified to vote in election and affairs was held in the Town Hall, West Bridgewater, Monday, March 5th, 1934, at 9 o'clock in the forenoon and the following is a record of the doings of said meeting:

The meeting was called to order by the Moderator, Howard B. Wilbur, and article 1 of the warrant was read: "To elect the following officers for the Town by official ballot:

One Moderator for one year, one Town Clerk for one year, one Selectman for three years, one Assessor for one year, and one for 3 years, one Treasurer for one year, one member of Board of Public Welfare for three years, one Tax Collector for one year, one member of Board of Water Commissioners for three years, two members Public Library Committee, two members School Committee, two Constables, one Tree Warden for one year.

License question No. 1, Shall License be granted in this Town for the sale therein of all Alcoholic Beverages? Whiskey, Rum, Gin, malt beverages, wines and all other Alcoholic beverages?

Number 2. Shall license be granted in this Town for the sale therein of wines, and malt beverages (wine and beer, ale and all other malt beverages)?

Number 3. Shall license be granted in this Town for the sale therein of alcoholic beverages in Taverns?"

The Election Officers were duly sworn by the Town Clerk, to the faithful performance of their duty, and were

as follows: Albert C. Snow, Daniel Sullivan, Arthur Ryder, John Kent, Grace Keenan, Mary Pratt, Lulu Gardner, Claire Erbeck, Howard Richards, Gladys Lothrop, Bessie Brooks, Ethelyn Leavitt.

The Ballot Box was inspected by the Officer in charge Ervin W. Lothrop, and found to be empty and register set at 0000.

Fifteen hundred ballots were delivered to the Moderator (and his receipt taken for same) by the Town Clerk.

At nine o'clock A. M. the Moderator declared the Polls open.

At eight o'clock P. M. the Moderator declared the Polls closed. The count of ballots having been completed the Moderator made the following report:

That the whole number of ballots cast was Eight Hundred Three (803) and this number agreed with the number registered in the ballot box, and the count of both check lists, and that there was 696 unused and one spoiled ballot in his possession, making the total 1,500 accounted for. Three hundred forty-three women and 460 men voted.

The results of the vote:

After announcing the result of the Election it was voted to adjourn to Monday, March 12th, at 7.30 o'clock P. M., to consider and act upon the balance of Articles on the warrant.

Howard B. Wilbur was duly sworn as Moderator for the year 1934-35 and Herbert E. Bryant was sworn to the faithful performance of duty as Town Clerk for the year 1934-35. Adjourned 10.35 P. M., March 5, 1934.

HERBERT E. BRYANT, Town Clerk.

ADJOURNED TOWN MEETING, MARCH 12, 1934

Complying with vote taken at meeting March 5th the adjourned Town Meeting was called to order by the Moderator, Howard B. Wilbur at 7.30 o'clock P. M. and Town Clerk Herbert E. Bryant acting as the Clerk of Meeting. The regular business of the meeting was taken up for disposal.

Article 2. To choose Town Officers not elected on Ballot.

The following were chosen for the various offices:

Surveyors of Lumber, Wood and Bark—Albert Howard, James A. Hemenway, Robert G. Dean, Chester R. Ripley, Eben Wood, were chosen.

Field Drivers—George Ryder, Francis Luddy, John Fallon, chosen.

Fence Viewers—Charles Kinney, Mason Alger, Albert Howard, chosen.

Public Weighers—Arthur Todd, Chester Ripley, Lyle Farnum, chosen.

Committee on Preserving Town Records and Town Reports—Mr. Arthur Ryder made report for Committee as Secretary of Committee Louis P. Hayden, was not present. Report accepted.

Report of Road Committee, read by Mr. Eben Wood and recommendations made. Report accepted.

Article 3. To hear the Report of all Town Officers and Committees and to act thereon.

It was moved and voted that the reports be accepted.

Article 4. That the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1934, and to issue a note or notes therefor payable within one year. Any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Voted that this article be adopted.

Article 5. Under this article the following sums were voted to be raised and appropriated to defray the expenses for ensuing year:

Article 6. To see if the Town will raise and appropriate the sum of \$2,000.00 for a gravel base and tar top on South Elm Street beginning at Elm Square and going south a distance of one mile, provided the State will appropriate \$4,000.00 and the County \$2,000.00. Voted.

Article 7. To see if the Town will vote to build a tarvia top road on East Street, from East Center Street south to the Bridgewater line about 1,600 feet, and raise and appropriate money for same.

Moved by H. Pomeroy to raise and appropriate \$2,000.00 to black top 4,200 feet on East Street south of East Center Street. Motion carried.

Article 8. On motion this Article was passed.

Article 9. To see if the Town will appropriate \$2,000.00 from the Surplus Water Revenue to purchase 6-inch pipe and fittings, to be used if the Federal C. W. A. will furnish labor cost. On motion carried.

Article 10. To see if the Town will appropriate the sum of \$9,875.00 from Water Revenue for Maintenance of Water Department. Motion carried.

Article 11. To see if the Town will appropriate the sum of \$5,248.50 from Water Revenue to pay bonds and interest of the water loan. On motion carried.

Article 12. To see if the Town will appropriate the sum of \$1,000.00 from Water Revenue for purchase and laying water pipe on Samuel Avenue a distance of 700 feet.

The following substitute offered, Moved that the Town appropriate from the surplus Water Revenue \$700.00 to purchase pipe and fittings to be used on Samuel Avenue if the C. W. A. will furnish labor costs and if the City of Brockton lay pipe to the Town line.

On motion the substitute was carried.

Article 13. To see if the Town will vote to appropriate from the Surplus Water Revenue the sum of \$100.00 to pay overdraft on 1933 Water Bonds and Interest. Motion carried.

Article 14. To see if the Town will vote to appropriate from the Water Department Surplus Revenue to pay overdraft of 1933 the sum of \$24.50 for Water Department Maintenance. Motion carried.

Article 15. To see if the Town will vote to appropriate from the Surplus Water Revenue a sum of money sufficient to lay 1,000 feet of water pipe on Turnpike Street. Moved that \$1,100.00 be raised and appropriated for this purpose provided that the C. W. A. will provide labor costs. Motion carried.

Article 16. To see if the Town will vote to install one street light at junction of Charles and River Streets and raise and appropriate money for the same. Motion carried.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$298.75 to pay land damages on Copeland Street. Motion carried.

Article 18. To see if the Town will install one street light on South Elm Street approximately 225 feet south of River Street and raise and appropriate money for same. On motion this article was passed.

Article 19. To see if the Town will raise and appropriate the sum of Three Hundred (\$300.00) Dollars for maintenance of Visiting Nurse services in West Bridgewater. Motion carried.

Article 20. To see if the Town will raise and appropriate the sum of One Hundred (\$100.00) Dollars for the use of Plymouth County for County Aid to Agriculture, and choose a Town Director as provided in Sections 41 and 45 of revised Chapter 128 of the General Laws and Acts thereon. Motion carried—Mrs. Corelli Alger selected Director.

Article 21. To see if the Town will raise and appropriate the sum of One Thousand Two Hundred Sixty-Two Dollars and Three Cents (\$1,262.03) for maintenance of Plymouth County Hospital under provision of Chapter No. 111, Section No. 85 of the General Laws. Motion carried.

Article 22. To see if the Town will vote to raise and appropriate the sum of Fifty (\$50.00) Dollars for the purpose of preserving the Town Records. Motion carried.

Article 23. To transact any other business that legally may come before the meeting. Motions under this article: That the sum of Four Hundred Seventy Seven Dollars and Forty-Five Cents (\$477.45) be raised and appropriated to defray the cost of printing and distributing the Town Reports of 1933. Motion carried.

Pay Schedules—Moved that a Committee consisting of five members be appointed by the Moderator to investigate the entire situation regarding the pay schedules of the Town. This Committee to report their recommendations at a special Town Meeting to be held before the end of the year 1934. Motion carried.

Tax Titles—Motion, that the sum of Thirty-Four Dollars and Thirty-Four Cents (\$34.34) be raised and appropriated to pay the Treasurer for payment of Tax Titles to Registrar John B. Washburn. Motion carried.

From Surplus Revenue—Moved, that any amount available, not in excess of Five Thousand (\$5,000.00) Dollars be appropriated from surplus revenue, same to be deducted by the Assessors from the tax levy of 1934.

School Heating and Sanitation—Moved, that the sum of Thirty-Five Hundred (\$3,500.00) Dollars be raised and appropriated to install heating and sanitation in Matfield and Cochesett Schools with C. W. A. labor. Motion carried.

Meeting adjourned 10.35 P. M.

HERBERT E. BRYANT, Town Clerk.

APPOINTMENTS BY MODERATOR

Finance Committee

The Moderator appointed George N. Davis to represent the North End section of Town upon the Committee organ-

ized to select members of the Finance Committee as their terms of office expire, this selection made necessary to fill vacancy by the election of one of the members (Henry O. Davenport) as a Selectman.

The Standing Committee as now constituted are as follows:

Eben T. Wood, 145 Spring Street, Chairman
 Lester J. Charnock, 210 South Street
 Daniel A. Penpraese, 111 West Street
 Christopher Read, 355 Matfield Street
 George N. Davis, 384 North Elm Street

The Standing Committee as above met on evening of May 2, 1934, and selected the following to fill vacancies in the Finance Committee:

Ernest M. Evrard, 43 West Street, delegate at large for three years.

Abner Ellis, 188 South Main Street, delegate at large for three years.

William Norris, 398 North Elm Street to represent North End of Town for three years.

The above appointees were duly sworn by the Town Clerk to faithful performance of duty.

APPOINTMENT OF TAX COLLECTOR AND TREASURER, APRIL 29, 1934

On this date Robert G. Dean was duly appointed by Selectmen, to the Offices of Tax Collector and Treasurer for a period of sixty days from April 29, 1934.

Robert G. Dean was duly sworn into offices of Tax Collector and Treasurer on May 1, 1934.

JUNE 25, 1934

At a regular meeting of the Selectmen held on this date, Robert G. Dean was appointed to serve as Tax Collector and Town Treasurer for a period of sixty days from June 28th, and was duly sworn by H. E. Bryant, Town Clerk. At a regular meeting of the Selectmen held on this date, Mrs. Catherine Howard, Town Treasurer and Tax Collector, resigned from these offices and the same was accepted. Sickness of long duration made this resignation necessary it was stated in her written resignation.

SPECIAL ELECTION, JUNE 24, 1934

One Tax Collector and One Treasurer

Meeting duly warned to inhabitants of West Bridgewater qualified to vote at special election in the Town Hall, West Bridgewater, Tuesday, July 24, 1934, polls opened 2.00 P. M., closed at 8.00 P. M.

The meeting was called to order by the Moderator. Call for the meeting read by Town Clerk. Ballot box inspected by election officer and found to be in perfect working order and the register showed 0000. Twelve hundred ballots turned over to Moderator after which the polls were declared active.

The election officers sworn in to performance of their duties were Mrs. Grace Keenan, Mrs. Mary Pratt, Mrs. Philip Erbeck, Mrs. Lulu Gardner, as checkers. The counters were Daniel Sullivan, Arthur Ryder, Albert Snow and George Davis.

At 8.00 P. M. the polls were declared closed.

The ballot for the office of Tax Collector for the balance of elective year showed the following:

Walter C. Dunbar	204
Frank D. Enos	65
William A. Hambly	41
Leon A. Lothrop	59
William W. Noyes	104
Leonard A. Purdy	132
Frederick J. Therrien	128
Robert G. Dean	5
John Hayward	1
Blanks	3

The ballots for the office of Town Treasurer for the balance of the elective year showed the following:

Robert G. Dean	219
Walter C. Dunbar	152
Frank D. Enos	52
William A. Hambly	21
Leon A. Lothrop	41
William W. Noyes	83
Leonard A. Purdy	90
Frederick J. Therrien	105
Blanks	9

Immediately after the polls were closed, the votes on the checker's list corresponded with the register on the ballot box. Total number of ballots cast 772.

After reading results of ballots, the Moderator declared Walter C. Dunbar, Tax Collector for balance of elective year; Robert G. Dean, Town Treasurer for balance of elective year.

HERBERT E. BRYANT, Town Clerk.

SPECIAL SALARY ADJUSTING COMMITTEE

In accordance with the motion, at Town Meeting March 5, 1934, that a committee of five be appointed by the Moderator, the following were appointed July 24, 1934, by said Moderator.

Louis Hayden

Eben T. Wood

Orvis F. Kinney

Lester J. Charnock

George W. Peterson

Mr. Hayden, being the first named, was to call the meeting together.

This committee to report their recommendations at a special Town Meeting before the end of the year 1934.

On August 1, 1934, Mr. Orvis Kinney notified Town Clerk of his declination to serve upon the above named Committee.

Notice was sent to Moderator Howard B. Wilbur, who appointed in Mr. Kinney's place, Mr. Emmond Porter. Mr. Porter was so notified by the Town Clerk and accepted the appointment.

On August 3, the Bond of Tax Collector Walter C. Dunbar having been approved by Tax Commissioner Long, Walter C. Dunbar was duly sworn into office.

On August 7, the Bond of Treasurer elect Robert G. Dean having been approved by Tax Commissioner Long, Robert G. Dean was duly sworn into office as Treasurer.

SPECIAL TOWN MEETING, THURSDAY,
SEPTEMBER 13, 1934

Meeting called to order by Moderator Howard B. Wilbur at 7.30 o'clock P. M. Warrant read by Town Clerk Herbert E. Bryant.

Article 1. To see if the Town will appropriate from surplus revenue the sum of \$450.00 to be added to a like sum from the County and \$900.00 from State; total of \$1,800.00 to finish South Elm Street. It was voted to appropriate \$450.00 for Town share from surplus revenue.

Article 2. To see if the Town will vote to appropriate \$350.00 from surplus revenue to purchase needed materials to conduct work made possible by E. R. A. monthly grants of money for labor. So voted.

Article 3. To see if the Town will vote to appropriate the sum of \$200.00 from surplus reserve for the Accounting Department. On motion this article was carried.

Article 4. To see if the Town will vote to appropriate the sum of \$300.00 from surplus reserve for the Tax Collector's and Treasurer's Departments. On motion it was voted to appropriate this sum.

Meeting was adjourned 7.50 P. M.

HERBERT E. BRYANT, Town Clerk.

STATE PRIMARY

A meeting, duly warned, of the inhabitants of West Bridgewater, qualified to vote in Primaries was held in the Town Hall in said town on Thursday, September 30, 1934, at nine o'clock in the forenoon and the following is a record of the doings of said meeting, viz:

The meeting was called to order by the Town Clerk Herbert E. Bryant, at nine o'clock, who read the call for the meeting. The ballot box was inspected by the Primary Officer and found to be empty, after which the polls were declared open for the purpose named in the Warrant.

The following named persons were chosen as Primary Officers by the Town Clerk: James A. Hemenway, Warden; Gustav A. Peterson, Deputy Warden; Chester Ripley, and Christopher Read as Police. Checkers: Mary H. Pratt, Grace Keenan, Lulu Gardner, Daniel Sullivan, Walter Crowley, Sr., Albert Snow, Grace Keenan, Jr., Ellen Brown, Grace Penpraese, Lillian Sullivan.

The polls were opened for the reception of ballots at nine o'clock A. M. and were declared closed at nine P. M.

The whole number of ballots cast was 926 which agreed with the number registered on the ballot box and also on both sets of check lists. There were 517 male and 409 women who voted, of these 873 were Republican and 53 Democratic.

The ballots were sorted, counted, recorded, as is by law required and the result announced by the Town Clerk to be as follows:

Attest:

HERBERT E. BRYANT, Town Clerk.

STATE ELECTION, NOVEMBER 6, 1934

A meeting duly warned of the inhabitants of the Town of West Bridgewater, qualified to vote for State, County, and District Officers, was held at the Town Hall on the Tuesday next, after the first Monday in November, being the sixth day of said month in the year one thousand, nine hundred and thirty-four, at six o'clock in the forenoon, and the following is a record of the doings of said Town, viz:

The meeting was called to order by the Town Clerk, Herbert E. Bryant, previous to which the ballot box was inspected by the election officers and found to be empty.

The hour of eight o'clock having arrived, the time for closing the polls it was found that on counting out the ballot that 1,250 had been cast, which number agreed with the number registered on the Ballot Box and also with the number of names checked off on the voting lists. There were 682 men and 568 women who voted.

The ballots having been sorted, counted and recorded and the declaration thereof made, as is by law required, were for the following persons, namely:

FOR GOVERNOR

HERBERT E. BRYANT, Town Clerk.

STATE RECOUNTS

After the Election two recounts were demanded by the State. The first one was held on Saturday, November 17, 1934, of the candidates for Governor's Council, Congressman for the 14th District and Representative of the Sixth Plymouth District.

The result of the recount showed no change in count for the first two offices and with two doubtful ballots in minds of those representing the interests of candidates for Representative Frank Currie, but only one was allowed, which reduced candidate for Representative, Orvis F. Kinney's vote from 995 to 994 and increasing the Blanks from 33 to 34.

The second recount was held on Saturday, December 15, 1934, for the candidates for Secretary.

The result showed no changes in the count for any of the candidates except between Joseph Santosuosso and Frederic W. Cook, which increased the former's vote from 242 to 243 and decreased the latter's from 866 to 865.

A True Copy,

Attest:

HERBERT E. BRYANT, Town Clerk.

SPECIAL TOWN MEETING, DECEMBER 3, 1934

Commonwealth of Massachusetts

A meeting duly warned of the inhabitants of West Bridgewater qualified to vote in Elections and Town Affairs was held at the Town Hall in said Town, on Monday, December 3, 1934, at 7.30 P. M., and the following is the record of the doings of said meeting, viz:

The meeting was called to order by Moderator Howard B. Wilbur and Town Clerk Herbert E. Bryant read the call for the meeting.

Article 1. To see if the Town will vote to raise and appropriate the sum of Thirty-Five Dollars (\$35.00) for the use of Office of Town Accountant. So voted.

Article 2. To see if the Town will vote to raise and appropriate the sum of One Hundred Sixty Dollars (\$160.00) for the use of Town Hall Account. So voted.

Article 3. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300.00) for the use of the Health Department. So voted.

Article 4. To see if the Town will vote to raise and appropriate the sum of Fourteen Dollars (\$14.00) for the Removal of Snow. So voted.

Article 5. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for the account of Public Welfare. So voted.

Article 6. To see if the Town will vote to appropriate from the Water Revenue Reserve the sum of One Thousand Three Hundred Thirty-Seven Dollars (\$1,337.00) for the use of the Water Department. So voted.

Article 7. To see if the Town will vote to raise and appropriate the sum of Four Hundred and Eighty Dollars (\$480.00) for the Offices of Treasurer and Collector. So voted.

Article 8. To see if the Town will vote to raise and appropriate the sum of Two Hundred and Eighteen Dollars (\$218.00) for Drainage Pipe on Spring Street provided the E. R. A. will furnish the money for labor. So voted.

Article 9. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300.00) for Materials to be used to benefit by E. R. A. labor. So voted.

Article 10. To see if the Town will vote to raise and appropriate the sum of One Hundred Seventy-One and Fifty Cents (\$171.50) for Land Damages on South Elm St. So voted.

Article 11. To see if the Town will vote to raise and appropriate the sum of Fifty-Five Dollars (\$55.00) for Election and Registration. So voted.

Article 12. To vote Yes or No on the following question: Shall the operation of Section 105B of Chapter 131 of General Laws be suspended in this Town?

Section 105B provides that whoever uses any trap or other device for capture of fur bearing animals, which is not designed to kill such animal at once or to take it unhurt and which is likely to cause continued suffering to an animal caught therein, shall be fined fifty dollars, but traps or other devices for protection of property, set not more than

fifty yards from any building, cultivated plot, or enclosures used for rearing poultry or game birds, to the use of which the presence of vermin may be detrimental, are excluded from the application of this section.

The law also provides for the submission, by the Selectmen to the voters at a Special Town Meeting in the current year, upon petition, of the question as to whether the provisions of Section 105B shall be suspended in any Town.

89—Yes

18—No

1—Blank

There being no more business to come before the meeting it was voted to dissolve the meeting at 8.25 P. M.

A True Record

Attest:

HERBERT E. BRYANT,

Town Clerk.

ABSTRACT FROM CHAPTER 46 OF THE GENERAL
LAWS OF MASSACHUSETTS

Sec. 3. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth giving the street number if any, color, and the family name. They shall within fifteen days after the birth, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a report of the birth, stating the date and place, the name, if any, of the child, its sex and color, and the names, ages and places of birth, occupations and residences of the parents, giving the street number, if there be any, and the number of the ward in the city, the maiden name of the mother, if the full return is not made within forty-eight hours.

The fee of the physician or midwife shall be twenty-five cents for each birth so reported. A physician or midwife who neglects to report each birth within forty-eight hours or fifteen days thereafter, shall for each offence forfeit a sum not exceeding twenty-five dollars.

Sec. 6. Parents, within FORTY DAYS after the birth of a child, and every householder within FORTY DAYS after a birth in his house, SHALL cause notice thereof to be given to the CLERK of the city or town in which such child is born.

The facts required for record, as stated in section 3, shall, so far as known or obtainable, be included in every notice given under the provisions of this section.

Sec. 8. A parent, or other person who, by section 6, is required to give, or cause to be given, notice of a birth

or death, who neglects to do so for TEN DAYS after the time limit therefor, shall forfeit not more than five dollars for each offence.

Sec. 24. The Town Clerk shall furnish blanks for returns of births to parents, householders, physicians and midwives who apply therefor.

Dean, Robert G., 266 Pleasant St.
 Oct. 20th, Traverse Jury, Brockton.

Paine, Joseph A., 79 River St.
 Sept. 10th, Plymouth.

Report of Selectmen

The past year has been filled with many unusual conditions demanding attention of your Selectmen and all other heads of Departments.

Because of funds granted by the Federal Government for work relief, which called for materials such as gravel, drain pipe, cement and many other items including tools in large quantities, that we might benefit by reason of these money grants your Selectmen have encountered a more or less constant demand for their services aside from the regular duties of Town affairs.

In a concise form will be found the various projects, their costs to Town and the labor cost to E. R. A.

During the year in conjunction with State and County we had rebuilt South Elm St. and black topped same. By reason of vote at last Town Meeting East St. from East Center St. to Bridgewater line was regraveled and black topped. Sunset Avenue regraveled and black topped from North Elm St. to a point opposite Sunset Avenue School.

Due to continued illness in the early part of the year Mrs. Catherine Howard was unable to fulfill the duties of Tax Collector and Treasurer. Your Selectmen appointed Mr. Robert G. Dean to fill the vacancy for a period of sixty days at the expiration of which he was re-appointed.

On July 2nd Mrs. Howard resigned from these offices and Mr. Dean was continued by appointment until the

Special Election, July 24, at which time the offices of Tax Collector and Treasurer were separated. Because of the extra volume of duties constantly growing the separation of these offices has proven to be to the best interest of the Town.

The Selectmen petitioned the County Commissioners for a lay out of West St. from West Center Street to Easton line and the same was granted and plans are in the hands of the Selectmen. This will entail an expense of \$24,000.00. The Selectmen recommended making a two year project of this provided the State will furnish 50% of the cost of each year and the County 25% and the Town 25%.

In the cost of our Welfare department it will be noticeable that the amount is much less than in 1933 notwithstanding that a number of bills for various tools and materials have seemed best charged to this department. This fact is accounted for by employment received through Federal Grants.

Respectfully submitted,

JAMES A. HEMENWAY,
GUSTAV A. PETERSON,
HENRY O. DAVENPORT,
Selectmen.

Report of Tree Warden

I have done the usual work of trimming the down hanging branches out of our trees and also cut out a large number of dead branches in all sections of the Town. There are many more dead branches that should be taken out. I have cut down several trees; one very large tree that was dangerous on Ash Street and several on South Elm Street to allow for widening the street. The Maple trees appear to be in a healthy condition, but the Elm trees are not in very good condition. They were attacked by so many kinds of insect pests last summer. First the Canker Worm, then the Gypsy Moth, then the Elm Beetle. I hope they will recover this year. The Dutch Elm disease has not yet been found in this state.

CHRISTOPHER READ,
Tree Warden.

Report of Moth Superintendent

To the Honorable Board of Selectmen:

I herewith submit my annual report for the year 1934.

In regard to the work of suppressing the Gypsy Moth I find the infestation is greater than it has been for several years. We thought the severe cold weather last winter would reduce their number but in scouting for egg clusters we have found them more numerous. We have scouted for egg clusters all over the Town and have creosoted all we have found. We have also sprayed all the trees on the roadside. There are so many kinds of insect pests attacking our trees, especially the Elms I would like to spray them more times, but I could not do that last summer because of insufficient funds.

CHRISTOPHER READ,
Local Superintendent.

Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen:

I herewith submit my annual report for the year 1934.

The following devices have been tested and sealed or condemned during the year:

	Sealed	Adjusted	Condemned
Platform Scales	28	2	2
Counter Scales	7	1	
Beam Scales	6	1	
Spring Scales	20		2
Computing Scales	11	1	
Avoirdupois Weights	98		
Liquid Measures	20		
Gasoline Pumps	16	2	
Gasoline Meters	19	2	
Oil Measuring Pumps	11	1	
	<hr/>	<hr/>	<hr/>
Totals	236	10	4
Fees received and paid to Town Treasurer			\$38.84

The law in regard to weighing and measuring devices states that any person using scales or measures for the purpose of selling or bartering must have them tested and sealed at least once a year. If they fail to do that they are violating the law and are liable to prosecution. If there are any in Town that are using scales that have not been sealed, if they will notify the sealer he will attend to that duty.

CHRISTOPHER READ,
Sealer of Weights and Measures.

LIBRARIAN'S REPORT

A total of 43,416 books were borrowed from the central library and branches, a per capita circulation of approximately 15—about the same as for 1933—an excellent record.

One additional sectional bookcase has been installed and we hope soon to have another much needed one to relieve the shelf-congestion.

A project of great value to all is the typing of the former hand-written cards in the public catalogue. So far the author card in the fiction section have been completed, but much remains to be done of the title, subject, juvenile and non-fiction sections.

In connection with the reading of State Certificate books, approximately one hundred pupils have enjoyed the privilege and thirty Honor Certificates were awarded to pupils of the Sunset Avenue school alone.

The deposits of books in Elmvile and Jerusalem have been much appreciated as statistics show a circulation of 578 at Jerusalem alone and about 300 at Elmvile.

We feel that the work of the different departments has been effectively carried forward and that in several ways a better technique has been developed.

To the members of the library staff, board of trustees and all who have so willingly co-operated in making 1934 a year of progress we extend our grateful appreciation and bespeak the same cordial support for the ensuing year.

CHARLOTTE L. WILLIAMS,
Librarian.

**REPORT OF ADMINISTRATOR OF FEDERAL FINAN-
CIAL AID, UNDER THE CIVIL WORKS ADMIN-
ISTRATION AND THE EMERGENCY RELIEF
ADMINISTRATION FOR THIRTEEN
MONTHS**

Early in December, 1933, the State Administrator arranged through the County Agent to appoint a local C.W.A. Agent, to put men in need of employment to work.

Mr. Robert G. Dean was appointed to that position and held same until the C. W. A. program was changed to E.R.A.

At this time an administrator was appointed for each Town to carry on the work under the State set up. Carrying on outdoor projects during the Winter months presents many difficulties and excludes the performance of many projects that would be considered well-worth while. In selecting the work to be done it was necessary to at all times keep in mind the type of work which the Government would permit. Their position being that we must not spend Federal funds for types of work that the Town regularly appropriated money to do. On several occasions we have been able to have this rule set aside by appealing to the State Administrator for special privilege.

This rule finally has been modified allowing one-third only of each monthly grant to be spent upon public property projects. Because of this restriction there has been much criticism of the projects selected, by those not informed in the working of the E.R.A. The matter of employment of the individual as laid down by the rules, also has been greatly misunderstood by the public, and has been the cause

of a volume of charges of unfairness, and favoritism. The rules however have been adhered to, as close as it seemed they were intended to be, with reason predominating. During the entire period of the past year, the monthly grants of monies have not at any time permitted placing more than two-thirds of the number of applicants to work in any one month. If rules permitted those not fortunate enough to be selected in one month, might be selected the following month, it would greatly assist in some degree to eliminate the dissatisfaction, but here again the rules must be complied with upon the selection of workers each month.

Each application for employment is classified by an inspector from the Federal headquarters, and each case must be dealt with by the administrator according to this classification. Each month the Inspector checks upon this work. Pay rolls must show family needs by this classification. The following is the order of selection by rules, which the administration must be accountable for. Veterans first, those on Welfare Rolls, able to work second. Those with largest responsibilities (large families) and no member in the family employed next, then those with less family responsibilities and so on down to the single person without responsibilities. With few exceptions this latter individual has not been reached in the selections.

In no case where one member of the family is employed with sufficient remuneration to match the allowable weekly budget amount, as set up by the E.R.A. is it permissible to give E.R.A. employment to another member of the family. Extraordinary times like the present demand decisive rules and strict adherence to them. This compliance has not always been pleasing, to the Administrator or to the man, who, badly in need of employment, did not, because of limited allotted E.R.A. funds, or rules succeed in getting on the Federal pay rolls. Under present conditions many hardships are bound to be experienced, and your Adminis-

trator would gladly alleviate all of these were it within his power to do so. In addition to the money allotments given by the Federal Government, tons of food stuffs have been received and distributed. The knitting project abandoned early in 1934 and replaced later with a sewing project which continues, has, and is, at present under supervision, providing those in need, garments and bedding for their comfort.

The system by which the Government in financing these work projects that families may not be forced upon the Welfare Departments of Cities and Towns, has as many argumentative sides as there are political and economic differences, but a review of expenditures from Federal grants for wages in this Town, aside from the food stuffs, clothing, etc. brings up the question with tremendous seriousness, i.e. How would this community forced to it, have cared for those who have through dire necessity received work and wages, food supplies and clothing?

The figures following are complete as far as it was possible to secure them due to many of the records of early transactions being ordered turned over to the regional office at Brockton. However the C.W.A. and E.R.A. grants are correct while there may be some discrepancy in the material costs.

The sum of Seven Hundred and Fifty Dollars was appropriated by Town Meetings for material for E.R.A. projects for above purposes, the balance expended for same purposes was charged to the several Town departments.

In the amounts given below for County and State projects the money transaction was not handled through this office. The amounts for labor however, was directly paid to labor secured from West Bridgewater. Months worked marked with *. The situation remains serious with new applications for employment daily being added to a list already beyond the possibility of employment.

There is a prospect that the State will come to our assistance with a Parkway system from Easton line through West Meadow to Bridgewater line. If successful in securing the remaining land required the State official in charge promises to put approximately 100 men to work for an estimated period of six months.

In closing to correct a mistaken idea of administration expense, regarding salaries. No one, except one clerk, receives any remuneration from E.R.A. grants.

Respectfully submitted,

JAMES A. HEMENWAY,
Administrator.

Report of Fire Department

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my annual report of the West Bridgewater Fire Department for the year ending December 31, 1934.

VALUE LOSSES AND INSURANCE PAID

Assessors' estimated value of property where fires have occurred including buildings and contents	\$21,425.00
Insurance carried on same	31,500.00
Insurance paid	264.00

CALL FORCE

The call force consists of ten men, one chief, one assistant chief, two captains and five fire wardens.

APPARATUS

The apparatus consists of one 500 gallon triple combination, one Federal combination, twenty years old; and one Reo combination.

ALARM AND WIRE DEPARTMENT

Siren whistle and bells tested daily except Sunday.

FIRES

Frame buildings	22
Grass and woodland	42
Dump	3
Chimney	16
Automobiles	4
Out of town calls	2

In performing this service the apparatus has travelled 262 miles, laid 5050 feet of 2½ inch hose, 650 feet of 1½ inch hose, 3,550 feet of one inch hose, 200 feet of ¾ inch hose. Raised 695 feet of ladders, used 350 gallons of chemicals and 103 pump cans.

In closing I wish to thank the Selectmen and all others who have in any way helped the Department.

To the officers and members of the Department, I extend my hearty thanks for there hearty co-operation.

Respectfully submitted,

WARREN P. LAUGHTON,
Chief of Fire Department.

Report of Chief of Police

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report of the West Bridgewater Police Department for the year ending December 31, 1934.

Appropriation	\$2,300.00
Unexpended balance	\$325.55
Stolen property recovered	\$1,580.00
Complaints and investigations	401
Number of arrests and summons	201
Number of telephone calls for Police, Fire and Water	5,358

CAUSES FOR ARRESTS AND SUMMONS

Automobile violations	99
Driving to endanger	15
Driving under influence	13
Manslaughter	2

Superior court capious	1
Misappropriation of automobile	3
Installing plumbing without license	1

MISCELLANEOUS

Automobile transfer papers	150
Automobile accidents	52
Fatal automobile accidents	3
Accidents where person taken to doctors	17
Accidents where persons taken to hospital	13
Persons found dead	2
Attempted suicide	2
Persons on probation to chief, order of probation officer	6
Dogs shot	3
Horses shot	2
Lanterns found out on construction work	4
Wires down in street reported	7
Trees down in street removed or reported	3
Street lights out and reported	19
Stolen automobiles recovered	3
Defects in highways reported	2

The police car has traveled 1,408 miles in the performance of its duty.

I wish to thank the school children for their co-operation in lessening the danger of accidents from playing, bi-

cycle riding and roller skating on the streets and sidewalks.

I want to thank the school teachers for there hearty co-operation in this work.

In closing I wish to thank the Selectmen and all others who have in any way helped the department. To the officers and men I extend my hearty thanks for their co-operation.

Respectfully submitted,

WARREN P. LAUGHTON,
Chief of Police.

Report of Water Department.

To the Honorable Board of Selectmen:

Gentlemen:

We herewith submit the annual report of the West Bridgewater Water Department for the year ending December 31, 1934.

During the year the department has installed:

13 new services

8 new meters

7 services renewed

30 services cleaned from main to cellar

14 leaks in services

10 leaks in mains

6 leaks repaired in hydrants

62 Meters repaired and tested and cleaned

7 leaks in gates repaired

9 gate boxes installed

17 Curb boxes installed

2 hydrants removed and installed

STOCK USED

Repairing Leaks, New Services and Mains

450 feet 2-inch gav. pipe, 684 feet 1-inch gav. pipe, 100 feet $\frac{3}{4}$ -inch gav. pipe, 40 feet $\frac{1}{2}$ -inch gav. pipe, 88 gav. fittings, 18 dresser sleeves, 1 pressure reducer, 18 feet 4-inch pipe, 100 pounds pig lead, 1 4-inch sleeve.

Lead and Brass Stock Used

300 feet $\frac{3}{4}$ -inch copper pipe for services, 32 brass fittings, 22 curb cocks, 18 curb cocks, 24 1-inch by $\frac{3}{4}$ -inch stop and wastes, 6 $\frac{3}{4}$ -inch stop and wastes, 10 1-inch lead goose necks.

Gates Used

Two 2-inch gates, 2 2-inch gates, 1 1-inch gate.

Raising Gate Boxes, Service Boxes and Hydrants for

Street Construction

South Elm Street—4 gate boxes raised.

South Elm Street—5 service boxes raised.

East Street—4 gate boxes raised.

East Street—2 service boxes raised.

East Street—1 hydrant replaced.

Frozen Mains, Services, Meters, and Stock Used

3 frozen mains	59 meter gaskets
22 frozen services	26 meter bolts
53 frozen meters	12 meter pistons
51 meter bottoms	5 sets of meter gears
51 meter linings	

Fittings and 4 Inch and 6 Inch Water Pipe Laid In 1934

East Street

2300 feet 6-inch pipe	1 6x4 reducer
4 6-inch gates	1 4-inch plug
4 6-inch 45 ells	3 gate boxes
1 6x4 tee	100 pounds pig lead

4-Inch Pipe and Fittings Progressive Ave.

1400 feet 4-inch pipe	1 4-inch sleeve
1 4-inch gate	1 gate box
1 4-inch tee	50 pounds pig lead
1 4x2 reducer	1 4-inch hydrant moved

4-inch and 6-inch Pipe and Fittings Turnpike Street

24 feet 6-inch pipe	1 4x2-inch reducer
1100 feet 4-inch pipe	1 4-inch gate box
45 feet 2-inch pipe	2 1½ Corp cocks
1 6-inch gate	1 1½ gate
2 4-inch gates	2 1½ ells
1 6x4 inch reducer	18 feet 1½ pipe
2 4x3-inch meter flanges	1 7 feet by 5 feet
1 3-inch Crown meter	cement meter box
1 4-inch tee	1 24-inch man hole cover
1 4-inch sleeve	250 pounds pig lead
1 4-inch hydrant	8 bags cement

The above has all been done without any expense to the Town or any reduction in the surplus revenue and besides can show a reasonable profit.

Respectfully submitted,

HERVEY DUNHAM,
WARREN P. LAUGHTON,
Water Commissioners.

Superintendent of Streets' Report

In the early part of the year the usual Highway duties were attended to in addition to the various graveling and drainage projects under E. R. A. This consisted mainly of Manley, Crescent and Walnut Streets which were not completed owing to weather conditions and lack of funds. Spring Street, Copeland and Howard Streets and short portion on South St. were seal coated. West Center St. sidewalk from Central Square to Elm Square, Main St. sidewalk to Howard St. sealcoated.

During the early Spring a period of approximately three weeks was needed to patch the various black top roads. This particular part of the highway maintenance will require considerable attention each year to keep our roads in good condition.

At this period, July 10, Mr. O. P. Pearson was appointed Superintendent of Streets due to the resignation of Mr. Daniel Penpraese.

In assuming the duties, and to carry out the vote of the Annual Town Meeting, East St. and rebuilding S. Main St. were started. East St. from E. Center St. to Bridgewater line was regaveled and black topped the entire distance, proper drainage with culverts and catch basins were installed where needed. So. Elm St. in conjunction with County and State was rebuilt from Elm Sq. to junction of Lincoln St. a distance of something over a mile. Following his Sunset Ave. was put into shape and black topped from North Elm St. to Schonl House.

For the balance of the year many projects under E. R. A. Labor were promoted, the Department finished Crescent, Walnut and Manley Streets, installed 1360 ft. 12 inch drain pipe on Spring St. from a point near Crescent St. to location opposite property of Eben Wood with the open ditch and pipe drain, with two catch basins and necessary fittings for a distance of approximately 1500 feet.

Center School and Matfield School yards were filled and graded.

An inspection of the bridge known as Skim Milk Bridge shows the same to be in bad condition and not safe for traffic, Oil tank trucks and such heavy trucking should be prohibited from use of this road until such times as bridge is put into a safe condition. In addition I wish to report that the rail fence bordering the bridge on Arch St. is in a dangerous condition and should, in great part be renewed, or some other type of fence installed. I wish to further report that conditions of sidewalks on West Center St. from Elm Sq. to Cochesett; North Elm St. from Sinnott St. to Brockton line; from Brooks Place or North Elm St. should be seal coated this year to save them from breaking up.

Respectfully submitted,

O. P. PEARSON,
Supt. of Streets.

Report of Committee on Salaries

To the Board of Selectmen, West Bridgewater, Mass.:

In accordance with the vote of the Town the Committee appointed by the Moderator to consider and recommend salaries and wages of officials and other employees of the Town herewith makes its report.

In making this report, the Committee realizes the additional duties that some of the officials have been obliged to assume owing to government projects and present day economical conditions, but the Committee has not taken into consideration this extra labor, feeling that such work should be contributed without charge in the interest of the people and the community.

The Committee places its findings upon the basis of a fair remuneration for labors performed under normal conditions. It has endeavored to be thorough in its investigation, and as a result of its consultation with the more important divisions of the Town Government makes the following recommendations:

1. That the members of the Board of Selectmen shall be paid at the rate of \$5.00 per day or \$3.00 per one-half day for time actually spent in connection with duties required by their office.
2. That members of the Board of Public Welfare be paid at the rate of sixty cents per hour while performing such duties as the office may require.

3. That the Town Collector receive a salary of \$1,000.00 per annum.

4. That the Town Treasurer receive a salary of \$400.00 per annum.

5. That the Town Accountant receive a salary of \$650.00 per annum.

6. That the Town Clerk receive a salary of \$540.00 per annum.

7. That the Head of the Fire Department be paid at the rate of \$1.00 for the first hour and at the rate of fifty-five cents for each additional hour. That all other members receive \$1.00 for the first hour and fifty cents for each additional hour. That the rate recommended for the first hour of service be allowed only for actual performance of duty at a fire.

8. That Labor be paid at the rate of fifty cents per hour except that the Heads of Departments, unless otherwise specified shall receive remuneration at the rate of fifty-two and one-half cents per hour.

9. That the members of the Board of Health, Assessors, Water Board, Police and all other Departments not otherwise mentioned be paid at the present rate of remuneration.

In the opinion of the Committee, the amounts recommended are sufficient for the efficient and faithful performance of the duties required by the members of the different departments; and whenever clerical hire is necessary it should at all times be kept at a minimum of expense.

Respectfully submitted,

GEORGE WILLARD PETERSON,
EMMONS G. PORTER,
EBEN T. WOOD,
LESTER J. CHARNOCK,
LOUIS P. HAYDEN,

State Auditor's Report

January 30, 1935.

To the Board of Selectmen,

Mr. James A. Hemenway, Chairman,
West Bridgewater, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of West Bridgewater for the fiscal year ending December 31, 1934, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

TNW/MFC

Mr. Theodore N. Waddell,

Director of Accounts,

Department of Corporations and Taxation,
State House, Boston.

Sir:

As directed by you, I have made an audit of the general accounts of the town of West Bridgewater for the year

ending December 31, 1934, and of the tax collector's accounts for the period from August 3, 1934, the date of the previous audit, to the end of the fiscal year 1934, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined and checked.

The books and accounts of the town accountant were examined and compared with the treasurer's books and with the records in the several departments collecting money for the town.

The appropriations and transfers as recorded on the accountant's ledger were checked with the town clerk's records of town meetings and with the records of the finance committee.

The ledger accounts were analyzed, a trial balance was taken off, proving the accounts to be in balance, and a balance sheet, showing the financial condition of the town as of December 31, 1934, was prepared and is appended to this report.

The books and accounts of the treasurer's department were examined and checked. The recorded receipts were compared with the records in the several departments collecting money for the town and with other sources from which money was paid into the treasury, while the payments were checked with the selectmen's warrants authorizing the treasurer to disburse town funds. The cash balance on January 14, 1935, was verified by a count of the cash in the office and a reconciliation of the bank accounts with statements furnished by the banks of deposit.

The records of town debt, revenue loans, and interest were examined and listed, and the payments were verified by a comparison with the amounts falling due.

The securities and savings bank books, representing

the investments of the trust funds in the custody of the treasurer, were examined and listed, the income being proved and the transfers to the town verified.

The records of tax titles taken by the town were examined and checked with the actual deeds on hand and with the tax commitments.

The books and accounts of the tax collector were examined and checked. The accounts outstanding at the time of the previous examination were audited, and all subsequent commitments of poll, property and motor vehicle excise taxes, and of water rates and services were proved and compared with the warrants of the assessors and the water commissioners. The payments to the treasurer were compared with the treasurer's cash book, the abatements were checked to the assessors' and water commissioners' records of abatements granted, and the outstanding accounts were listed and proved to the accountant's ledger.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The town clerk's records of dog licenses issued on behalf of the county and for sporting and trapping licenses, the proceeds of which are paid to the State, were examined, the payments to the town and to the Division of Fisheries and Game being checked and the cash on hand being verified.

The records of other licenses and permits granted were examined, and the payments to the treasurer were verified.

The accounts of the sealer of weights and measures were examined. The recorded receipts were checked with the records of the weights and measures sealed and adjusted and the payments to the treasurer were verified.

In addition to the departments mentioned, the avail-

able records of all other departments receiving money for the town were checked and the payments to the treasurer were verified.

The surety bonds of the treasurer, tax collector, deputy collector, and water collector were examined and found to be in proper form. The surety bond of the town clerk could not be located during the progress of the audit, but it was noted that a premium had been paid for such a bond for the current year.

Considerable improvement in the manner in which the several departmental records and accounts have been kept was noted.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and collector's cash, summaries of the tax, tax title, and water accounts, as well as tables showing the trust fund transactions.

For the co-operation extended and the assistance rendered by the several town officials during the audit, I wish on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

HBD/MFC

The balance sheet and tables referred to above are a repetition of those contained in the Town Accountant's report.

Dr. Ellis LeLacheur

SCHOOL ATTENDANCE OFFICER

Ervin W. Lothrop

Report of School Committee

To the Citizens of West Bridgewater:

We herewith present the annual report of the school administration for the year just closed. The following table shows the cost of our schools for the year 1934 together with the proposed budget for 1935:

SCHOOL EXPENDITURES AND ESTIMATES

Administration	\$4,165.00	\$4,050.00
Salaries	29,391.83	30,500.00
Books and Supplies	2,855.44	1,800.00
Janitors	2,211.38	2,200.00
Fuel	1,861.82	1,800.00
Repairs	1,936.48	700.00
Transportation	4,003.79	3,800.00
Tuition	1,936.31	1,500.00
Nurse	808.36	800.00
Miscellaneous	103.79	75.00
	<hr/>	<hr/>
	\$49,274.20	\$47,225.00

It was only by the exercise of the strictest economy that your committee was able to stay within the 1934 budget. It is, therefore, with reluctance that we have submitted a still lower budget for the current year, feeling as we do, that it is of the utmost importance that the present high standards of our schools be consistently maintained. We recognize, however, that the request of the Finance

Committee for a 5% reduction in all departments of the town's activities, is a vital one under existing conditions, and we have accordingly revised our original estimate to conform with their request.

Against the total expenditures, above listed for 1934, it should be borne in mind that the state refund on account of schools together with the City of Boston tuition for city wards amounted in the same period to \$8,283.89, or nearly 17% of the total expenditures for the year. With this refund the net cost of running the schools amounted to \$10.21 per \$1,000 of valuation for 1934. The local cost per pupil is less than the state cost or the cost of Group III (108 towns of less than 5,000 population and which maintain a high school) as shown by the following tabulation:

AVERAGE COST PER PUPIL

West Bridgewater	\$87.20	\$57.71
Group III Average	110.18	63.51
State Average	98.84	71.02

Your committee is alive to its responsibilities in handling so large a part of the town expenditures. We believe, however, in view of the standing of our school system, and the excellent work of our superintendent and the teaching force, that the town is receiving full value of every dollar expended for public education.

During the past year, with federal assistance, the school grounds were graded at the Center, Matfield and Sunset Avenue Schools; and all buildings except the Center group were painted. Heating and sanitary facilities were installed at Cochesett and Matfield Schools. The first intense cold snap put the Cochesett School sanitariums out of commission, but action has been taken to remedy this situation.

In accordance with statute requirements, a fire alarm system has been installed at Cochesett, Sunset Avenue and

Center Schools, and at the latter upper grammar building a swinging window for exit to the fire escape. Heavy iron handrails have been placed on the outside steps at Sunset Avenue and Center Schools.

Careful study has been given the subject of pupil transportation during the past year, and bus routes so organized that the maximum service can be rendered the town as a whole. Occasional expressions of individual dissatisfaction have been received, but your Committee does not feel that it can at this time add any extra burden of cost to this item of school administration, by shortening the distance limits now in effect and thereby increasing at once the operating costs of this department.

Due to the increasingly large entering classes at the Sunset Avenue School last fall, it has been found necessary to institute part-time classes for the first four grades, under a so-called stagger system of attendance, whereby two groups attend the morning and two the afternoon, and both sets of groups alternate once a month in morning and afternoon attendance. As explained in the report of the Superintendent this part-time system is operating without educational loss up to the present, in the lower grades, but its extension to include upper grades would definitely impair the efficiency of these grades. If the present rate of increase persists, it seems probable that serious consideration will have to be given in the near future to the problem of adequate school accommodations in this district.

In September, your Committee sustained a severe loss in the resignation of its chairman, Harold S. Lyon, who has given many years of valuable service to the cause of education in this community, a service that has been keenly appreciated by the Committee, teachers and citizens of West Bridgewater for many years.

HARVEY A. SCRANTON,
Chairman.

Report of Superintendent of Schools

To the School Committee:

The educational work of the past year has been quietly progressive in every department of the school system. The restoration of a part of the salary reduction of the preceding year has given the teaching force a stimulating evidence of the appreciation, by the School Board, of their work and an understanding of the economic conditions under which they are doing this work. There has been no diminution of interest or efforts on the part of our teachers at any time in the troublous days of unrest and uncertainty that have unsettled industry and exerted a disturbing influence wherever they existed. For this strong sense of responsibility and duty our teachers merit the appreciative thought of the community and are themselves mindful of the sympathetic attitude of the School Board.

ATTENDANCE

The membership figures for the current year as compiled January 1, 1935, show a falling off in the total amount, of twenty-three pupils from last year's record, or 655 against 678. Most of the loss has been sustained by the Howard High and Center Schools as the accompanying table reveals:

Comparative Membership Table

School	1931	1932	1933	1934	1935
Howard High	139	142	138	141	132
Center	225	209	219	223	209
Sunset Avenue	140	152	150	167	172
Matfield	57	65	68	66	62
Cochesett	68	52	66	57	57
Jerusalem	24	24	26	24	23
	<hr/> 653	<hr/> 644	<hr/> 667	<hr/> 678	<hr/> 655

This loss is represented in part by the re-absorption into industrial occupations of those pupils who in a measure were marking their time in school until they could find useful employment elsewhere. An examination of the membership figures of the Sunset Avenue School will show the consistent gain that has been made over a five year period, amounting to thirty-two additional pupils, approximately enough for another class room. With a large entering class of twenty-four in September, making a total of 105 pupils in two rooms originally designed to accommodate eighty-five, it was deemed expedient to institute the part time system of attendance in the first four grades. Under this system, one grade attends the morning session, the other a session of equal length in the afternoon, alternating sessions every month. Because of the smaller numbers in these classes, the teaching results have been very satisfactory, and the classes kept up to grade because individual help is available for slower moving pupils. One reason for the enlarged enrollment seems to be the increased number of new families taking up residence in this school district.

SANITARY CONDITIONS

Last year attention was drawn to the unsanitary conditions prevailing at the Center, Jerusalem, Cochesett and

Matfield Schools. Since then, there has been installed as a federal project, a first-class heat and lavatory system in both the Cochesett and Matfield Schools part of the cost of which was paid out of the regular school appropriation for repairs. For the first time since these buildings were erected it has been possible to obtain adequate and uniform heating and ventilation. The lavatories at the Cochesett School got out of order in the first severe cold spell of the winter, but it is expected that it will not be a very difficult matter to put the system in to good working condition in a very short time. Temporary arrangements pending these repairs have been made.

The problems of the Jerusalem and Center Schools still remain however. At the former, some system of inside non-freezing lavatories will have to be devised as there are no night fires to keep the building temperature above the freezing point. At the Center School, the largest grammar group in the town, we have both outside toilets and inside ones that function only in part due to their original faulty construction. Our attention must next be focused here if we are to give the pupils of this larger group the protection and convenience afforded in other buildings of the system. Action on this problem is already underway.

EDUCATIONAL TRENDS

The chief emphasis in elementary and secondary education has been for many years, "education for efficiency, and training for service," both excellent objectives. The gospel of work for work's sake as a disciplinary, regulatory agency in every active life has been inherited from the early builders of the nation, who found health, progress and security by "the toil of their hands and the sweat of their brows".

In three centuries of time this spirit of work has

fashioned a mighty nation, which leads the world in many forms of industry.

Business, commerce, and industry, have all made great strides. In fifty years science has made swifter progress than in all the previous history of man. But invention has surpassed them all in the multiplicity, variety and effectiveness of labor-reducing machinery produced in the last quarter of a century.

One hundred years ago the Director of the United States Patent Office made the statement: "Everything has been invented that possibly can be, and I am going to get out of this office before it is closed for lack of patronage, and while I am still young!" Today thousands of patents are applied for each year, most of which have to do with labor-saving devices, and enough are granted and put into effect to throw out of balance still more the ratio of working hours per day and per week.

The problem created by reduced working hours, is the problem of a profitable and wholesome use of the greatly increased time for leisure that a machine age has developed for us. Social workers tell us that the so-called crime waves that appear to recur periodically are set in motion by youthful law-breakers who after leaving school had no regular occupation to work at and no regular interests for their idle time.

It would seem imperative then, for future educational effort to include the development of a training for leisure as well as a training for service, since the leisure part of life in the future is going to present more difficult problems to solve than the working hours. But training for leisure does not mean training for idleness. Well spent leisure means pleasurable occupation, and constant mental growth, and protection from the dangers of sheer idleness.

Education must now supplement its chief objective of training for efficiency by the incorporation into its pro-

gram of a definite plan of study of the best ways that can be developed to occupy the spare time wisely and profitably. It must supply a basis of choice of activities by examination and analysis of pupils' interests and hobbies, and point out the many fields of activity that can be explored with profit and enthusiasm. There are myriads of problems in nature study, arts and crafts, and invention that remain to be attacked, and many of these will be solved by amateurs, as they have been in the past. The best kind of education comes from an inward stimulus expressing itself in enthusiastic creative activity.

The late President Eliot of Harvard, with his usual forcefulness put the matter thus: "Finally, education for efficiency should supply every pupil with the motive power of some enthusiasm or devotion. Enthusiasm can make ordinary talent extraordinarily effective, while a life without a prevailing enthusiasm can never attain its highest possible level." Idle hours are danger hours. Education's task is to train pupils in aptitudes and skills for service, and to help them develop creative interests and occupations outside their working hours, that will be of life long value and service to them.

The annual reports of the various supervisors are presented in the following pages, and merit careful reading, as they set forth the conditions, problems, and aims of each department very clearly.

In conclusion I wish to again express my appreciation to the School Board for its unfailing support and helpful guidance in every phase of my work in the administration of our schools.

Respectfully submitted,

ERNEST W. ROBINSON,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Mr. Ernest W. Robinson,
Superintendent of Schools,
West Bridgewater, Mass.

Dear Sir:

I have the honor to submit my annual report as Principal of Howard High School.

Anyone who attempts a survey of the small Massachusetts high schools at the present time cannot fail to be impressed by the need of a change in the subject offerings of those schools. College preparation as the major objective of the small high school has been long recognized as being impracticable. In a tentative report on curriculum revision recently released by our State Department of Education, the fact is revealed that less than 15% of the graduates of our small high schools enter college. In our own institution during the last ten years this percentage is actually 16%. Yet, as in other small secondary schools, more than 55% of our classes are being taught with college preparatory materials with the full realization that less than 16% of the students will benefit by entering some college. The remaining 84% pass directly into our intricate social and business world which is being rapidly and radically changed by new methods of conducting industry, the shortened hours of labor, new standards of living and of moral conduct, and new national and international problems of vital importance. There is no denying the fact that this latter group would be better prepared to face life if a practicable way could be found to substitute pertinent material for the strictly college preparatory work. Even now in our own school it is difficult to justify the teaching of four years of mathematics, four years of Latin, three years of French, one full year of Ancient History, and strictly college pre-

paratory readings in English. Unless I am much mistaken, the time for such changes is not very far in the future.

The solution of this problem of meeting the individual needs of a larger number of our boys and girls seems to suggest, among other things, the segregation of pupils into special groups to be taught by experienced teachers equipped by re-vitalized materials of instruction, the elimination of some of the traditional subjects, and the possible addition of such courses as household science, shop work, agriculture, economics, world history, American social problems, and general mathematics. In recognition of the costs which would accompany this suggested revision, I make no definite recommendation at this time of financial stress.

In this connection I wish to direct attention to the policy of the school in exercising the strictest economy consistent with good teaching in the use of textbooks, supplies, and other teaching aids. The effectiveness of this policy is manifested in the comparison of the cost of \$1,244.58 for textbooks and supplies in 1930 with the cost of \$643.04 for the same items in 1934.

As a result of the generous offer of Miss Theodora Hardenbrook, a graduate of this school and of Bouve'-Boston School of Physical Education, the girls of the school are enjoying the benefits of a real course in physical education. The three classes, each of which meet one period a week, receive instruction in health habits, and are given active participation in Danish gymnastics, folk dancing, and games. The addition of this course in health supplies a long felt need, and it is hoped a way will be found to continue the work indefinitely.

The 16 mm. motion picture projector presented to the school last June by the classes of 1933 and 1934 has opened a new, effective, and interesting field of instruction to supplement many phases of our present work. In this field of

visual education there are many films which may be obtained at little or no cost. A list of these has been carefully compiled so as to make them readily available for class instruction. In as much as most students learn more quickly by seeing than by hearing, and new life is given the subject matter, we expect this type of visual instruction to make a noticeable contribution to our work.

Our school magazine, "The Climber," has always been a source of much pride to the school. Due to a 33% increase in the cost of printing and an every increasing difficulty of securing advertisements, we were faced with the problem either of discontinuing its publication, or radically altering its policies in the matters of size, covers, paper quality, and of local printing. As a result of a meeting of The Climber Staff and its advisors, a new "Climber" appeared in December. This edition has proved so popular, not only in material but in arrangement and cost, that we have planned issues for March and June.

I wish to thank you, The School Committee, The Trustees of the Howard Funds, the teachers, and other friends of the school for the loyal and untiring support given me.

NILS G. LINDELL,
Principal.

REPORT OF MUSIC SUPERVISOR

Mr. Ernest W. Robinson,
Superintendent of Schools,
West Bridgewater, Mass.

Dear Sir:

I herewith submit my annual report as music supervisor in the town of West Bridgewater. Throughout the year class routine work has been carried on regularly.

At the Sunset Avenue School, the double session plan works out better than the crowded conditions of the past two or three years, but the classes still are not up to grade and progress is slow. According to the present schedule arrangement each group is supervised but once in four weeks while other classes in town are visited once in two weeks and in some cases once every week.

In one or two of the schools there has been an unavoidable slowing up of the work due to changes in the teaching staff and the making of necessary adjustments.

The sixth grade at the Center School made some very attractive booklets as a music project. In many of the schools a music bulletin board has been encouraged and pupils bring in pictures and clippings from papers and magazines. A wealth of such material for supplementary work can be found in the periodicals and in the daily radio broadcasts. Children are thus unconsciously acquiring information outside the class room instruction.

The seventh and eighth grades have followed the Friday morning classes in music appreciation conducted by Walter Damrosch. This is an exceptional opportunity for the present younger generation not only to gain in musical knowledge but to receive this knowledge from one who is so generally recognized as an authority.

All the classes have enjoyed and responded to the listening lessons presented by the supervisor. These half hours have been occupied by listening to music stories, and to brief biographical sketches of celebrated composers, and to comments on the selections played. The older children have contributed by relating some outside observations on radio concerts or newspaper articles.

The Matfield Parent-Teacher Association has been most generous to their school. The piano, victrola, and rhythm band instruments were gifts from this association and now a radio has been presented.

The work in music appreciation has been especially stressed in the high school. A music memory contest was begun in September and will close with the school year. A blackboard would be a very great asset in the presentation of these lessons. It would be of help to the class to see the names of the selections and the composers; to have certain musical problems illustrated, to test the eye for the recognition of well known pieces from staff notation.

Music is vital to the spirit. The study of music must be arranged to attract, hold and educate boys and girls regardless of whether or not they can sing, and should furnish opportunity, material and instruction that will enable them to become, not professional musicians, but music lovers and appreciative listeners knowing the world's music just as they know its history, prose, poetry and art. Music is for life's sake.

I thank you and the teachers for the helpful co-operation given me this past year.

Yours respectfully,

LOIS J. SNOW,
Music Supervisor.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools:

A physical check up at the high school revealed there were twelve pupils who were advised not to take part in athletic games because of heart conditions. Three had enlarged thyroid glands, and five were given notices of defective tonsils and adenoids.

Jerusalem School pupils had an epidemic of continued colds which resulted in seven positive cases of scarlet fever. Numerous visits were made in an effort to check new cases from coming to school.

An epidemic of measles occurred at the Center School.

Matfield School pupils had an epidemic of infected eyes. Microscopic examinations of the discharge proved that this infection was caused by a pneumococci bacteria. There was a total of twenty-five cases.

Cochesett School had seven cases of whooping cough early in the spring.

Eye and ear tests showed there was one child with defective hearing and two with defective vision not corrected.

Owing to the fact that there has been no Dental Clinic work done for two years because Dr. Slade was unable to devote any time to this work, the Dental Committee, including Dr. Slade with the School Committee's approval joined the Travelling Clinic suggested by the State Department, Division of Dental Hygiene. Dr. John W. Whitehead was assigned to West Bridgewater. Each pupil was examined and parents notified of defects found. A charge of 60c per operation was made and cash brought at the time of treatment.

A total of fourteen days was spent at the Center School. Fifty-one had work completed, sixteen unfinished, 243 operations, ten had their own dentist do the work, 122 had no dental care. Matfield School pupils were examined and a total of thirty-one operations were done, twelve were treated. We expect Dr. Whitehead to begin work at Sunset Avenue School when time permits as he has twenty-six towns under his care. Dental work should be started early in childhood and parents would find there would not be so much to do after the age of twelve years.

The Chadwick Clinic was followed up, eight children had X-rays and physical examinations. Reports show that all have improved. Five children had examinations and X-rays at Plymouth County Hospital and four showed typical cases of hilum tuberculosis.

In my effort to gain knowledge which may be applied

to local conditions I attended a course of lectures at the Beth Israel Hospital. Subjects included Mal-nutrition in children, Heart Diseases, Surgical Tuberculosis, Diabetics and Diseases of the Eye.

In closing I wish to express my appreciation to all those who aided me in my work.

Respectfully submitted,

LILLIAN M. HEWITT,
School Nurse.

COMMENCEMENT EXERCISES

HOWARD HIGH SCHOOL

Class of 1934

Howard Hall, June twentieth at eight o'clock.

Motto—Set Sail! Push Forward! Explore!

PROGRAM

1. March—"Pomp and Chivalry" Charles J. Roberts
Howard High School Orchestra
2. Prayer Rev. Maurice Jacques
3. Music—"Columbus" E. S. Hosmer
Howard High School Chorus
4. Address—"Making Life a Masterpiece"
Rev. John Nicol Mark
5. Presentation of Class Gift
Bertram Porter
President of Class of 1934
6. Acceptance for School
Henry Woodward
President of Class of 1935
7. Scholarship and Honor Awards
Parent-Teacher Scholarship
Washington and Franklin Medal
Principal Nils G. Lindell
8. Music—"Beauty Spot"—Reverie Charles Arthur
Howard High School Orchestra
9. Presentation of Diplomas
Ernest W. Robinson
Superintendent of Schools
10. Benediction Rev. Maurice Jacques

CLASS ODE

Tonight we sing our farewell song
As we all leave this happy throng;
Four years we've worked so hard and true
With teachers' aid the whole way through.
We'll ne'er forget the days gone by
And mem'ries fond of Howard High.
Our friends who gather here this eve
Watch us as we with sorrow leave.

Goodbye, dear Howard High, goodbye—
We go from thee with inward sigh.
We must push forward and explore—
To learn, to live, to love life more.
Our class shall never hope to see
So kind and good a friend as thee.
To Howard High we say adieu—
To classmates, friends and teachers, too.

Chorus

O Howard High, dear Howard High
We soon must say our last goodbye;
To you, our school, our praises ring;
To you our farewell song we sing.

Ina M. Mosher.

SCHOOL CALENDAR

1934—1935

First term—16 weeks, opens September 5, closes December 21, 1934.

Second term—8 weeks, opens January 2, closes February 21, 1935.

Third term—8 weeks, opens March 4, closes April 26, 1935.

Fourth term—7 weeks, opens May 6, closes June 21, 1935.

1935—1936

First term—16 weeks, opens September 4, closes December 20, 1935.

Second term—8 weeks, opens December 30, closes February 21, 1936.

Third term—8 weeks, opens March 2, closes April 24, 1936.

Fourth term—7 weeks, opens May 4, closes June 19, 1936.

HOLIDAYS

Columbus Day, October 12, 1935.

Armistice Day, November 11, 1935.

New Year's Day, January 1, 1936.

Washington's Birthday, February 22, 1936.

Patriot's Day, April 19, 1936.

Memorial Day, May 30, 1936.

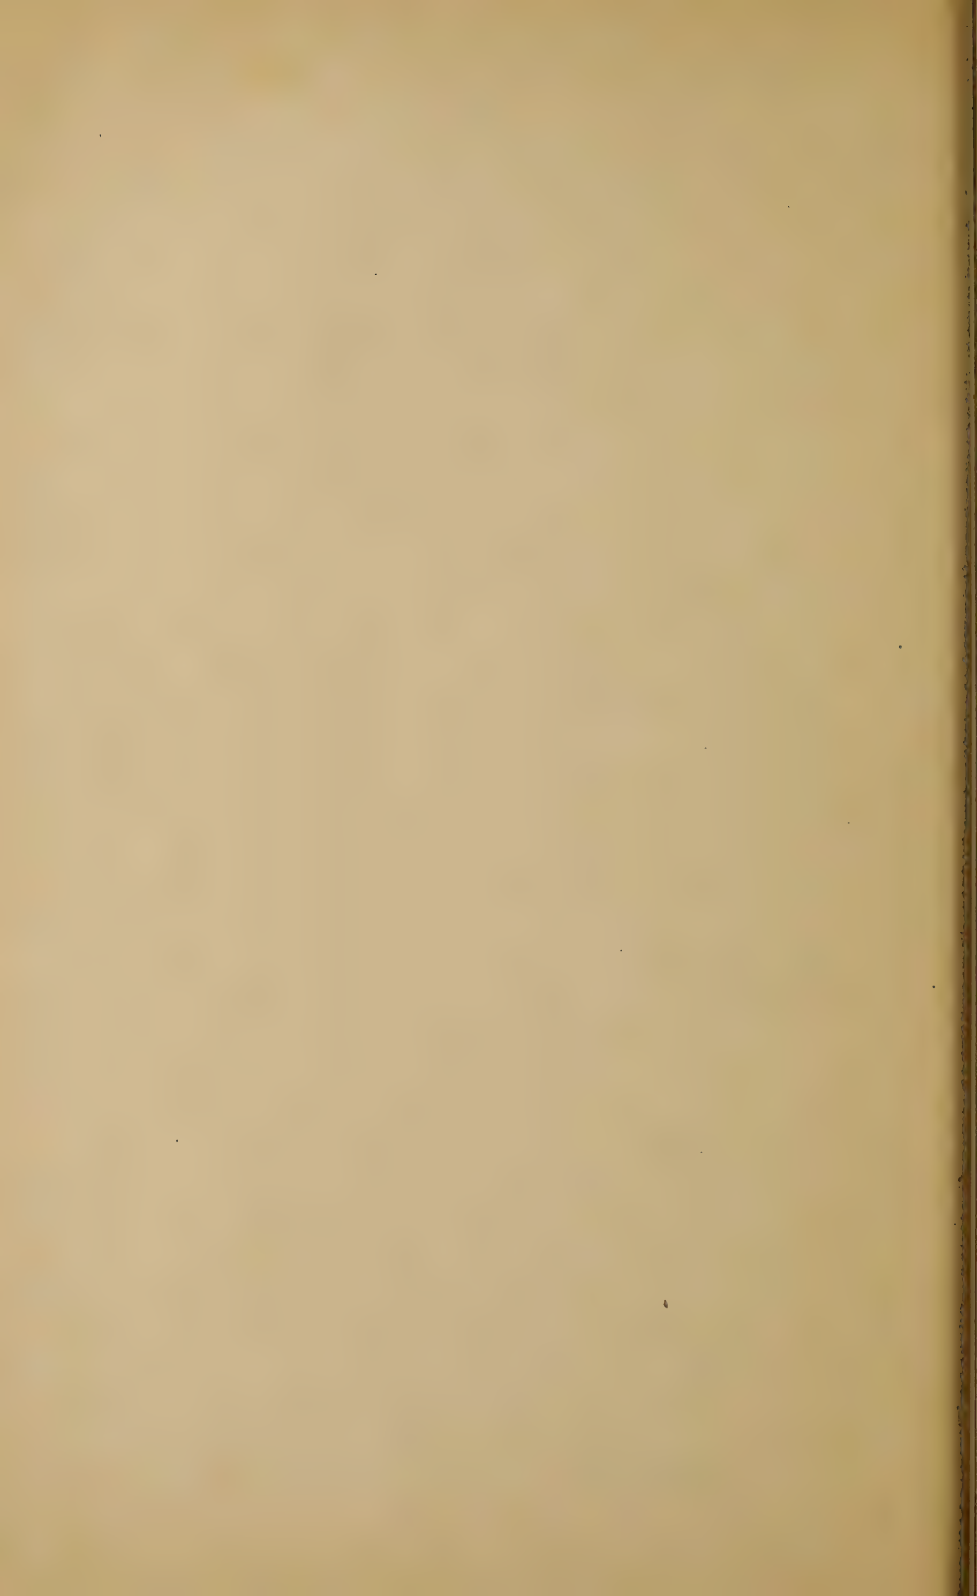

VACATIONS

Thanksgiving recess begins November 27 at noon, closes December 2, 1935.

Christmas recess begins December 20, at noon, closes December 30, 1935.

February recess begins February 21, closes March 2, 1936.

Spring recess begins April 24, closes May 4, 1936.

Finance Committee Report

During the past year, the Committee has followed out its original plan mentioned in our last report, of holding monthly meetings throughout the year. One or more department heads usually meet with the Committee, discussing their department's work, and at each meeting a monthly report of expenditures and receipts of the town is furnished by the Accountant's department. This procedure enables the Committee members to become familiar with the financial standing of the town throughout the year.

We believe that a tax rate of \$30.00 per thousand is as high as our citizens can afford to pay under the present conditions, and it has been our purpose in recommending the budget of the year 1935, to keep the recommended appropriations within a total figure that would assure a rate of not over \$30.00.

With the aid of the Assessors we have attempted to estimate as accurately as possible the anticipated income of the Town and the probable levies by State and County on the Town. According to the information obtained at this time, we believe the net result of these figures will be slightly more favorable to the Town than a year ago. Last year, however, the Town was able to appropriate from Surplus Revenue a sum which was of considerable help in reducing the assessment. But owing to the change in date of assessment this year to January 1st, and the establishment

of the tax rate several months earlier than in previous years, it is doubtful if the town can benefit from such an appropriation this year. This means that the gain in the estimated income and expense mentioned above may be offset by the loss of the Surplus Revenue appropriation usually made. Therefore it appears that the total appropriations of 1935 as compared with those of 1934 will vary the tax rate proportionately.

The total appropriations for 1934 were \$121,852.34. Of this amount, \$2,733.50 was appropriated at a special meeting held December 3rd, and will be applied on the 1935 tax levy. Of the balance of \$119,118.84, the sum of \$6,300 was voted from Surplus Revenue, leaving \$112,818.84 as the assessment which established the tax rate.

Our recommendations for departmental expenses in 1935 are \$108,432.66, and for articles in the warrant \$6,850.00, a total of \$115,282.66. Adding to this the appropriations of the Dec. 3, 1934, meeting gives a total figure of \$118,016.16. We estimate a possible gain over last year of approximately \$4,700.00 in the anticipated income and State and County levies. This amount deducted from the previous total, leaves \$113,316.16 as a possible assessment. This is approximately the same amount as assessed last year. Any appropriation made in addition to those recommended by the Committee will increase the tax rate accordingly.

The C. W. A. and E. R. A. projects have been of considerable assistance to the Town in meeting the unemployment problem and reducing the expense of our Public Welfare Department. Many of the projects, however, have demanded an expenditure by the Town for materials, a considerable amount of which during the past year has been charged to our regular town departments.

Whereas in some surrounding towns the cost of administration of E. R. A. has been taken directly

from funds provided by E. R. A., in our Town all administrative costs until very recently have been taken from regular departmental funds. The administration of the E. R. A. projects has involved a considerable amount of extra office work and resultant clerk hire. At present one clerk is paid by the E. R. A., other administrative expenses are charged to Town Departmental appropriations.

We urge, however, that E. R. A. and like expenditures be kept separate this year and have recommended in the budget figures a definite sum of E. R. A. materials and administration. We believe the citizens should know how much these Government projects demand from the Town.

Due to changes in some of the Officers during the past year, we have felt it advisable to approve the expenditure of additional amounts for clerk hire to bring the work of the departments up to date. For the new year, however, we believe that where an Officer is paid a yearly salary, the salary should cover any clerk hire of that department.

A casual inspection of the appropriations for some of our departments might lead to the belief that some of our Town Officers are getting more pay than they actually receive. These amounts in many instances cover all expenses of the department; salary is only one item involved. We suggest that in the preparation of the 1935 Town Report consideration be given to setting up Town Officers' Salaries as a separate schedule and that other expenses of the several departments be set up separately.

For the year 1935 the following salaries are included in the department recommendations:

Town Accountant	\$650.00
Treasurer	500.00
Collector of Taxes and Water Rates	1,200.00
Town Clerk	540.00

With the exception of the Treasurer's and Collector's salaries, we approved of the recommendations of the

Special Committee appointed at the last Annual Meeting to bring in a schedule of pay adjustments. In these two cases we felt that the responsibility added to the actual time demanded by these offices justified our recommendations.

In recommending the sum of \$10,000.00 for Highways, Sidewalks, Street Signs and Bridges, we feel that this amount should take care of all expenses under these headings, with the exception of the West Street construction, for which we recommend the appropriation of \$3,000.00 by the Town, provided the State and County will appropriate the \$9,000.00 for this purpose as specified in Article 6 of the Town Warrant. We understand all hand labor on West Street will be done by our own townspeople, and this job alone will afford a large amount of labor during the coming year. In addition to the Town appropriations, a considerable amount of graveling is being done under E. R. A.

In our recommendation for the Police Department, we have allowed for the purchase of a new Ford sedan. In the Moth Suppression department recommendation, the purchase of a new truck is provided for.

With the approval of the Water Commissioners, we are recommending the appropriation of \$1,240.00 for Hydrant Rental for this year.

We recommend the \$2,000.00 appropriation called for in Article 10 of the warrant, as we agree with the School Committee that the sanitary conditions in the Center Schools are unsatisfactory and should be remedied as quickly as possible. We suggest that the plans for this work should be approved and carried out under the direction of the School Committee.

We endorse the action of the Water Commissioners in their plan to replace 2-inch pipe with larger size. As we have stated in previous reports, we feel that some replacement should be made every year so that our citizens may

receive the full benefit of adequate water supply and fire protection.

Article 9 of the warrant calls for the purchase of land now owned by the Easton Land Company bordering Town River, and the corresponding water rights. We recommend such purchase for the following reasons:

1. We believe that a health menace would be removed by clearing up this site which is now being used in some sections as a dump.

2. That by such purchase it would be possible to transform a present "eyesore" in the centre of the town into an attractive park.

3. The labor cost of clearing and laying out this spot could be taken care of by an E. R. A. project.

4. The reason for recommending the appropriation of \$1,000.00 from the War Memorial Fund is that up to the present time there has been no use made of this fund, and we can think of no better or lasting memorial to the World War Veterans than such a park located so near the centre of the Town would be.

5. We believe that the water level of the river should be in the control of the town rather than outside parties who have no vital interest in making the town a more healthy and attractive place to live.

6. We feel that control of the water rights should be placed under the supervision of the Selectmen.

In closing, we would like to call the attention of the citizens to the improved financial position our town occupies. Through the judicious handling of the town finances by the Treasurer and effective work of the collector, our town ended the year 1934 with NO outstanding temporary loan.

While the total of outstanding real estate and personal property taxes plus the tax titles held by the town is approximately the same as the outstanding taxes a year ago, we believe the rights of the town have been protected by the action that has been taken in placing the lien which a tax title gives.

The total of outstanding Motor Vehicles Excise Taxes has been materially reduced since last year, but we feel that every effort should be made to bring these taxes to the point where nothing is outstanding beyond the current year.

We thank all Town Officers who have helped us during the past year, especially the Selectmen whose attendance at our meetings and advice have been of assistance.

A table of estimates by department heads and amounts recommended by this Committee, also a report of our recommendations on the articles in the Town Warrant, appear on the following pages.

ARTHUR E. RYDER, Chairman,
 ALFRED T. WELLS, Secretary,
 ABNER ELLIS,
 ERNEST M. EVRARD,
 RALPH S. FRELICK,
 WILLIAM E. NORRIS,
 JOHN M. RICHARDS,

Finance Committee.

Report of Finance Committee on Articles in Town Warrant

Article 1. To elect the following Town Officers by Official Ballot; One Town Clerk for one year, one Moderator for one year, one Assessor for three years, one Selectman for three years, one member of the Board of Public Welfare for three years, one Treasurer for one year, one Tax Collector for one year, one Water Commissioner for three years, two School Committee for three years, two Trustees of Public Library for three years, one Tree Warden for one year, two Constables for one year.

To vote Yes or No on the following questions: (1) Shall licenses be granted in this Town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)? (2) Shall licenses be granted in this Town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)? (3) Shall licenses be granted in this Town for the sale therein of alcoholic beverages in taverns?

Polls will be open at 9 o'clock in the forenoon of March 4, 1935, and will be closed at 8 o'clock p. m.

Article 2. To choose Town Officers for the ensuing year not elected on the Official Ballot.

Article 3. To hear the reports of all Town Officers and Committees and act thereon.

Article 4. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1935, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. The Finance Committee recommends such authorization.

Article 5. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriation for the same.

Article 5. The recommendations of the Finance Committee for each department appear in the tables included in their report.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$3,000.00, provided the State will contribute \$6,000.00 and the County \$3,000.00, to rebuild West Street as laid out by the County Commissioners.

Article 6. The Finance Committee recommends the appropriation of this sum with the understanding that Town labor be used for this work.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$400.00 for any possible land damage on West Street.

Article 7. The Finance Committee recommends this appropriation.

Article 8. To see if the Town will vote to restore the wage reduction made in 1932.

Article 8. The Finance Committee refers the voters to the recommendation contained in their report.

Article 9. To see if the Town will vote to purchase the property owned by the Eastern Land Co. (Ames Estate) as follows:

Section 1. Consisting of $4\frac{1}{4}$ acres, more or less, as upon plans, bordering the Town River west of Arch Street, and east of Arch Street, as defined upon said plan, at a price not to exceed \$2,000.00 (two thousand dollars); and that the sum of \$1,000.00 (one thousand dollars) be appropriated from the War Memorial Fund, and a sum not to exceed \$1,000.00 (one thousand dollars) be appropriated from the revenue of the current year, for the purchase of this property as above defined.

Section 2. To see if the Town will vote to place under supervision of the Selectmen the control of the water in the River (known as Town River) above the Dam, so as to serve the best interests of those concerned during certain periods of the year.

Article 9. The Finance Committee recommends the purchase of this land and water rights connected with it, and the appropriation of the sum required from the two sources named in the Article. The Committee recommends favorable action on Section 2.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to install proper sanitary condition in the Center schools, provided the labor will be paid by the E. R. A., or 50% of the entire cost be paid by the P. W. A.

Article 10. The Finance Committee recommends the appropriation of this sum if Federal aid is available on either basis outlined in Article.

Article 11. To see if the Town will appropriate the sum of \$1,000.00 from Surplus Water Revenue for purchase and laying water pipe on Samuel Avenue a distance of 700 feet.

By request.

Article 11. The Finance Committee does not recommend the appropriation of this sum, as they believe this work impossible until Brockton lays connecting pipe.

Article 12. To see what amount the Town will vote to raise and appropriate for the Plymouth County Trustees for County Aid to Agriculture (Plymouth County Extension Service) and choose a Town Director as provided in Sections 41 and 42 of Revised Chapter 128 of the General Laws and act thereon.

Article 12. The Finance Committee recommends the appropriation of \$100.00 for this purpose.

Article 13. To see if the Town will raise and appropriate the sum of \$1,359.39 for maintenance of Plymouth County Hospital, under provisions of Chapter 111, Section 85 of the General Laws.

Article 13. The Finance Committee recommends favorable action.

Article 14. To see if the Town will raise and appropriate the sum of \$300.00 for maintenance of Visiting Nurse Service in West Bridgewater.

Article 14. The Finance Committee recommends favorable action.

Article 15. To see if the Town will vote to install two lights on Sinnott Street.

Article 15. The Finance Committee does not recommend the installation of these lights this year.

Article 16. To see if the Town will vote to build a sidewalk on Matfield Street from Cyr Street to No. Main Street or any part thereof, and appropriate money for same.

Article 16. The Finance Committee does not recommend the building of this sidewalk this year.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$50.00 for the purpose of preserving Town Records.

Article 17. The Finance Committee recommends the appropriation of \$50.00 for this purpose.

Article 18. To see if the Town will vote to raise and appropriate from Water Revenue the sum of \$10,000.00 for Water Dept. Maintenance.

Article 18. The Finance Committee recommends favorable action.

Article 19. To see if the Town will vote to raise and appropriate from Water Revenue the sum of \$5,182.27 to pay bonds and interest.

Article 19. The Finance Committee recommends favorable action.

Article 20. To see if the Town will vote to raise and appropriate from the Water Surplus Revenue the sum of \$5,000.00, if the P. W. A. will contribute a like sum, to replace 2-inch water mains with a 6-inch main on Copeland St.

Article 20. The Finance Committee recommends favorable action, provided the P. W. A. will contribute an equal amount.

Article 21. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 from the Water Surplus Revenue in the event that P. W. A. do not grant the larger sum stated in Article 20 above.

Article 21. The Finance Committee recommends favorable action, with the understanding that the expenditure will be for replacement of 2 inch water mains with larger pipe, the location of the new pipe to be left with the Water Commissioners.

Article 22. To see if the Town will vote to authorize the Selectmen to install a Town Forest on land now owned by the Town.

Article 22. The Finance Committee refers this matter to the voters at the Annual Meeting.

Article 23. To see if the Town will vote to make the term of office of the Tax Collector three years, instead of one year as at present.

Article 23. The Finance Committee refers this matter to the voters at the Annual Meeting.

Article 24. To transact any other business that may come before the meeting.

Report of Finance Committee

TABLE OF COMPARISON

Annual Appropriations and Expenditures for 1933 and 1934, Together with Amounts Estimated by Department Heads and Recommended by Committee for 1935
